NO FEE REDUCTION

-SAYS KANTHI

Bangalore, Aug. 30

Education Minister Kanthi stated here yesterday that there was no question of reducing the college tuition fees.

The Government, he said, was considering the question of increasing the fee concessions at the university level.

He also informed that the private affiliated colleges had represented that any reduction in tuition fees would mean a heavier burden on them. But they had not opposed for increasing fee concessions.

EXTENDING FREE EDUCATION

The Minister also announced that the State Government was considering the financial implications of extending the free secondary education scheme to people coming within the Rs. 3,600 annual income group with a view to benefit large number of students.

XI STANDARD DROPPED

The starting of the eleventh standard under the higher secondary education scheme, to commence from next year, had been postponed on administrative and academic considerations, he said.

VARSITY RESULTS

Mysore. Aug. 30

The results of M. A., M. Sc., and M. Ed. degree examinations held in July-August, have been announced on Aug. 29.

DRUGS CONTROL MEASURES

The Union Health Minister, Dr Sushila Nayyar announced yesterday measures like the appointment of drug inspectors by the Health Ministry, the division of the country into zones and a condition that the Central and State drug inspectors should jointly recommend issue or renewal of license to manufacture drugs. to tone up drug control administration in the country.

MINOR IRRIGATION TARGET

The Central and State Agriculture Ministers, meeting at Delhi yesterday, felt although the Second Plan minor irrigation target of nine million acres had been exceeded, the tempo would have to be stepped up immediately to attain the Third Plan target of 12.8 million acres.

FOOD POISONING

About 230 persons have been admitted to the hospital in Ernakulam for suspected food poisoning.

A child died on the way to hospital and a teen-aged girl is in a serious condition.

All of them had tasted food served at a feast and experienced varying symptoms of diarrhoe and vomitting.

C. D. N.'S RESIGNATION

STUDENTS' STRIKE

Mysore, Aug. 30

More than 1,000 students of the Maharaja's College abstained from attending the classes today also, the second day of their strike, to express their concern over the resignation of Sri C D Narasimiah from the principalship of the college.

At a meeting held, they expressed dissatisfaction over the reply given by the Vice-Chancellor to the student deputationist which met him yesterday They decided to meet the Chief Minister and Education Minister at Bangalore to press their demands for the continuance of Sri C D.N. as principal.

The students in their memorandum submitted to the Vice-Chancellor yesterday demanded that the resignation of their "beloved Principal" should not be accepted If it was already accepted it should be withdrawn.

The memorandum also urged the Vice-Chancellor to set right the "disorderly conditions" prevailing in the University. The student community felt, it stated, that if the Vice-Chancellor was unable to set right things, he should resign so that a more efficient man could occupy the position.

Prof C D. Narasimiah handed over charge yesterday to Prof Kiser Ali Khan and bid farewell to his students. Many actually shed tears.

The resignation of C. D N. which has been accepted by the Vice-Chancellor pending the approval of the Syndicate, it is learnt, was the culmination of long standing grievances of Sri Narasimiah about the way the University administration was being carried out, and which came in the way of the maintenance of the high academic standard in the college.

INDIRECT TAXES INEVITABLE

FOR IMPLEMENTATION OF THIRD PLAN

Planning Minister Nanda replying to the debate on the progress of the Third Plan in the Rajya Sabha, reaffirmed his confidence that the Third Plan would be successfully implemented and said "the stage of a self-reliant economy is in sight".

Admitting the mistakes made in the past in planning, he gave the assurance that in implementing the Third Plan, they would not commit the mistakes they had committed in the past because of inadequate experience especially in planning for larger projects in advance. In fact, preparatory work for the fourth Plan had already started and a broad picture of the same might be available in a few months, he said.

The Planning Minister rejected the plea against indirect taxation and pointed out its inevitability in a country where only a million persons or so paid income-tax. In levying indirect taxes, the Government was keen that the poorer sections were not unduly hit.

Admitting that the evasion of payment of taxes was "on a large scale" in the country, Sri Nanda observed the need to turn attention against tax-dodgers.

He also expressed Government's determination to keep the price line in check and not allow prices to rise further. Prices had risen during the last 10 years and there was the question of degree of toleration.

Pak Raiders Will Be Shot

— NEHRU

Prime Minister Nehru declared in the Lok Sabha yesterday that in view of the increasing border incidents near Tripura, the border posts were being strengthened.

Answering questions expressing concern over the mounting incidents in recent months, the Prime Minister said that the armed raids would be met with every resistance including the shooting down of the raiders. He referred to the rising tempo of Pakistani raids as "very distressing and painful".

PAK VIOLATION OF AIR SPACE

Defence Minister Krishna Menon told the Lok Sabha yesterday that a Pakistani aircraft violated air space twice on the morning of Aug. 27 by flying low over two towns in Tripura.

Considering that the aircraft flew at a low height and circled a number of times over these two places, the violation could not be unintentional, Sri Menon said.

The Indian Government was awaiting thereply from the Pakistan Government to the protest note lodged by the Tripura administration against these violations, before considering further action, he added.

Ramanagaram Flooded

HOUSES WASHED AWAY; DAMAGE TO CROPS

Mysore, Sept. 1

The flood waters of the river Arkavati washed away part of 500-ft. old bridge in Ramanagaram yesterday and caused damage to about 100 houses.

While there was no loss of life, sugarcane and paddy fields and mulberry gardens along the banks of river suffered heavy damage A toll gate, a tent cinema a shoe maker's shop, a hotel and a few small shops were washed away.

An 18-year-old boy who tried to save the pumpset in a garden could not return in time and climbed a coconut palm till he was rescued after four hours' wait.

Dharmalingam, 50-year-old attendant of the Municipal Pump House, which is completely surrounded by water, was rescued after a long wait.

A woman who delivered a baby just before the floods came, was carried to safety.

Train services between Bangalore and Mysore were delayed due to the precautionary measure.

Railway track about half-a mile in length between Hirehalli and Niduvanda on the Bangalore-Arsikere section was washed away due to heavy rains, causing dislocation in traffic for over 30 hours.

MYSORE-MADRAS POWER LINE

Bangalore, Sept. 1

Sri S. Nijalingappa, Chief Minister stated yesterday that the State Government had requested Madras to supply 50,000 kwts of power.

He was inaugurating the concreting of the first stub for the 220 k.v. Mysore-Madras inter-State transmission line on the Bangalore-Magadi road.

The inter-State transmission line, which is being laid as part of the power grid scheme, will cover 107 miles in all, the Mysore portion of the line being 32 miles between Peenya near Bangalore and Hosur in Madras State. The total estimated cost of the project is Rs. 140 lakhs. The work would be completed by the end of April 1963.

NOTICE

The SAMACHAR Office will be closed on Monday on account of "Ganesh festival". Hence there will be no Paper dated 3 9 62.

A patrolman on duty at Hirehalli noticed the swirling waters over the rail track, reported the danger immediately and threeby averted a major accident to the Poona Mail which was due to pass then.

The Poona-Bangalore Mail and the Meeraj Express bound for Bangalore were diverted via Mysore and also the Bangalore-Poona Express

The damaged rail track was set right in the evening

Maharaja's College Affairs

FACT-FINDING BODY MEETS

Mysore, Sept 4

The committee constituted by the University Syndicate under the chairmanship of Sri H. Siddaveerappa, to go into the question of the working of the Maharaja's College Mysore, met on Sunday.

The committee heard the evidence tendered by nearly a hundred persons including members of the staff of the Maharaja's College and several research fellows and students.

Most of them are understood to have pointed out that there was nothing wrong with the working of the Maharaja's College but with the Vice-Chancellor and the University administration. They are reported to have demanded that an enquiry be held into the conduct of the Vice-Chancellor and the working of the University administration.

Prof. C D. Narasimhaiah, who was the first to appear before the committee, is stated to have pointed out that the Syndicate as body could not receive complaints and if there were any real complaints against the working of the College, such complaints should have been referred to him by the Vice-Chancellor or the Registrar and an explanation called for by him. Such being the established procedure, he failed to understand how a committee came to be constituted to enquire into the working of the Maharaja's College only.

C. D. N.'s RESIGNATION

The Syndicate has not accepted the resignation of Prof. C. D. Narasimiah to the Principalship of the Maharaja's College, stated one of the members of the Syndicate, here on Sunday.

It is learnt that Prof Narasimiah in his letter to the Vice-Chancellor has pointed out that as a result of the non-co-operative attitude of the Head of the Department of Economics, Maharaja's College, the students of economics had to go without classes for a whole month.

To have a equi-distribution of seats in all departments, the Principal had suggested that only one section should be opened in Economics and had called for a time-table' for which the Head of the Economicis Department did not agree and sent time-table for two sections. When the Principal reported the non-co-operative attitude of the Economics Professor to the University, the upshot was the appointment of a fact-finding committee, it is learnt.

Besides, Prof C. D. N. had pointed out that with coming in of the pre-university in arts to the college without accommodation, students had to wander without classes and he was placed in a very compromising position with the students and teachers.

Under the circumstances, he said the only alternative open to him was to request the University to relieve him of the duties as Principal and permit him to continue as Professor of English.

WORST-EVER EARTHQUAKE IN IRAN

More than 10 000 people were feared killed as they slept on Saturday night by the worst-ever earth-quake which rocked Iran.

More than 3,000 people were killed in one village alone.

The main disaster area covered nearly 8,000 square miles.

Army units are digging out victims from scores of towns and villages in a triangular area about 100 miles west of Teheran.

MAKING MILK POWDER IN VILLAGES

A simple and inexpensive process for producing milk powder from milk which can be adopted in villages has been devised.

The process consists in boiling skim milk in a 'Karahi' with constant stirring to prevent the milk from burning. The heating is properly controlled when the milk becomes semi solid and is stopped as soon as a a pat begins to form. The pat is removed and broken by hand on perforated trays. The trays are then kept in a drying cabinet After drying, the powder is ground and sieved to give a fine, insoluble type of powder

NATIONAL CLEANLINESS DAY

The National Cleanliness Day will this year, as last year, be observed on October 2, Mahatma Gandhi's Birthday.

The Union Health Ministry has suggested that mass sanitation campaigns be undertaken at the State, block and village levels, in markets and bazars, office buildings, canteens and lavatories. Improvement in the drainage by constructing new drains, filling up of pits etc: may also be taken up.

CORRESPONDENCE COURSES

The Report of the Expert Committee on Correspondence Courses, has recommended a cautious approach and emphasised the need to proceed slowly so as to ensure high educational standards since this will be the first experiment of its kind in the country.

For the maintenance of academic standards, it is essential that Correspondence Courses should be part of a wider academic framework that is provided by Universities. For the present, the Committee recommends that Correspondence Courses should be confined to a first University Degree.

INDIA INVITES CHINA FOR TALKS

NO ACCEPTANCE OF PEKING CLAIM

India has suggested to the Chinese that an essential preliminary to the holding of further talks for a solution of the Sino-Indian border dispute was the definition of measures to be taken for the restoration of status quo of the boundary in the Ladakh region.

The Government of India has called for the removal of current tensions in this area so as to create an appropriate climate for purposeful discussions.

India has further informed that she would be glad to receive a representative of the Government of China to discuss these essential preliminary measures.

The Government of India have made it clear that there could be no prejudging or acceptance of the Chinese clain before discussions.

India's note sent on Aug. 22 was in reply to the Chinese Note of Aug. 4 suggesting talks between the two countries.

Steps To Meet Communal Parties' Threat

The Union Home Minister Shastri stated yesterday that the Government was considering what should be done about communal organisations which were detrimental to the health of the country.

The role of sectional or communal parties and the question of ban on Dravida Munnetra Kazhagam for its secessionist propaganda were raised by some members at the Congress Party's standing committee on Home Affairs.

About the DMK, the Home Minister is understood to have observed that Government was considering how the propaganda in favour of secession should be tackled. They had to think carefully as any hasty step might perhaps only strengthen this movement. Any decision taken in this regard might even entail an amendment of the Constitution.

The House will resume the debate on the question of changing the name of the State.

CHEAP SCOOTERS

The Lok Sabha was informed by Minister Subramaniam that the prices of scooters could not be cut without larger production and to achieve this attempts were being made to bring together small production units

He said that with small-scale production it was impossible to reduce the costs. There were too many units producing smaller numbers. Attempts were being made to bring them together so that production was increased.

The Minister said that there were too many concerns manufacturing 3,000 to 4,000 scooters and that was uneconomical.

STEPS TO COMBAT FLOODS

The Union Irrigation Minister Hafiz Mohammed Ibrahim assured the Lok Sabha yesterday that the Central Government would continue to do all that was possible to tackle the country's flood problem.

He said master plans for various States were at present being prepared.

CONCENTRATION OF WEALTH IN FEW PERSONS

-OFFICIAL PROBE

There was an increase in the concentration of economic power in the corporate sector between the years 1951 and 1958, according to a probe made by the official committee into the distribution of wealth and inequalities.

The committee on national income has said in its report that "powerful business groups are in a position to influence economic activities within corporate sector as a whole".

The report cites the fact that considerable interlocking in the form of common directors exists between selected banks and industrial undertakings. Such interlocking has a powerful impact on the economic situation.

It says that the expansion of the public sector is one of the measures of controlling concentration in the private sector.

The report warns that unless the Government took steps in the formation of taxation or some other instrument of policy, the prospects are of greater inequality in the distribution of wealth among the general population.

ENOUGH FOOD STOCKS

The Union Food Minister Patil assured the Rajya Sabha yesterday that the Government had enough stocks of foodgrains to be rushed to any part of the country in times of need. There is, therefore, no reason why there should be rise in prices, he added.

Opposition To ECM Link

The Commonwealth Prime Ministers' Conference which begins today at London is facing a last minute shock by the Commonwealth Labour leaders' strong attack on Britain joining the European Common Market.

Prime Minister Nehru who arrived in London on Saturday stated that Britain's entry into the European Economic Community would have a weakening effect on the Commonwealth, particularly, if it develops into some kind of politica union

Emphasising the need for India to maintain an increase in its volume of exports to the United Kingdom, SriNehru pointed out that U.K. too had considerably improved its exports to India since Independence. If as a result of Britain's entry India's exports were to suffer inevitably British exports to India would also be affected.

INDIA'S POPULATION IS 439 MILLIONS

The population of India is now 439.235 millions-226,293,620 males and 212, 941, 462 females —as finally reckoned by the Census Commission.

On the assumption of a round figure of 3,000 millions as the global population in 1961 and an inhabited land area of 136.16 square kilometres, India accounted for about 2.4 per cent of the world's land area, but 14.6 per cent of the world's population.

The Census Commissioner stated that the population will increase to 480 crores in 1971 if the rate of growth, 2.5 per cent per annum, as observed in 1960-61, continues unchecked.

It is generally held that although the birth rate has not fallen appreciably the death rate has fallen sharply. The Census Commission now puts the expectation of life at birth at over 45 years.

The figures show that 44 per cent of the urban population live in 107 cities of more than a lakh each.

The proportion of females to males has slowly declining over the years. This is taken to mean that the risks to female lives at most stages has not improved upon the risks to male lives.

In Kerala, the females outnumber the males and the population is 8,541,788 females and 8, 361, 927 males.

Rs. 4 LAKHS FOR FLOOD RELIEF

Bangalore, Sept. 11

The State Government had made available Rs. 4 lakhs for relief works in the flood-affected areas in Bangalore and other districts in the State.

Revenue Minister Krishnappa told the State Assembly that the Government had earmarked Rs. 2.5 lakhs for grant of interest-free loans to ryots whose land had been damaged and Rs. 50,000 for gratuitous grants. The Chief Minister had also made available Rs 1 lakh from the distress relief fund.

The Minister said 2,000 acres of mulberry land had been washed away in Ramanagaram and the total loss was estimated between Rs 25 and 30 lakhs.

KASARGOD'S MERGER: C.M.'S ASSURANCE

Bangalore, Sept. 11

U. K. ENTERING ECM SHATTERED

NEHRU WARNS OF EAST-WEST TENSIONS

Prime Minister Nehru told the Commonwealth Prime Ministers' Conference yesterday at London that the British entry into the European Economic Community would weaken the Commonwealth politically and economically and thus lead to a wider form of colonialism.

It would also result in increased tensions between the East and the West and reduce the chances of disarmament.

He doubted whether the Commonwealth would survive unless radical changes were made in the present proposals.

Sri Nehru emphasised India was worried by the short-term effects of British entry and said India could look after her long-term problems by entering directly into trade agreements. But in the remaining portion of the Third Plan period, if her exports of textiles and other goods were affected, she would be in difficulties.

He said it was for Britain to go into EEC or not, but she should do so with her eyes open and without sentiments.

Earlier, the Canadian Prime Minister, Mr. John Diefenbaker had completely shattered the British case for entry into the ECM.

He warned Mr. Macmillan and his countrymen that by joining the 'six', Britain's was putting her neck in Europe. She will be dominated by Europe. It will weaken Britain position in the world and will also weaken the Commonwealth.

One point that he made was identical to that with India had been making. Canada wanted world-wide trade

Pakistan, Ceylon and Newzealand also expressed their opposition with forceful tones.

TEACHERS TO BE RETIRED AT 60

Bangalore, Sept. 12

The Government of Mysore, it is learnt, is considering the question of enhancing the retirement age of trained teachers to 60 years.

CO-OPS. WEAK AT BASE

The co-operative movement though registered an all-round progress, the structure particularly at the base, continued to be financially and organisationally weak in some parts of the country, according to a review of the movement during the two years, 1958-60 published by the Reserve Bank of India.

Among the weaknesses pointed out in the report were increasing overdues of agricultural credit societies and central co-operative banks and lack of appreciable progress in the linking of credit with marketing on which great emphasis had been laid in the Second Plan.

Concerted efforts have to be made to see that while the progress thus far made is consolidated, adequate steps towards rationalisation of all weak links in the chain, whether it be at the primary level, intermediate level or apex level, are also taken, the report said.

As against a target of Rs 150 crores, short term loans issued by agricultural credit societies during 1959-60 amounted to Rs. 154 crores. In respect of long-term loans, the outstanding loans of the Central Mortgage Banks were Rs. 20.05 crores

TRIPLE BENEFIT SCHEME FOR TEACHERS

Bangalore, Sept. 12

About 50,000 teachers working in local bodies and other aided schools in Mysore State are likely to be brought under the triple-benefit scheme, namely, provident fund, insurance and pension, by Nov. 1.

The Mysore Government is reported to have accepted the recommendations of the special officer who had been deputed to study the Madras scheme.

According to the scheme, the teachers will get 25 per cent of their salary as pension, eligible for a provident fund of 6 per cent contribution by the teacher and the management and a compulsory insurance.

No Progress In Adult Education

Union Education Minister Shrimali regretted yesterday that in the matter of adult education and removal of illiteracy the country had made little progress. 75 per cent of the people were still illiterate. Adult education was very important from every point of view and the future of democracy itself depended upon adult education, he said.

Speaking at Coimbatore, Dr. Shrimali said that the student population could play a very important role and if they took upon themselves the responsibility of educating their fellowmen, India would soon become an educated country.

He said there was an abundance of idealism among young people today and there was also great deal of ability in the young people. They were in no way inferior to others. But at the same time the fact that young people had not found an outlet for their abundant energy was a matter which needed close investigation He asked, was it because they were not clear of the social objectives set before them or because grown-up people did not give them adequate opportunity or because of misdirection among the youths themselves? He said these were the questions to be answered by themselves.

LEAD TEST BAN BATTLE

C. R. ASKS NEHRU

Sri C. Rajagopalachari, the founder-leader of the Swatantra Party has urged Prime Minister Nehru to go to Washington and Moscow to save the people from poisoning by nuclear tests.

Rajaji says the Prime Minister of India has undoubtedly great moral power. He can claim that the tests on either side by the U. S. and the Soviet Union are an infraction of public law and should cease.

He says "all the uninvolved nations should throw off their lethargy and put forth that greater power based on human civilisation than guns. Sri Nehru should lead that great spiritual battle, being the legal head of the most important among the uninvolved nations whose moral authority and power cannot be ignored with impunity".

COMPLAINT ABOUT TEXT-BOOKS

Bangalore, Sept 13

Chief Minister Nijalingappa yesterday assurred that he would look into the complaints that text-books were selected on grounds other than merit.

Soaring Prices

T.T.K. WANTS CONTROL

The Union Minister, Sri T. T. Krishnamachari yesterday blamed the traders for the present soaring prices. He said that the price spiral was causing great hardship especially to middle class people and a way out would have to be soon found. The Government, was fully aware of the situation and were taking necessary measures to stabilise the prices.

Sri Krishnamachari said that at present large quantities of rice found their way into Bengal from where they were removed to East Pakistan areas. This also contributed to a great extent for the high price. He, therefore, suggested that the best way to bring down prices of essential commodities was control.

BIG GOLD HAUL

The Central Land Customs at Calcutta have seized 185 gold bars valued about Rs 22 lakhs from a tourist motor car owned by a foreign national travelling on the over-land route from Burma to India via East Pakistan. The gold was concealed in the three steel chambers inside the car. Ralph Dashiner described as a United States national has been detained.

More Sugar And Wheat

As a first step towards bringing down the prices of essential commodities, the Government of India has decided to release larger stocks of wheat and sugar for distribution through fair price shops.

The objective of the Government is to bring down the prices of these commodities to last year's level.

Two study groups which are working out detailed proposals in respect of rice, millets and oilseeds and industrial commodities, which enter into common consumption, will submit their first reports by the first week of next month.

To arrest the rise in the prices of fruits, vegetables, eggs and milk, the Food and Agriculture Ministry proposes to intensify the production efforts particularly in the neighbourhood of large towns.

Among the other measures suggested are setting up of consumer co-operatives for employees by organisations, private and public industrial enterprises, corporations, Government departments and display of prices by all dealers, widespread publicity, association of local consumer organisations and steps to harness public support.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace, Road, Mysore.

EXCHANGE OF TEACHERS

The University Grants Commission has formulated a scheme for exchange of teachers in universities to meet the dearth of specialists or experts to some extent in various Faculties. The scheme is designed to make more extensive use of the services of talented personnel in universities, National Laboratories and other centres of learning.

Another purpose of the scheme is to provide an opportunity for staff and students engaged in advanced instructions of studies to come into living and fruitful contact with some of the best people who have distinguished themselves in various fields of knowledge or research.

COMPL. RURAL SERVICE FOR DOCTORS

C. M.'s SUGGESTION

Mysore, Sept. 14

Chief Minister Nijalingappa suggested here yesterday that a rule should be made stipulating that unless the medical students serve for five years in villages no degree would be awarded to them.

He was presiding over the College Day celebrations of the Mysore Medical College.

Sri Nijalingappa said that the standard of health in rural areas was not at all happy and as such he would appeal in the name of fair play, national necessity and generosity to the medical men to go and serve the down trodden illiterate rural folk. This appeal was equally appliacable to lady doctors.

The Chief Minister praising the qualities of Dr. Gopalarajan, to whom, he said money was no consideration, stated "I have utter contempt for doctors who craved for money first and service later. My appeal to young doctors is to develop the spirit of compassion, love, affection and understanding towards their patients and consider it as their sacred duty to alleviate their sufferings."

On behalf of the College, Dr. Gopalarajan presented a cheque of Rs. 10,003-24 to the Chief Minister for the the Flood Relief Fund.

Earlier, Dr. Dharmaraj, Dean of the College, welcoming the gathering said that the President of the Indian Medical Council would be inspecting the College on Sept. 20, which he hoped would pave way for the recognition of the Mysore Medical College.

Sri H. K. Chandre Gowda, Secretary, presented the report and Sri G. T. Krishna Murthy proposed a vote of thanks.

A writ petition field by Sri N. P. Joshi, an officer in the planning department of the State Government challenging the power of the Corporation to levy professional tax on Government servants was dismissed by the High Court.

Dissention In Cong. Party

C. M.'s CONCERN

Mysore, Sept. 14

At a public meeting held last night at Kantharaja UrsPark, the newly elected 22 Congress members of the City Municipal Council were felicitated.

Sri Syed Abdul Rehman, MLC welcomed the gathering Sri Aziz Sait, MLC, presented an address urging the Government for a proper representation for Muslims in the State Cabinet and also Muslim representatives in all the committees constituted by the Government. He also pleaded for protection to the old grave yards in the city.

Chief Minister Nijalingappa, who presided over the function, assured that the interest of the minority would be safegurded. At the same time he reminded them that the State Cabinet was not constituted on communal or other considerations and each member of the Cabinet represented all sections of the society.

Congratulating the large number of Congress members being elected to the Muncipal Council, he advised them to serve the people.

Sri Nijalingappa regretted that among the Congressmen there were faction and jealousy in regard to selection of seats in the Municipal Council. He said that there were undesirable elements in the Congress organisation and it was their duty to get rid of them.

Sri K. Puttaswamy, Minister for Municipal Administration, also congratulated the newly elected councillors

Dr. B. G. Das thanked the public for their felicitations.

SITUATION UNDER CONTROL IN NEFA OUTPOST

Indian forces have the situation in hand at the Bhutan-NEFA-Tibet area where Chinese forces had crossed the McMohan line and were only a few hundred yards away from the Indian post in the region.

A spokesman of the External Affairs Ministry said yesterday that the Eastern Command was in touch with the Indian post and had the situation in hand. The latest reports indicate that there was a Chinese troop several hundred yards away from our post and appears to be on the Indian side of the international frontier, he said.

The international boundary in this region is the McMohan line which runs along the watershed of Thag La Ridge

The Chinese have been threatening to cross the McMohan line for some time now, if the Indian forces do not stop their advance into the Chinese claimed areas in theLadakh region.

The Union Defence Minister yesterday had consultations with the service chiefs on the latest Chinese incursions into the Indian territory.

SENTENCE REDUCED

The Madras High Court yesterday reduced the ten-year jail sentence on mill magnate G.Krishnan in the Coimbatore Hundred-Rupee counterfeit currency notes case to seven years.

The sentences on G. Padmanabhan, former sub-inspector and K.R.Anthony was also reduced from ten years to seven years. One of the accused B. Muralidhar was acquitted.

5-Year Kids In Primary Classes

Bangalore, Sept. 15

The Deputy Education Minister, Smt.Grace Tucker announced in the Assembly that the Government has decided that children above 5 years of age may be admitted to the first standard of the primary school, subject to accommodation and teachers being available after the children of the compulsory age group have been provided for.

This decision, she said, was due to the representations made by the public that children of 5 years of age should be admitted to primary schools and the restriction of 5 years and 10 months should be removed.

She said the Government had not undertaken the responsibility of giving pre primary education though they were encouraging it by giving grants. Children below the age limit prescribed for free and compulsory education could get admission in such schools.

An additional 5,500 teachers would be required to extend the facilities of free and compulsory primary education to the children of 5-age group, she added.

MYSORE CYCLES RELEASED

SMALL INDUSTRIES IN RURAL AREAS

NIJALINGAPPA'S PLEA

Mysore, Sept. 17

Chief Minister Nijalingappa yesterday released the first batch of 250 cycles assembled at the Government Industrial Estate at Yadavagiri here in the city.

Sri T Shamanna, Director of Industries and Commerce, welcoming the gathering stated that the industrial estate established in 1959 had now started assembling cycles and it would be raised to 3,000 by the end of this year. The annual capacity would then be raised to 6,000. The cost of each cycle, he said, was Rs. 175.

The object of the industrial estate, he said, was not only setting up of assembly units but to provide for ancillary units. Another object was to decentralise the industries by taking them to rural areas.

The Chief Minister stressed the importance of the development of small-scale industries in rural areas so that the agriculturists could have gainful employment during their leisure hours.

He admitted that many industries could not be started in the State owing to acute shortage of power. However, he hoped, that within a year and a half the position would considerably ease the power supply from Sharavathy project.

The Industries Minister, Sri Mallappa, who was in the chair, referred to the criticism about the delay in starting the cycle unit and said, the basic idea of starting the industrial estate was to help the private entrepreneurs. The situation in Mysore was that no private person came forward to start the unit and hence the Government had to step in. Even now the Government was prepared to hand over the unit to any private person.

He said that a decision had been taken to handover two tile factories to be started within the end of this year at Bagepalli and Coorg to the Taluk Boards

Sri Mallappa also disclosed that 20 different kinds of special steel required for several industries would be manufactured at Bhadravathi at a cost of Rs 15 crores, in three phases. The first stage of the special project would be completed by 1963.

The Minister said that it was the policy of the Government to have two industrial estates in each district--one in rural and another in urban areas.

Sri M. Vazeer Ahmed, Joint Director of Small-Scale Industries proposed a vote of thanks.

MYSORE CITY NOT NEGLECTED

NO PARTIALITY IN INDUSTRIAL SCHEMES

—SAYS MALLAPPA

Mysore, Sept. 17

The fears that other parts of Mysore State were neglected in favour of Bangalore in the matter of industrialisation were allayed by the Industries Minister Mallappa and the Director of Industries Shamanna, here yesterday.

Sri Mallappa said that he heard a lot of complaints from the public that their areas had been neglected and the Government had shown preferential treatment to Bangalore. But he made it clear that the Government showed no discrimination to any areas and considering the availability of raw materials, the industries suited to those areas were established.

The policy of the State Government, he said, was to disperse industries all over the State

Sri Shamanna, Director of Industries said that the fact that places like Mysore, Dandeli, Hubli and Gulberga were today bubbling with industrial activity was enough to dispel any partiality to Bangalore.

He said that it was also not a fact that Mysore City was neglected. The industries like Jawa Motor Cycles, Mandya National Papers, Chemicals and Fertilisers, Cauvery Paper Mills and textiles around Mysore City would prove that the Government was not partial to any one place.

He also disclosed that a license had been granted for a rayon factory at Nanjangud.

Rs. 20,000 Worth Saries Recovered

Mysore, Sept. 17

The Mysore CID Police on Saturday recovered 77 saries valued at Rs 20,000 and a cash of Rs 1,901 from Sherim Khan and Bhashir of Mandi Mohalla and Abdul Majid, a resident of Calcutta in company with them.

These saries, it is stated, belonged to the Pondicherry Grand Bazar Crime.

In this connection, Sabulal, a K. D. and Fazoor Khan, a Banker of Mandi Mohalla have been arrested.

Fake 100-Re. Notes Racket

The Madras police have arrested one Thangavelu Chetty at Chittor for having been found in possession of alleged counterfeit currency notes of hundred-Rupee and other denominations amounting to over Rs. 21,000.

In this connection, eight persons have been arrested in Madras.

PRASAD DECRIES HINDI AGITATION

Dr. Rajendra Prasad, former President, has suggested that lovers of Hindi should make serious efforts with patience and courage to remove the short comings of Hindi instead of laying greater stress on agitations to secure for Hindi its due place as the national language.

Dr. Prascd said that during the last 13 years Hindi had not gained ground to the desired extent. This was the main reason why English had now been adopted as an associate language with Hindi for an indefinite period.

59, 000 SMALL-POX DEATHS IN BIHAR

More than 59, 000 persons died of small-pox in Bihar between 1950-60. The highest incidence was in 1951 when about 42, 000 lost their lives.

The State Government has prepared a Rs. 90-lakh scheme spread over three years for the eradication of the disease.

LEARNING TAMIL AND TELUGU

40 students, including 3 girls, have joined the Tamil and Telugu classes opened by the State Government in the Intermediate College at Kanpur as part of the programme of national integration.

The students would be paid Rs 10 per month for learning these South Indian languages.

Edited, Printed and Published by G L. Swamy at Samachar Press, J.M, Palace, Road, Mysore.

DEVELOPMENT OF MAJOR PORTS

The Union Minister for Transport and Communications, Sri Jagjivan Ram assured the National Harbour Board that lack of funds would not hinder development of the country's major ports as planned in the Third Plan.

He said if the funds provided in the plan were found inadequate, money would be found by reallocation and other means.

Dhotis With DMK Symbols

The Dravida Munnetra Kazhagam, Madras, had taken to a more subtle means for their secession move.

The latest medium of DMK propaganda is hand loom dhotis which has both borders printed over with the DMK symbols Such dhotis have been made available through the Madras State Handloom Weavers' Co-Operative Society which is subsidised by the State Government.

A large number of persons have written to the Madras Government protesting against the Society for lending its name for such a propaganda.

MORE FEMALES

Assam has shown the greatest decennial growth of population in India with 34.5 per cent against the all-India figure of 21.5 per cent according to 1961 census.

While the sex ratio in India is uneven throughout the country, an interesting feature is the high preponderance of females in four geographical units where there are more than 100 females for every 100 males.

One of the geographical regions where there are more females than males is the coastal area comprising Mysore, Kerala, Madras, Pondicherry, Maharashtra and Gujarat.

Mysore, Sept. 19

The birthday of the holy Prophet will be celebrated here tomorrow at 9-30 p.m. in Benki Nawab Street, Mandi Mohalla, under the presidentship of Prof. Khizar Ali Khan.

PANEL TO ADVISE ON PRICE-LINE

REGULATION OF RICE MILLS HINTED

The Planning Commission proposed to set up a panel of top economists to advise on long-term price lines.

A full meeting of the Planning Commission will be held after the Prime Minister's return from European tour to formulate its recommendations to the cabinet.

While no control is contemplated, strategy of the Planning Commission appears to be to stabilise prices by regulation of the wholesale wheat rate and the rice mills. Both the wholesale dealers in wheat and rice mills are sought to be utilised for procurement and distribution of the two basic food articles.

Although the Government does not contemplate regulating the retail sales they may decide to license shops if traders organisations fail to observe a code of conduct.

DEFECTIVE PIPES

Bangalore, Sept. 19

The State-owned Iron and Steel Works at Bhadravathi itself supplied defective pipes for water supply to Mysore City, which resulted in as many as 9 pipe bursts and consequent stoppage of supply within two months in 1959. Giving this information to the Legislative Council, Deputy Minister Ramachandra said the company had supplied pipes free of cost again replacing the defective ones.

No Fear Of Crisis

India's Defence Minister Krishna Menon stated yesterday at London that the story of India's relation with China had been one of penetration of our territory here, there and everywhere. "We are taking the necessary steps to deal with the situation. There is no crisis in the sense of panic", he added.

Sri Menon said "we are more or less conditioned to the situation. The Chinese threats on the border have been going on for a long time and action will be taken when something serious happens".

ACUTE BOGUS MEMBERSHIP

Presidents and Secretaries of Pradesh Congress who met yesterday at Trivandrum felt that if they were serious about rooting out the bogus membership problems they should not have organisational elections of the Congress in October with the very same bogus members.

The General Secretary, Sri K. K. Shah told newsmen that complaints of acute bogus membership had come from Bihar, Madhya Pradesh, Rajasthan, Punjab and Uttar Pradesh.

Atomic Power Unit Near Mysore City

Bangalore, Sept. 19

Chief Minister Nijalingappa told the Assembly that the State Government had moved the Centre for locating a nuclear power station in Mysore State.

If ever a nuclear power station was given to the State, it is most likely to be situated some where between Mysore city and Mandya, he added.

Division Of Mysore Urged

Bangalore, Sept. 19

While a non-official resolution seeking to re-name the State as Karnataka is still half-way through in the Assembly, a counter resolution urging the division of the State into two, each with an approximate population of one crore, has topped the ballot for the non-official resolutions for the current session.

SMALL-POX ERADICATION DAY

Mysore. Sept. 1-Sept. 25 would be observed as the National Small-Pox Eradication Day in Mysore as well as in other parts of the country.

A State-wide national pox eradication programme was launched by the State Government in Dec. last and intensive vaccination (80 per cent of the population) was done in South Kanara, Shimoga, and Tumkur districts. The programme is in progress in Mysore, Kolar, Gulberga and Dharwar and by 1963 the entire State would be covered.

DISRUPTIVE COMPETITION

MORARJI'S INDICTMENT

India's Finance Minister Morarji Desai addressing the World Bank Fund meetings yesterday at Washington emphasised the need for industrialised countries adopting policies facilitating imports of manufactured products from developing countries.

He said the most disheartening feature of the present situation was the reluctance of industrialised countries to facilitate imports of manufactured goods from developing countries.

Sri Desai asked: "How can countries which are being so generously helped with credit to set up new industries expect to repay what they borrow except through larger exports of things produced by their new factories."

He added, higher exports of primary products alone could not help. Only through larger exports of manufactures could developing countries become viable in the long run.

Sri Desai said while countries which were traditionally fierce competitors in export markets were now coming together and exposing their industries to unrestricted competition from rivals, their attitude towards competition from industries in distant developing countries was one of extreme caution. This was indeed a discouraging factor which lead most developing countries to give priority to import saving industries regardless of considerations of cost and economy in preference to industries which could be economic and export oriented.

UNIVERSITY ATMOSPHERE DISTURBED

-KANTHI ADMITS

Mysore, Sept. 21

Education Minister Kanthi who was here yesterday told Pressmen that the Government is "watching the situation in the Mysore University". He admitted that the atmosphere in the University is "disturbed".

Asked whether the Chancellor has sent any proposal for the extension of the term of the present Vice-Chancellor, Sri Kanthi said there is no such proposal before the Government.

Some of the University lecturers, who met the Minister, are reported to have represented that they were not getting justice from the present Vice-Chancellor.

The Students' Action Committee, which met the Minister urged for the immediate replacement of the present Vice-Chancellor.

TEMPORARY LECTURERS

Bangalore Sept. 21

The Deputy Education Minister, Smt Grace Tucker, informed the Assembly that the Government was considering the question of making the posts of temporary lecturers permanent, in the Government Colleges.

She said that there were 225 temporary lecturers in as many as 13 colleges in ex-Mysore area and 49 lecturers at Gulbarga, Mangalore and Mercara colleges.

PEKING BLAMES INDIA

"Indian intrusions and serious provocations on the Indo-Tibetan border have created a dangerous situation in which armed conflict may be touched off at any time" said an official Chinese news agency on the border situation.

It alleged Indian troops had provoked Chinese guards at a bridge near Chedong on the Tibet-Bhutan border on Sept. 17. The Indians went ahead to build fortifications and had so far refused to withdraw.

It warned that if India was bent on attempting "territorial expansion by the use of armed force" the Chinese would defend themselves resolutely and India must bear full responsibility for the consequences.

"The intensified acts of aggression of the Indian side cannot but be treated seriously by the Chinese side", the agency added. China wanted a peaceful solution to the border question, but if Indian side "is bent on going its way the Chinese border units will resolutely effectuate their self-defence".

Chinese Retreat

A small group, out of the 200 Chinese troops which crossed the McMahon Line on Sept. 9 and came close to the Indian post at the trijunction of Tibet, Bhutan and NEFA, has gone back to Tang La Pass, north of the boundary, stated a spokesman of the External Affairs Ministry.

He added the reports that the Chinese had retreated to their former positions and the area where they appeared was now clear of all Chinese troops, was not correct. There were still some Chinese on the Indian side, he said.

CHINESE NEW POSTS

Chinese troops have resumed patrols and set up new posts along the western sector of the border with India, according to theNew China agency

The agency said this had been done to "prevent Indian troops from continuing their gnawing of Chinese territory and their armed provocations".

Similar measures were being considered on the central and eastern sectors of the border, it added.

INTER-STATE FAKE NOTE RACKET

BANGALORE HOUSE USED

Bangalore, Sept. 21

An inter-State gang of counterfeit 100-Re. note makers in Mysore, Madras and Andhra States has been unearthed. Six persons have been arrested in this connection, two in Bangalore, three in Madras and one at Bellary. A printing press and equipments in the manufacture of fake notes at Bellary has also been seized.

A posh furnished aristocratic looking bungalow in the Jayanagar fifth block, in the city where the lights were burning throughout the night aroused the suspicion of the police about 12 days ago.

On a raid by Inspector Chennegowda, one fake note was found in the house, stated to be used for transacting business. Two persons Ramachandra alias Ramanujulu of Bangalore and Babu alias Yayub of Vaniambadi were taken into custody.

The Madras police who were alerted, arrested Sundareshan and T.R.Krishnaswamy of Madras, Subban of Ranipet and Thangavelu Chetty of Chittoor.

No-Confidence Motion Against Ministry

Bangalore, Sept. 22

The Mysore Assembly yesterday granted leave to the Praja Socialist led opposition to move a no-confidence motion against the Ministry.

The following are the reasons for their no-confidence:

"The concerned minister has refused to institute a public enquiry into the affairs of the Sharavathy project, particularly about the recent arbitration award in favour of contractors.

"Indifferent attitude of the Education Minister towards the agitation by students regarding the fee-reduction.

"The partisan attitude of the Government in recommending three persons to the Legislative Council, thereby offending the provisions of the Constitution

"Failure to bring into force the land reforms as enacted by the House.

"Failure of the Government in holding the soaring price-line of essential commodities".

The Speaker said he would fix the date for discussion on the motion later.

Changing Mysore Name Opposed

Bangalore, Sept 22

At a representative gathering of all sections of public opinion held here yesterday a resolution was adopted condemning the move to change the name of Mysore State into Karnataka.

Most of the speakers opined that the move to change the name of the State as Karnataka was premature, politcally mischievous and an open invitation to disruption of the State.

The resolution pointed out "that the people of the Mysore State are totally opposed to any change in the name, in view of their great affection, reverence and sanctity attached to the name on account of historical and political reasons."

INDIA'S STAND ON BORDER TALKS

The Government of India while agreeing to begin talks with China on Oct. 15 first at Peking and then in Delhi, has again reiterated that these talks should be for defining measures to restore the status quo in the western sector and not on the larger boundary issue.

Expressing its sincere desire to resolve its differences by means of peaceful negotiations, India has declared that "no amount of casuistry of threats or force will deter it from its resolve to maintain inviolate the territorial integrity of India".

This is in reply to China's offer that officials should begin negotiations next month without preconditions on the border dispute between the two countries.

Rs. 5-Lakh Worth Of Fake Notes

12 PERSONS HELD IN 100-Re. NOTE RACKET

Twelve persons, including ten from Madras, have so far been arrested in fake 100-Rupee Note racket.

The Madras police have seized two printing presses and a cutting machine, some blocks and 291 counterfeit notes from the arrested persons.

The Commissioner of Police, Madras, stated yesterday that notes valued at Rs. 5 lakhs had been actually printed. He said that these counterfeit notes had a peculiar watermark with the signature of B Rama Rao, Governor of Reserve Bank. But there was no security thread. They were of very inferior stuff and could be easily identified. But if they were mixed up in a bundle of genuine notes the public would be easily cheated, the Police Chief said.

Termination Of Lecturer

ORDER CHALLENGED IN HIGH COURT

Bangalore, Sept. 22

Sri Justice Somanath Iyer and Sri Justice Kalagate in the Mysore High Court yesterday admitted a writ petition of Sri D. Vijayadevaraja Urs of Mysore University, questioning the validity of the termination of his services as lecturer in political science in Maharaja's College from Sept. 14, 1962.

The University had terminated services of the petitioner on the ground that he was only a B.A. (Hons). in Sociology and did not possess a M.A. Degree which was the basic qualification prescribed for the post as per the University Ordinance.

Petitioner submitted that he had qualification equivalent to M A. by virtue of his undergoing course of studies at Harward University and at the Graduate faculty of policitical and social science, New York.

The petitioner complained that the Vice-Chancellor had without any notice and any enquiry suddenly issued the termination orders. He also mentioned that six lecturers in the University had not the qualification of M. A. or M.Sc.

300 FAINT INHALING CHLORINE

About 300 people fainted at the Ujjain railway station when a chlorine cylinder exploded yesterday. Nearly half of them were given first aid, the remaining were admitted to the hospital.

NO IMPOSITION OF HINDI

The Supreme Court yesterday declared that the Gujarat University had no power to prescribe Gujarati or Hindi as the only medium of instruction or examination in its affiliated colleges.

In a majority judgment of five to one, this ruling was given by the Court while dismissing appeals by the Gujarat University and Gujarat State against the Gujarat High Court judgment holding that the university had no power to impose Gujarati or Hindi as the only medium of instruction and examination.

POLICE HUNT FOR GUN-RUNNERS

A country-wide search, described as the biggest police hunt in recent years, has been launched to find the suspected associates of Daniel Walcott, an American multi-millionaire, who was arrested on Thursday for being in alleged possession of thousands of cartridges in Delhi.

Police suspect an international gang of gun-runners operating in India.

FUTURE OF GOA

Bangalore, Sept. 22

Chief Minister Nijalingappa reiterated in the Legislative Council yesterday that the future of Goa should be decided by the people of Goa themselves.

He said it was true that historically Goa was a part of Karnataka. There were many archaeological evidences to prove the fact. But in the changed political setup the future of Goa should be decided by the Goans themselves.

The Chief Minister disapproved the agitational approach of the Maharashtrians on the Goan question.

Strictures On Police

Bangalore, Sept. 22

The Mysore High Court yesterday passed strong stricutres on the police for their indifferent attitude towards conducting criminal cases.

It said: "the superior officers appeared to be indifferent about this matter though their attention was pointedly drawn by this Court on various occasions on the sad state of affairs. This is a reason to "despair".

Their Lordships, Sri Hegde and Sri Iqbul Hussain said, "We have had occasions in the past to advert to the callousness of the prosecution as well of the investigating staff. Inspite of the fact that the counsel for the State had assured the court on more than one occasion that immediate steps would be taken to set the matters right, these assurances have remained unimplemented".

Mysore, Sept 24

About 1,178 athlets including 244 girls will participate in the Mysore Divisional Level Sports Meet organised in connection with the Dasara Festivities here on Sept. 29 and 30.

The athletic events will be held at the Maharaja's College grounds, swimming events at Bahusar Swimming Pool and games at the Yuvaraja's and Maharaja's College grounds.

Arrangements have been made to house girls at the Maharani's College Hostel and the boys at the Maharaja's High School, Centenary Hall and Maharaja's College Hostel A reception office has been opened at the Nanjaraja Bahadur Choultry.

The State Level Dasara Sports will be held here on Oct. 6,7 and 8.

THREE INDIANS KIDNAPPED

Nepalis kidnapped three Indians from three places in the Indian territory in Gorakhpur police range which has 300 miles of common border with Nepal, in the past two months, it is reported.

Two of these men had since been released after being beaten up and interrogated but the third one was still under detention.

514 VOLUNTEERS HELD IN MADRAS

About 514 volunteers including 12 women of the Swatantram Kakkum Padai (Freedom Preservation Force) have been taken into custody by the Madras police at different places yesterday.

The volunteers were attempting to picket the DMK procession taken out in the city to mark the "separation week".

Dasara Exhibition

Mysore, Sept. 24

The All-India Handloom Board will put up an exhibition of designs at the Mysore Dasara Exhibition which commences here on Sept. 29

The novel features of this year's exhibition are a radio-television from Madras and wax moving models of Mahatma Gandhi.

The State and the Central Governments will also put up exhibits explaining the developmental activity in the country.

As many as 460 stalls have been taken up by both private and public sectors.

In the fine arts and crafts section, over 700 exhibits will be on display.

Sri B. Beerappa, Divisional Commissioner, and H. Malliah, Secretary of the exhibition, told newsmen yesterday that all efforts are being made to make this year's exhibition more attractive and educative.

An ametur wrestling has been arranged.

The daily programmes of music, dance, drama and folk arts are also arranged, besides the 11 special programmes.

Cauvery and Krishna Waters

GOVT. BLAMED FOR NOT UTILISING

Mysore, Sept. 24

Sri H. M. Chennabasappa, former Minister, today warned that the economic prosperity of Mysore State would be sealed if the State Government did not take immediate steps to prevent the perspective rights accrued by the Governments of Madras and Andhra Pradesh in regard to the waters of Cauvery and Krishna

He blamed the State Government for not taking steps to utilise their share of waters of the Cauvery and the Krishna.

He told Pressmen that there were some real dangers affecting the interests of the State. "As one who knows the working of the administration, I must warn against such dangers, before it is too late".

Sri Chennabasappa said various charges had been levelled against the Government and it was the duty of the Government to lay before the public all the facts by publishing a White Paper.

This was the first time, he said, a no-confidence motion had been admitted and would be discussed on the floar of the Assembly. This move, he felt. had really affected the prestige of the ruling party.

The former minister said that the no-confidence motion was an off spring of 2 or 3 major issued involving alleged exploitation from both within and outside the State, on which theGovernment had not made convincing attempts. These were Sharavathy project; not safeguarding the State's right on Krishna and Cauvery waters and not taking up economy measures along with taxation as suggested by the Economy Committee.

Regarding Sharavathy project, he said, the Government should not have lost any time to publish aWhite Paper in regard to the arbitration award to contractors involving a huge sum of Rs. 19 lakhs.

He also wondered why a higher tender was accepted for rock-filling dam.

Change In Mysore Name Opposed

Mysore, Sept. 24

A largely attended public meeting held here yesterday at the Townhall, leaders representing the various sections vehemently opposed the move to change the name of the State.

Sri V. Venkatappa presided.

Sri S. Chenniah, MLC, declared that the citizens of Mysore were prepared to go to the jail to retain the name of Mysore. Messrs. Kadidal Manjappa, H. M. Chennabasappa, Boriah, B. Thimmapparaje Urs, P. Venkataramiah, H. Kempe Gowda and K. S Suryanarayana Rao also addressed the gathering.

Sri A. Ramanna proposed a vote of thanks.

English To Continue

Sri Lal Bahadur Shastri, Union Home Minister, toterday announced that a Bill for the countinuance of English as associate langu age after 1965 would be introduced in the coming session of Parliament beginning on Nov. 19.

Mr. Shastri said Hindi should not in any case come in the way of national integration as he was aware of the feelings that existed in different parts of the country, South and North.

He said English was more or less the common language of all States. There were communications between States and and the Centre in English. Suppose if English were to be dropped in the next five years, the country would automatically divide into water-tight compartments and would be disintegrated. As people in Assam knew only Assamese, people in Tamilnad only Tamil, Keralites only Malayalam and Andhras only Telugu, there could be no contacts.

"I know Hindi-speaking people would criticise and condemn me but it is my duty to introduce this Bill with a view to bring about the different areas together and closer", Mr. Shastri said.

English As Varsity Medium

The Sampurnanand Committee has called for the provision of English as an associate medium of instruction in the universities, so as to achieve national integration through education. In its opinion, "this is a necessary corollary to the recognition of English as an associate official language".

Moreover, the Committee thinks that this would ensure that the universities are not cut off from one another and that common standards are maintained and gifted Indians enabled to reach the highest degree of excellence in their chosen field of knowledge.

It has urged that the change over to the regional language must be preceded by the preparation of textbooks and arrangements for translation from English and wherever possible, from modern languages.

Cannibal In Kashmir

The Kashmir police have arrested a man suspected of being a cannibal in Kargil Tehsil of Ladakh. He is alleged to have eaten no less than eleven teenagers, boys and girls.

A police party found the suspect, Syed Akbar Shah, hiding in a jungle. In the struggle which ensued, he is said to have chopped off a hand of one of the policemen and fingers of another.

It is stated that he belonged to a village in Kargil, where people used to eat raw cattle flesh in times of acute food shortage. Syed Akbar took to the human flesh also to satisfy his hunger and that he was found stealing buried bodies from graveyards. It is alleged that as he developed a taste for human flesh, he started kidnapping and killing teenaged boys and girls.

MYSORE G.O. STRUCK DOWN

ADMISSION TO PROF. COLLEGES ON COMMUNAL ULTRA VIRES

SUPREME COURT'S DECISION

The Supreme Court yesterday held the Mysore Government order reserving 68 per cent of the seats in the professional colleges to Backward and more Backward classes as ultra vires to the Constitution

Sri Justice Gajendra Gadkar delivered the judgment.

Sri M. R. Balaji and 23 other students had challenged the validity of the Mysore Government order of July 31, 1962 providing for reservations to backward classes in the matter of admission to medical and engineering colleges.

The State Government order besides providing reservations of seats for Scheduled Castes and Tribes, had made provisions for backward and more backward classes and thus reserved 68 per cent of seats.

The petitioners had submitted that the Government order was communal and there should have been no reservations in terms of caste and communities, except in favour of Scheduled Castes and Tribes. The classification of students as backward and more backward was against the Constitution.

TTK ACCUSES MINISTERS

FOR FAILURE TO HOLD PRICE LINE

Sri T.T.Krishnamachari, the Union Minister without Portfolio, accused Ministers of being hesitant in taking strong steps to bring down prices. He said they were afraid of facing the wrath of the richer classes.

Speaking at Madras, the Minister said: "We in the Government hesitate to accept the fact of rising prices, for to admit it would mean we would have to tackle it".

It appeared to TTK that the Government had neither the facilities nor the courage to tackle squarely the problem.

He assured the people that "the Government of Nehru" would not stand in their way, but would solve the problem of rising prices with their co-operation. If he was not sure of this, he would not remain in the Government for a day, he added

The Minister said though he had served as a Minister for many years, he was not happy as the rich remained rich and the poor were still sunk in poverty. He appealed to the rich not to be an impediment for Government's efforts to ameliorate the condition of the poor.

PERMANENT INDL. MUSEUMS

KERALA GOVERNOR'S PLEA

Mysore, Oct. 1

Sri V. V. Giri, Governor of Kerala suggested here on Saturday the setting up permanent museum-cum-emporia in different parts of the country to display local products and articles.

Inaugurating the Mysore Dasara Exhibition, Sri Giri said that small scale museums should also be established in every taluk and district headquarters and also mobile exhibitions to visit villages.

The Governor complimented the State for its progress in the sphere of industrialisation and said this was no small measure due to enlightened policy persued by the rulers of Mysore, who had always kept supreme the welfare of the people as their goals.

Sri Giri recalled his association with the late Dr. M. Visvesvaraya and said that as early as 1938 he had the blessings of M. V. for the national planning.

He said that mere manipulation by few schemes or projects or a slightly extra emphasis on some particular aspect on any measure could not take us far in attaining our goals. What was demanded was a horough change in the very institutional frame work and so remodelling their very foundation to satisfy the aspirations and urges of the millions of people, who had always remained on the brink of starvation.

The Kerala Governor also stressed the need for a proper and scientific harnessing of water resources and suggested the feasibility of linking up all the rivers from Ganga to Cauvery. As a first step, he said, the State Governments should consider measures to link up the rivers which flew through their respective areas.

He said the need of the hour was raising productive efficiency in all the spheres so that we could obtain maximum results. As such there should be a good industrial relationship between the management and the labour and he hoped that the former would take steps to recognise the role of workers in the present system and provide them with enongh opportunities to participate in the running of the enterprise.

Chief Minister Nijalingappa who presided said, that the Government was considering a proposal to move the present exhibition to a more spacious place in the outskirts of the city and handover the present exhibition buildings to the Medical College for its expansion.

He said that the Dasara Exhibition had given considerable importance to fine arts and crafts and said, it was the responsibility of the Government to take care of the artists.

Sri R. M. Patil, Home Minister and Chairman of the Exhibition Committee, welcomed the gathering.

Contempt Of Court

NOTICE TO ML. OFFICIALS

Mysore, Oct. 1

The Mysore High Court on Sept. 21 admitted a petition for contempt of Court against Mysore City Municipal President and Revenue Officer, filed by Sri S. Devaraj Urs.

The Court on Jan. 30, 1962 had admitted a writ petition filed by Sri Devaraj Urs and had issued an interim order restraining the Mysore City Municipal Council not to proceed with the construction of a market shed on the footpath on either side of Sisuvihar road in Nanju Malige-and using the place for running the market. Still the construction of the market continued till Feb. 9, 1962 and the Municipality is now running the market at the place mentioned above.

The Court has issued notice to the Municipal President and the Revenue Officer.

Indian Peace Mission Meets Kennedy

The Indian Peace Mission, headed by Sri C. Rajagopalachari had 75-minute meeting with President Kennedy at the White House on Friday at Washington.

Rajaji said that the talks were "flowerful".

It was stated that the United States was agreeable to the alternative courses suggested by the Indian Mission-to try to obtain complete agreement with the Russians for stoppage of all tests in the atmosphere and in water and under-ground, and, if that was not possible, to try to get a limited agreement to ban the tests that cause dangerous radioactive fall-out. But it did not agree with the delegation that if the Russians were adamant, the United States should unilaterally announce the stoppage of the tests in the atmosphere.

Sri C. Rajagopalachari after his talks with President Kennedy and high officials said that "we hope by the end of the year, we may have good news in connection with this subject".

Integration Pledge

A mass campaign for getting every adult Indian to sign the National Integration Pledge begins from today on the auspicious Gandhi Jayanthi Day. The campaign will be continued during the whole year.

The following is the text of the pledge:

'I, as a citizen of India, affirm my faith in the universal principle of civilised society, namely, that differences should be settled by peaceful means; and, I hereby pledge myself having regard to the need for emotional integration among the people, never to resort to violence in any dispute relating to religious, regional or other public issues"

President Radhakrishan in a message has called upon the nation to strive to live according to the highest ideal of non-violence and work for the integration of mankind.

TALKS WITH CHINESE: IF THEY ARE DECENT

Prime Minister Nehru declared yesterday that he would always be prepared for talks with the Chinese whatever happened, provided they were decent and self-respecting to India.

When asked whether in view of the recent development in NEFA, he would withdraw the proposal for talks between India and China, Sri Nehru said: "I have never refused to talk to anybody."

KRISHI PANDITS HONOURED

Mysore, Oct 2

Twelve "Krishi Pandits" in the State were yesterday honoured by award of certificates for their efforts in increased output.

Chief Minister Nijalingappa who distributed the awards here at the Townhall appealed to the farmers to raise maximum food crops to solve the present problem of shortage of food. He assured them remunerative prices for their crops.

He also held out a promise that within five or six years the Government would see that no employee would get less than Rs 100 a month.

China Asked To Clear Out

India has warned the Chinese Government that they will be held responsible for any untoward incident that may occur due to its failure to restrain its forces from crossing the border and attempting to intrude into Indian territory in the eastern sector.

In a note on Sept. 21, the Government of India has lodged an emphatic protest against the unprovoked aggression and wanton attack on the Indian patrol post near Dhola on Sept.20 which resulted in three Indian casualities. New Delhi has demanded that the intruding troops should stop their provocative activities and withdraw immediately into Chinese territory.

NATIONAL POLICY ON EDUCATION

The Sampurnanand Committee on emotional integration in its report published yesterday has emphasised the need for keeping English as an associate medium of instruction in the universities when the change-over in the regional languages takes place.

It has called for reorientation of education and evolution of a national policy on education, the implementation of which would bring the States and the Union Territories closer.

Messrs. M. Marigowda and A. L. Channaraj Urs of Mysore District are among the 12 ryots who received awards.

RUSSIA READY TO END TESTS

K TELLS INDIAN PEACE MISSION

The Soviet Premier Khrushchev yesterday reaffirmed his Government's readiness to accept the proposals of India and other non-aligned States in the 18-nation committee as a basis for ending all nuclear weapon tests.

He emphasised that at present, there are all necessary conditions for the immediate solution of the problem of ending nuclear tests.

Mr. Khrushchev received the Indian Peace Mission—Sri U.N.Dhebar and Sri G. Ramachandran.

The delegation handed over an appeal to the heads of Governments of the nuclear powers, urging them to renounce nuclear weapons, to liquidate their stockpiles and to put an end to the manufacture and testing of these weapons.

The Soviet leader said: "If the Western Powers are not willing to reach an understanding now on a ban on all nuclear weapons tests, the Soviet Union agrees to sign a treaty banning nuclear tests in the atmosphere, in outer-space and under-water with the object of continuing talks also on the ending of underground nuclear tests, with all the nuclear powers refraining from staging such tests during these talks pending the achievement of an agreement."

Inter-State Border Disputes

NEHRU DECRIES

Prime Minister Nehru yesterday warned the people against the cry of Hindu rastra, or Islamic rashtra and Christian rashtra. This attitude would only harm and ruin India as had been proved by history.

He said that border troubles between States like Mysore and Maharashtra were meaningless. After all, it was immaterial whether a small patch of territory remained in this State or that. It would remain in India.

Sri Nehru told a public meeting that national integration was of the heart and not of the lathi. All people, Hindus, Muslims, Sikhs and Christians, must make a determined bid to live in amity and not quarrel amongst themselves. The real way to do it was to develop tolerance for each other and to create full and real nationalism as taught by Gandhiji.

STRONG ACTION FROM U. N. TO BAN A-TESTS

—SAYS RAJAJI

Sri C. Rajagopalachari, leader of the Indian Peace Mission stated yesterday at Washington that the United Nations should pass a strong resolution banning nuclear tests

He said: "If the United Nations can really make up its mind to pass a strong effective resolution banning the tests, indicating also what will follow if any Government acts in contravention of the resolution, in the present state of world opinion, much good can result from it. If the U. N. as an organisation and the neutral nations in their own capacities, can make up their minds to be severe with those who do not respond to unilateral action, I believe that we can induce America to take unilateral action".

ANTI-ENGLISH MOVE DECRIED

Prime Minister Nehru yesterday declared that the pledge given in Parliament to give English an associate status in the Constitution would be fulfilled whatever happened

He said that some people who called themselves "lovers of Hindi" had started agitations against giving English an associate status "Let them be under no illusion. The pledge given to the people of South that nothing would be done against their wishes in the matter of English will be fulfilled".

VISWARAJYA

Acharya Vinoba Bhave has called upon the people to establish a "Viswarajya" (World State) and "Gramarajya', the foundation of gramdan

The present-day society could get rid of many problems if people worked for the establishment of those two.

Fear Of First Strike

Prime Minister Nehru stated yesterday that though the uncommitted nations could help in lessening international tension, the ultimate responsibility of removing the dread of war lay with the two great powers.

He said that another fear was gripping the nations. This was the fear of the first strike. The two big powers were now engaged in making preparations to counter this surprise attack. Hundreds of planes carrying nuclear weapons were constantly circling the sky to meet any surprise attack

Sri Nehru said that during his recent trip abroad, he had noticed that the dread of war had touched a new high. Everywhere there was talk of nuclear war and weapons. Although the nations talked of abandoning nuclear weapons none of them was prepared to do it.

CULTURAL PROGRAMME

Mysore, Oct. 3

The following is the cultural programme for tomorrow, arranged in connection with Dasara festival:

Townhall: Light music, Hindustani music and Karnatak music by Chembai Vaidyanatha Bhagavathar.

J.Katte: Erake Kunit3 and Dance.

EMOTIONAL INTEGRATION

Disruptive tendencies like casteism, provincialism, regionalism, communalism, and linguism have their roots in economic insecurity and the lack of a goal to work for. Whatever real grievances there are in respect of the allocation of resources, or, of languages policy, they should be redressed, and people weaned away from disruptive ideologies. The task of national reconstruction should be made an objective capable of evoking the emotional allegiance of students.

While suggesting a number of measures for the reorientation of education, the Emotional Integration Committee has referred to the need evolving a philosophy of education against the background of the cultural conditions in India.

In any matter of educational policy of an all-India character, the Centre, on its own motion or at the instance of the States or statutory bodies like the University Grants Commission, should confer with the State Governments and other interested parties and arrive at a decision in consultation with them. Such a policy arrived at by majority decision shall then become an all-India policy and all States shall necessarily follow it.

The Committee is of the opinion that there should be a common pattern of education in the country which will minimise confusion and co-ordinate and maintain standards. Similar opportunities for education should be made available in all parts of the country.

GANDHI MEMORIAL

Thousands from all walks of life went to Rajghat yesterday in Delhi to pay homage to the one who not only led Indian people to freedom and welded them into nationhood but also left a message of peace and brotherhood for the entire world.

The permanent Samadhi-central feature of the Memorial which has now been completed consists of highly polished black granite stones, with "He Ram" inscribed on the southern end.

According to the design, the courtyard around the Samadhi, has been paved with grey granite stone. This will be enclosed by marble barriers. Along with the four sides of the courtyard, massive 12 ft. high stone and brick walls, surrounded by earthern embankments, have been constructed. In the walls will be recesses showing murals, sculptures and inscriptions bearing on the life, work and the message of Mahatma Gandhi.

CHINA'S THREAT MUST BE MET

Prime Minister Nehru yesterday declared that even though India was a peace-loving country, she could not tolerate Chinese aggression on her soil and had to meet it resolutely.

He told a public meeting at Delhi that Chinese aggression had posed a problem India was a peace loving country. Yet she had to meet the aggression.

Love of peace did not mean that a country could out of fear sit quiet and succumb to foreign aggression. Such a country was of no use. If aggression took place, then it had to be met. Otherwise a country with all her love of peace was neither here nor there. It became demeaned and useless.

No Food Control

The Union Food Minister Patil stated yesterday that the Government proposed to export about one lakh tons of basmati rice.

He said that India had already exported about 25,000 tons of basmati rice. It was now proposed to export about one lakh tons of this variety so that they could import two lakh tons of ordinary rice on the exchange earnings.

Sri Patil said that they could not do a miracle so far as the prices of foodgrains were concerned. "Both in a developed country and in developing countries, the trend of rise in prices is universal". One way of bringing down the prices of essential articles was by more production and fair distribution, he added

The Minister felt that control and rationing were harmful under the present conditions.

Peking's Threat Of War

APOLOGY AND COMPENSATION CLAIMED

INDIA REJECTS CHINESE CLAIMS

India has told China that no amount of confused allegations or aggressive threats would deter India from resisting with firmness any violation of the Indian border by Chinese forces.

In a note dated Sept. 25, India has reaffirmed that the Chinese had not only provocatively crossed the McMahon Line, but had wantonly attacked Indian troops and inflicted casualties on them.

It has rejected the Chinese Government's right to claim an apology or compensation for the Chinese casualities in the exchange of fire between the Chinese intruders and the Dhola post.

India has urged Peking to issue immediate instructions to its intruding forces to cease their aggressive activities on Indian soil and direct them to return to the Chinese area across the frontier to the north of Thangla Ride.

Peking in its note dated Sept. 21 has threatened that "flames of war may break out" if Indian forces do not stop resisting the Chinese in the NEFA area.

This 48-year-old Municipal President is actively engaged in many social activities and was a member of the Mysore Representative Assembly for nine years. Since 1943 he has been the City Councillor.

Sri Siddiah assured today that he would do his best for the improvement of the city regardless of party affiliations.

He told pressmen that although he was thankful for the Congress for the honour of electing him as the Civic Chief, he would be above party in dealing with civic matters.

The new civic chief appealed for the co-operation of the public press and the Councillors in discharge of his duties.

Kabini Project

Kerala Chief Minister Shankar told the State Assembly yesterday that they had requested the Mysore Government to hold over construction of the dam and other works under the Kabini project so that Kerala could study the scheme, as certain areas of Kerala would be submerged when the Kabini project was completed.

The Mysore Government had replied that the implementation of the first stage of the project would not submerge any portion of Kerala.

He said that Mysore had also refused permission for Kerala to take up the Manandhawadi Hydro-Electric Project on the Manandhawadi river, a tributary of the Kabini, on the ground that it would lead to a reduction in the quantity of water in the Kabini.

P AND T. PAVILION

Mysore, Oct. 6

A highly useful and informative stall in theDasara Exhibition is put up by the Post and Telegraph Department. It displays coloured instruments, pictorial description of how a telegram is received, despatched and so on. Bread Boards explaining how the telephone and the central Battery exchange work and how trunk calls are connected. These are really very educative. Demonstration of Alignment Oscilloscope, Tone Demonstrator, and models of a wireless station,national dialling are special features of this stall.

P. W. D.

The "Mysore P W.D. Pavilion" representing the varied activities of the department is another most interesting and educative stall. It has attempted to give a bird's eye-view of the several activities of the department with the help of working models, maps, charts, photographs, etc. As a visitor enters the exhibition from the main entrance the imposing entrance of this pavilion immediately arrests his attention. The frontage depicts a panaromic view of the main activities of the department, namely multipurpose river valley projects, roads and buildings.

The model of Sharavathy Valley Project, the biggest hydro-electric project in India brings out all the main features of the gigantic project which will ultimately develop more than one million K. W. of power.

DASARA IN MYSORE

Dasara celebrations in Mysore have become a national event. attracting thousands of people from other States year after year.

The Festival has outgrown its mythological or legendary value It is today a social and cultural event. There is a common sharing of joy, forging new links of camaraderie.

Dasara is a festival primarily in honour of Shakti In Mysore, it symbolises the victory of Chamundi over the demon Mahishasura.

Goddess Chamundi is an embodiment of tolerance, self-restraint and universal love. In worshipping Chamundi during Dasara the people worship these essential qualities enshrined in her. This is done by worshipping the Shami tree and exchanging Shami leaves

Today the last day of the celebrations—Vijaya Dashami day—the Maharaja of Mysore, mounted on a richly caparisoned elephant, goes in procession to Bonni Mantap for Shami Puja. Many richly caparisoned elephants troops in colourful uniforms, different kinds of vehicles, old and new, and prominent citizens follow him to the mantap. At the mantap, the Shami tree is worshipped and Shami leaves are exchanged.

The return procession is even more colourful; the torch-light parade and millions of multi-coloured lights add to the spectacle and create a world of enchantment.

According to a legend, Lord Rama worshipped Durga during Dasara and got her blessings before attacking Ravana. It is also said that the Pandavas, after their exile for 12 years, recovered their arms hidden in the Shami tree during Dasara.

Apart from its philosophic import, theDasara celebrations leave in their wake an awareness of the social and cultural homogenity in national life.

New Era In Century

—MATEOS

The Mexican President, Dr. Adolfo Mateos stated yesterday at Delhi that the true revolution of the 20th century, which had brought about a profound change in the map of the world and in international relations, was the independence of colonial State which. for various reasons. could not achieve political sovereignty in the past

The geographical distance between India and countries like Mexico had remained the same, but, the true revolution of the 20th century had brought a change in the conscience of the peoples, who no longer felt alone and were aware that they had friends and brethern in other countries.

Dr. Mateos said that India was one of the great protagonists of this universal change. Its influence was due not only to the size of its territory, to the number of inhabitants and to the immensity of its effective and potential resources, but also to the purity of its methods. This purity was embodied in an extraordinary man, Gandhi, who constituted perhaps the highest moral example that could be offered by our century to the men of tomorrow. His name was on all lips and his memory in every conscience.

He was replying to the civic address presented by the Delhi Municipal Corporation.

5 Lakhs See Dasara Procession

Mysore, Oct. 10

Nearly five lakhs people from all parts of the country witnessed here yesterday the colourful State Procession, the climax of the ten day world famous dasara festivities.

His Highness Sri Jayachamaraja Wadiyar, dressed in ceremonial garbs mounted the gorgeously decorated howdah on the elephant at 4-42 p.m.

The procession route from the Palace to Bannimantap was illuminated with myriads of colourful lights, rendering a 'fairy-land' atmosphere to the city.

The entire three-mile route was thronged with thousands of people and they were ten to twelve feet deep on pavements, on rooftops and treetops.

Besides the colourful pageantry, the procession included six tableaux depicting Lord Ganesha, Tipuu fighting the tiger, the retreat of the Portuguese, Madakarinayaka of Chitradurga, Kumara Vyasa composing Mahabharatha and Anubhava Mantapa.

The Maharaja performed the traditional shami puja at the Bannimantap. Later there was torch light parade.

Among the dignitaries who witnessed the Jamboosavari were Mr. Carra, Italian Ambassador, Mr. Lochoro, New Zealand Envoy, Sri Dutta, Chief Commissioner of Pondicherry and Lt. Co. Dewan of Southern Command.

The return procession reached the palace at 10 p.m.

There was a heavy downpour of rain when the Procession was half-way and thousands of people were drenched.

CONSTRUCTION CORPORATION TO MEET SHORTAGE OF CONTRACTORS

Mysore, Oct. 11

Sri Veerendra Patil, Public Works Minister, disclosed yesterday that the State Government was seriously thinking of setting up a Construction Corporation.

He was declaring open a bridge on Lingarajchatra-Kallahally road near Krishnarajasagar.

Sri H. Channiah, Superintending Engineer welcomed the gathering.

Sri B. K. Shivalingappa, Executive Engineer, K. R. Sagar Division, presenting a report said that Rs. 1.60 lakh bridge had been constructed by local contractor in a very short time.

The Minister stated that the Government was facing a critical position in the execution of many projects owing to non-availability of proper contractors. Even if they were available they were dictating terms. So the Government was thinking of setting up a Construction Corporation so that developmental works did not suffer and executed expeditiously.

Sri Patil here appealed to the local people to take up the contracts for small works and thus help the Government in puttting up more roads, bridges and tanks in all parts of the State.

The Minister regretted that Mysore was unable to utilite its rightful share of the waters of the Cauvery and the Krishna owing to paucity of funds. Unless people sacrificed and helped the Government with money, he was afraid the State would lose the rights on the waters of these rivers.

Sri Patil said that many farmers in K.R. Sagar area were not paying water tax although they were using the waters. Although official figures was only 1,10,000 acres, he was afraid it was more than one and a half lakh acres under cultivation. Even the water rate paid by them was very low (flat rate of Rs. 10 per acre) when compared to other parts of the State. In the interest of other underdeveloped parts, the KRS ryots should pay more water tax.

Sri B. Y. Nelegowda, MLA presided.

ARMY ASKED TO EVICT CHINESE

NO TALKS NOW--NEHRU

Prime Minister Nehru declared yesterday that instructions had been given to the military authorities to evict the Chinese north of the McMahon Line. He could not, however, set a date for vacating the aggression.

He told newsmen that "so long as this aggression is continuing there appears to be no chance of talks with the Chinese".

Sri Nehru said that the Chinese were in a strong position, in a large numbers and on higher ground. Their base on the other side was quite near from where they could come.

The Government of Mysore has dicided to construct a five storeyed building near Vidhana Soudha at a cost of Rs. 50 lakhs for housing many Government departments which are now scattered all over the city.

NO HARIHAR-KOTTUR LINE

The Government of India have informed Mysore State that there was no need to take up the 45-mile long Kottur-Harihar rail link as the movement of ore was being diverted to other ports than Mangalore.

TRIBUTES TO SUBBARAYAN

Mysore, Oct. 13

At a special meeting of the City Municipal Council held here this morning, a resolution expressing profound sorrow on the passing away of Dr. Subbarayan, Governor of Maharashtra, was adopted.

Several councillors paid tributes to the late Subbarayan for his selfless service to the country.

SPECIAL CELL FOR RURAL INDUSTRIES

Bangalore Oct. 13

The Union Industries Minister Reddy stated here yesterday that a separate cell had been set up in the Planning Commission to increase the tempo of rural industrialisation.

He said besides setting up industrial estates in urban areas, there should be a network of small estates in villages to provide for agro-industries. The Central Government had a scheme for developing agro-industries and the State Governments had been asked to release sites.

TUTORIAL SYSTEM IN MEDICAL COLLEGES

MEDICAL RESEARCH COUNCIL FOR MYSORE

Mysore, Oct. 13

Health Minister Nagappa Alva revealed here yesterday that he was thinking of introducing tutorial system in medical education to coach backward students to improve their efficiency.

Inaugurating the 29th session of Mysore State Medical Conference, Dr. Alva said that an advisory committee would be constituted soon to advise the Government on medical and health matters.

He also disclosed that a Medical Research Council would start functioning soon in the State.

Dr. Alva said that Government would start more mobile dipsensaries to provide medical aid to the rural people and appealed to the medical men to cooperate with the Government in making the scheme a success.

The Minister said that it was very painful to hear complaints about the misbehaviour of doctors in hospitals and even some private practitioners in illtreating patients and their relatives. He said some doctors used dirty tactics to have financial gains. Such people did not deserve to be in the medical profession. It was better that they get out from the medical profession if they were so much enamoured about money and they had better fields to earn more money.

Dr. Alva came heavily on some doctors who adopted dirty tactics to get promotions, cancellation of transfers and trying to oust the other to have positions of advantage. He warned the medical men that so long as they were in Government service they had a duty to the profession, State and the country and serve in whatever capacity and place they were asked to do so.

Dr. M.N. Mahadevan, in his presidential address pleaded for the introduction of television in medical colleges to teach large number of students.

Earlier, Dr. P. D. Krishnaswamy read messages. Dr. J. J. Dharmaraj welcomed the gathering.

Dr. Ramachandra Naidu proposed a vote of thanks.

★ Sixtytwo house surgeons of the combined hospitals here yesterday staged a one-day token strike to protest against 'the Government's attitude in sanctioning their just demands and to express their full support to theircollcagures in Bangalore.'

Merit Alone For Medical Course

The Union Health Ministry has accepted the Lakshmanaswamy Mudaliar Committee's recommendation that merit should be the only guiding principle for selection of students for medical colleges in the country.

The Ministry would advise the States shortly that grants to them would be conditional on the acceptance of this principle and that grants already being given might be withdrawn in the event of non-compliance.

UNITY VITAL TO MEET CHINESE AGGRESSION

—RADHAKRISHNAN

President Radhakrishnan yesterday called upon the nation to remain united to meet squarely the Chinese aggression on Indian territory and adviced the political parties subordinate their party interest to the national obligations so long as conflict with China continued.

Speaking as New Delhi the President said that the current armed conflicts between Indian and Chinese border troops in the NEFA area were not "much to our liking" but we had to take part in it or defend our territory.

Dr. Radhakrishnan said there could be no talks between India and China unless the Chinese forces withdrew.

He expressed the hope that the Chinese would withdraw from Indian territory and bring about termination of hostility.

RESOLUTE STEPS TO FIGHT AGGRESSION

Union Defence Minister Krishna Menon declared in Bangalore yesterday that the Indian military would implement the Government's decision to eject the Chinese intruders out of Indian territory in the NEFA region "whatever the cost".

On the Ladakh front, the Defence Minister said, with equal vehemence the Indian forces would hold on to posts already held by them under all circumstances in spite of the fact that our military was heavily out numbered there.

By traditions Indian are a peace-loving nation. For seuring peace we will go to any length. But that peace, India is not prepared to secure on the basis of surrender. "We have no intention of starting a major war. We are even now prepared for negotiations but there can be no negotiation on the basis of surrender and we will not be traphed", he added.

Stressing the importance of unity at the time of crisis, the Defence Minister said, that there was no party politics in defending the honour of our country. There were only Indian people.

INDIA TO DRIVE OUT CHINA

PRIME MINISTER'S DECLARATION

Prime Minister Nehru said that the attitude of China was to seize territory and then have talks, but Indian was not prepared for that 'If we do not stop the Chinese, they will march further and further' he declared.

Sri Nehru was addressing a press conferenee at Colombo yesterday.

The Prime Minister said that China had seized about 12,000 sq. miles in the Ladaka area but in NEFA it was not so much. All our mentality, he said, was opposed for the military, conflict. 'We have to try and build up our country, We are not interested in fighting. But it becomes very difficult for us not to try to stop their advance into our country.'

Referring to the China-Pakistan border talks, Sri Nehru said that there was no border between Pakistan and China, as the border was between China and Kashmir which was now occupied by Pakistan. It was improper for countries to come to an agreement on territories which did not belong to them.

Prime Minister Nehru declared that the honour, dignity and territorial integrity of India would be protected whatever the cost and consequences.

Speaking at a civic reception held at Delhi in honour of the visiting Rumanian President and Prime Minister, Sri Nehru said that India was opposed for war to settle disputes but 'we are not a people who would bow down before aggression.'

He said that if India did not resist and fight it back, it would drag the nation down the unknown depths. It was an irony that we had been driven into a situation where we were compelled to take arms, though India's desire and efforts were for peace.

The Rumanian President praised the efforts of India to preserve world peace.

LEVY OF EDUCATIONAL CESS

CENTRAL MINISTER'S PLEA

Union Education Minister Dr. K. L. Shrimali suggested to the States to explore the possibility of levying an educational cess so that the funds could be earmarked for the spread of education.

The Minister was addressing the concluding session of the State Education Ministers' Conference at Delhi yesterday.

Dr.Shrimali called upon the State Education Ministers to take steps to see that text-books in schools were not changed frequently. The text books should be written by persons with high academic standards and these should be normally in use for atleast five years. The Conference decided for the appointment of a committee to make a detailed examination of the working of the three-language formula in the country's educational system.

It also pleaded for adequate funds for qualitative improvement of secondary education and emphasised the urgency of increasing the supply of trained teachers and need for giving a technical and practical bias to secondary education.

The Conference recommended for the establishment of more Central Universities in various States by the Union Government.

wanted special programmes of women education to be made a centrally-sponsored scheme.

INDIAN COMMUNISTS CONDEMN CHINESE AGGRESSION

The Chairman of the Communist Party of India Sri S. A. Dange declared yesterday at Delhi that 'It was the intrusion of the Chinese forces to the South of the McMohan Line thus violating the Indian territory' which spoilt the hopeful situation that had emerged in the border dispute between India and China a few weeks ago.

He said that his party took as true the report of the Government of India that the Chinese had crossed the McMohan Line in NEFA.

The Communist leader described the anti-India and anti-Nehru propaganda by the Chinese as 'wrong and very offensive.' India was neither aggressive nor expansionist and Sri Nehru's 'foreign policy is not made either by dollar aid or rouble aid,' These statements by the Chinese made the situation worse and vitiated the efforts of a settlement, he added.

FINAL SUCCESS WILL BE OURS

GIRD UP YOUR LOINS TO FACE AGGRESSION

—NEHRU

Prime Minister Nehru yesterday assured the nation that despite initial reverses on the northern border, on account of the continued and unabashed aggression by the Chinese, 'the final result of this conflict will be in our favour".

In a nation-wide broadcast he appealed to the people to sacrifice everything else "in this great crisis". He said, "we must gird up our loins and face this greatest menance that has come to us since we became independent".

Describing the Chinese as a "powerful and unscrupulous opponent" Sri Nehru said, Chinese Government had returned evil for good and committed aggression "on our sacred land".

Paying a tribute to India's armed forces for facing courageously the overwhelming numbers, the Prime Minister said, "I am grieved at the setback to our troops that have occurred on this frontier and reverses we have had. There may be some more reverses in that area."

Urging the need to build up our military strength, he appealed to the workers not to indulge in strikes or in any other way which come in the of way increasing production.

He called upon all the parties, groups and people to unite "in this great struggle that has been forced upon us."

The Prime Minister said that India would stick to the policy of non-alignment and seeking friendship of all nations.

NO SPL. SESSION OF PARLIAMENT

Prime Minister Nehru yesterday summoned a meeting of the Union Cabinet to review the latest developments on the border situation.

After this emergency meeting of the Cabinet it became clear that no special session of Parliament was likely to be convened to discuss the Sino-Indian border situation. Parliament is scheduled to meet on Nov. 19 for its winter session.

In Government's view, the border situation at present did not warrant calling of an emergent session of Parliament.

CENTRE'S AID TO DAIRY PROJECT

Bangalore, Oct. 23

The Central Government has agreed to bear the entire cost required to complete the Rs. 150-lakh dairy scheme now being established in Bangalore.

Prohibition: An Undemocratic Policy

BRITISH M.P.s VIEW

Bangalore Oct. 23

British Labour M. P. Woodrow Wyatt observed here yesterday that the policy of prohibition seems to have done nothing but favour, advance and stimulate the criminal classes and corrupt the police.

The bootlegging business which prospered under cover, he said, was not healthy and the policy itself was not democratic because the decision should be left to the individual himself in these matters.

PSP NATIONAL EXECUTIVE MEET

Mysore, Oct. 23

Nearly 275 members of the National Executive and General Council of the Praja-Socialist Party will participate in the meetings to be held in Mysore from Nov. 3 to 8.

The National Executive Committee will meet for two days from Nov. 3 and the General Council for three days from Nov. 5 at the Townhall.

Sri B. K. Puttiah, Chairman of the Reception Committee, and Secretaries Messrs. T. V. Srinivasa Rao and T. R. Subba Rao yesterday explained to Pressmen the arrangements made.

The two-member Danish team will be arriving in Mysore today. They are looking for a suitable site in the country for the location of the Danish dairy project.

Chinese Use Tanks

For the first time, the Chinese forces used tanks to break the resistance of jawans and overpower an Indian post in Ladakh.

Thirtyone Indian soldiers manning this post had heroically repulsed three determined attacks, inflicting heavy losses on the Chinese who were five times their number.

Three other posts also fell in this area after a series of Chinese assaults which were supported by heavy mortars and mountain guns.

NEW BUILDING FOR EXHIBITION

Mysore, Oct 23

Home Minister R. M. Patil told here on Sunday that there was need for a new exhibition building, as the one existing now was too small to accommodate the numerous exhibits.

He was replying to a reception given in his honour by the All-India Exhibitors' Association.

Sri M. C. Mahadevaswamy, President, welcoming the Minister urged for more facilities including providing lodging.

The Home Minister said that as soon as a suitable site was available the exhibition would be shifted and promised to give them more facilities by next year.

Sri R. G. Shamanna, Secretary, proposed a vote of thanks

PLEA FOR A NATIONAL GOVERNMENT

ORISSA LEGISLATURE'S DECISION

The Orissa State Assembly yesterday unanimously recommended to the Prime Minister for the formation of a National Government both at the Centre and the States as all political parties had announced their decision to fight the Chinese aggression.

The resolution was moved by the Chief Minister Sri B. Patnaik.

The Assembly also recommended the setting up of a Defence Council which should include all the Chief Ministers.

The House observed a minute's silence in memory of the Jawans who laid down their lives defending the country's northern border.

MEMBERS GESTURE

As a token gratitude, the members decided to send their 15 days' salary to the Prime Minister to provide gift parcels to our soldiers.

PLEA TO BAN IMPORT OF SILK

Bangalore, Oct. 23

Mysore Government have decided to seek protection to the State's silk industry from the Centre, particularly for filature silk.

Deputy Minister for Sericulture, SriR.Dayananda Sagar who is proceeding to Delhi today proposed to request the Central Government to ban totally the import of silk from Japan, to help growth of the indigenous industry.

Speaking to Pressmen, the Deputy Minister said yesterday that nearly three lakh lbs of silk was annually imported. Due to its superior quality, the State Government was forced to sell its silk produce less than the cost price. The production cost was Rs. 46 per pound and selling price Rs. 36.

Approximately 80 per cent of the country's silk was produced in Mysore State and the selling price as well as production price had to be regulated if not the cocoon rearers would be hit hard.

National Govt. Suggestion Criticised

The resolution adopted by the Orissa legislature suggesting the formation of all-party national Government at the Centre and the States has been strongly opposed by a section of Congress members of Parliament and have opined that the initiative ought not to have come by a State Minister belonging to the Congress Party. It was a matter for the Congress High Command to consider.

About 30 Congress members of Parliament met yesterday at Delhi, including Dr. Hare Krushna Mehtab, U. N. Dhebar, Mahavir Tyagi and discussed present situation arising out of the developments in NEFA and related matters.

They have reported to have said that the Prime Minister Nehru and the Parliament had been misled in the past about the security arrangements in the NEFAand those responsible for this should properly be dealt with.

As regarding the formation of national Government, they were of the view that parties which did not subscribe to either parliamentary democracy or socialism could not be taken in a Government. They said hat the action of the Chief Minister of Orissa sponsoring such a motion in the legislature was not only against decipline but highly improper.

Cut In Ministers' Tour

Bangalore, Oct. 24

The Government of Mysore are considering the question of restricting the tours of the Ministers, Deputy Ministers Secretaries to Government and Heads of Departments, to effect economy to meet the expenditure involved in the defence of our country from Chinese aggression. Inspection tours will be stopped unless such tours were unavoidable.

It is stated that henceforth the Ministers will tour in the State for 6 days in a month and the Deputy Ministers for eight days.

INDIA NOT FOR ARMS AID

Prime Minister Nehru declared in a television interview broadcast at London that India will not ask for Western military aid in her frontier conflict with China. India would buy military material from the West, he added.

The Prime Minister said that the present conflict was most serious-it amounted to war, even though there had been no declaration of war.

Defence Minister Krishna Menon described the Chinese action as total aggression against India.

BLOCKADE OF ARMS SHIP

U. S. President Kennedy announced last night a blockade of all ships carrying offensive weapons to Cuba following what he called the preparation of Soviet missile sites there.

The Soviet Union has given a serious warning to America on its Cuba policy and announced a series of measures to increase the combat rediness of the Soviet Army and Warsaw Pact forces.

STRENGTHEN DEFENCE TO RECOVER LOST AREA

——RADHAKRISHNAN

President Dr. Radhakrishnan yesterday endorsed the Prime Minister's determination to meet the Chinese aggression and ultimately recover lost ground.

Inaugurating the two-day conference of Governors in New Delhi, he said that if any nation was permitted to commit naked aggression with impunity, the future of the world be greatly imperilled.

The President was pained to see the borders, which for over 2,000 years saw only exchange of seekers of knowledge, pilgrims and traders, should have been converted into a battleground.

Dr. Radhakrishnan said that by launched large-scale attacks in the Ladakh and NEFA sectors, China had shown that its real intention was to solve the border issue by force of arms and not through mutual discussion. In the circumstances there was "no alternative left for us but to strengthen our defences, defend our territory and recover lost ground."

C.D. PROGRAMME IN ENTIRE STATE

Bangalore, Oct. 24

The entire Mysore State is now covered with the Community Development programme with the recent allotment of 24 new pre-Extension Blocks.

The total number of C.D. Blocks in the present 172 taluks is 268. C. D. movement began in the State in 1952, and in 1956 there were 76 block units covering 70 taluks. In March 1962 there were 220 units covering 154 taluks.

Under the programme each block unit is allotted Rs. 17 lakhs for a period of ten years.

A notification issued by the Additional District Magistrate, Mysore to this effect, prohibits the letting off or throwing of all varieties of fire crackers in or upon public streets and places of public resort like parks and market places.

U.N. SHOULD ASSURE SAFETY OF NATIONS

President Radhakrishnan appealed to the nations of the world to get together and create the nucleus of a world authority 'to assure the safety of nations from attacks by their powerful neighbours.'

In a broadcast on the eve of the United Nations Day yesterday, he said that a world without fear and hunger might seem to be impracticable. But all historical experience confirmed the view that man would not have attained the possible unless time and again he reached out for the impossible.

The U. N. organisation, he said was a "symble of a new world and the hope of humanity"

INDIA REJECTS 'VAGUE' CHINESE PROPOSALS

GO BACK TO SEPT. 8 POSITIONS

INDIA'S CONDITION FOR TALKS

The Government of India yesterday announced that it would be prepared to undertake talks and discussions with the Chinese Government at any mutually agreed level provided the Chinese forces "go back at least to the position where they were all along the Sino-Indian boundary prior to Sept. 8, 1962, when they first crossed the McMahon Line.

India would be prepared to welcome Mr. Chou En-lai or any other representative of the Chinese Government on a mutually agreed date after acceptance of this proposal, which was described as "fully consistent with the dignity and self-respect of both India and China", the aunouncement said.

The Government of India, formally commenting on a three point proposal issued yesterday by the Chinese Government said, while India was always prepared to resolve differences by talks and discussions, such talks should be "on the basis of decency, dignity and self respect and not under threat of military might of any country, however strong it might be".

"India cannot and will not accept a position under which the Chinese forces continue to commit aggression into Indian territory, occupy substantial Indian territory and use these as a bargaining counter to force a settlement on their terms" it added.

India pointed out that China's proposal that both sides withdraw 20 kilometres (12½ miles) coming as it did particularly after the Chinese forces had advanced 40 or 60 kilometres (25 to 37½ miles) by blatant aggression "is deceptive device which can foll nobody".

U.N. ONLY HOPE FOR SURVIAL

Prime Minister Nehru speaking at the U.N.'s 17th anniversary celebrations at New Delhi yesterday said that at present juncture, when the world was "on the brink of war and destruction" the United Nations offered the only hope of peace and survival.

He said, it was tragic that India, which had talked so much about the U.N.'s Charter and world peace should be involved, much against its wishes, in conflict on its borders. "But we have not transgressed on any other nation's territory, whatever has happened, has happened on our territory".

MID-DAY MEALS FROM NEXT YEAR

Bangalore, Oct. 25

Education Minister Kanthi stated here yesterday that the State Government was studying a proposal to supply free slates and books to all primary school pupils upto the fourth year from the coming year.

The mid-day meal scheme for primary and middle schools was ready and it would be implemented from the coming year covering five lakh of children, he said.

All merited students, the income of whose parents is below Rs. 1,200 per annum will be given scholorships in high schools and students whose parents income is less than Rs. 2,400 would be entitled to scholarships in colleges.

LAND ACQUISITION TO CONTINUE

Bangalore, Oct. 25

Sri Devaraje Urs, Minister for Labour, Housing and Transport, told at Bangalore yesterday that the State Government would go ahead with the policy of acquiring lands in bulk to push through the various schemes like low-income group housing. slum clearance and labour housing even though the actual tenments may not be built immediately.

SHARAVATHY TO COST MORE

Chief Minister Nijalingappa told at Shimoga that the progress of the Sharavathy project was quite satisfactory. He hinted that the cost of the project might go up a little.

Invaders Seize 3 Indian Posts

Three more Indian posts in the NEFA sector and one in Ladakh have been given up by the Indian forces after gallantly resisting the overwhelming Chinese forces.

The tiny monastery town of Tawang, situated at an altitude of 10,000 feet is menanced by a two-pronged attack, from the west and the north, by the Chinese forces.

The three posts in the NEFA sector that were given up are: a border post at Asafila, 25 to 30 miles south-west of Longju, Kibitoo, 14 miles from the Burmese border in the Lohit division and Bumla.

From all accounts, it appears the invaders have made two to three miles advance in the past 24 hours.

The Galwan valley post in Ladakh, which has been gallantly holding on for several weeks against heavy odds, is now given up for lost. There has been no contact with the post for the past three or four days.

SOVIET HELICOPTERS FOR INDIA

India is seeking more helicopters and transport planes from the Soviet Union, it is learnt.

A high-power Air Force mission will soon leave for the Soviet Union to negotiate the deal. Mostly MI-4 helicopters are required urgently for airlifting troops and supplies both in the northern Ladakh and Thagla ridge areas.

KHRUSHCHEV FOR SUMMIT

Soviet Premier Khrushchev, in reply to a telegram sent by Philosopher Bertrand Russel, said "We would regard it useful to have a summit meeting", according to the Soviet official news agency TASS.

He said, "The Soviet Government will take no rash decisions. It will not let itself be provoked by the unjustified actions of the USA. We will do everything which depends on us to prevent launching of a war. We would think a meeting on the highest level to be useful."

The Soviet Foreign Ministry firmly rejected the American demand that she dismantle her installations in Cuba at the crisis session of the U.N. Security Council that threatened to blow up the U. N. and the hold of civilisation with it.

The blockade imposed by the United States against ships carrying offensive weapons to Cuba went into effect at 10 a.m. (19-30 IST), yesterday.

Free Books For Poor Students

Mysore, Oct. 26

Education Minister Kanthi said here yesterday that Mysore State would get 380 tons paper for production of text books. This was from the free gift of paper from Norway and Sweden. Text books printed out of this quota would be distributed free of cost to poor and deserving students from next yrar.

The Minister was speaking to Pressmen last evening.

The Pressemen had in formal discussion of the Mysore University affairs. It was pointed out that much was being made out of something common in all the universities by some interested parties.

REDS CONDEMN CHINESE AGGRESSION

The State Executive of the Kerala Communist Party condemned in strong terms the Chinese aggression on India's northern borders.

In a resolution passed yesterday at its meeting at Ernakulam, the Executive said that the Chinese action went against the principle of co-existence accepted by the world Communist movement and against the fraternal relations that should exist among various ccuntries and States.

It called upon all party members and sympathisers to mobilise all-out support to all the steps that the Government of India took for the defence of our Motherland.

It also opined that the latest proposal of the Indian Prime Minister that both Chinese and Indian troops should withdraw to positions occupied before Sept. 8 was just and most reasonable.

Change Defence Policy

Sri C. Rajagopalachari has urged the Prime Minister to take over the Defence portfolio in view of the present Chinese aggression.

In a statement, Sri Rajaji said that it had been proved that the foreign policy and defence administration of the present regime was a failure. 'All our neighbours are either against us or have lost confidence in us. We have failed in our foreign policy by any test'. As regards the defence administration, it has proved to be a miserable failure.

Sri Rajaji said 'I feel that the Prime Minister should not now hesitate to take up the responsiblity on himself and change his policy drastically and relieve the present Defence Minister.'

Sri Rajagopalachari expressed himself against replacing the present Government by on all-party national Government. There was no such national danger as to justify such a step, he added.

Meanwhile he said, the present meaningless talk about trying to go on with the plan in spite of so called war situation must be dropped.

Tawang Falls To Chinese

The Indian troops, after gallantly resisting a three-pronged onslaught and inflicting heavy casualities on the Chinese, withdrew from the Buddhist centre of Tawang, about 16 miles south of the McMahon Line.

The abbot and a number of monks of the monastery as well as all the 300 inhabitants of the town were safely evacuated to Bomdila about 50 miles away.

The deepest Chinese penetration into Indian territory in the Northeast Frontier Agency is in Tawang sector, where the Chinese forces reached a point 16 to 17 miles from the McMahon Line.

In the Ladakh sector, in thr Galwan area, one of the Indian posts withdrew from there after some fighting.

The Chinese on Wednesday also attacked the last of the five posts in the Chushul sector but the attack was repulsed.

DISMISS MENON

Three Swatantra Party leaders Messrs M. R. Masani, H. P. Mody and N. Dandekar have demanded dismissal of Defence Minister Krishna Menon during the present emergency.

NOTICE

The SAMACHAR Office will remain closed tomorrow on account of 'Naraka Chaturti. Hence there will be no paper dated 27-10-62.

Firing by Pak Troops on Indian Villagers

Pakistani border forces opened fire on Indian citizens at Doulbani, situated between Sabroom town and Chutakhil on the Feni river.

It is stated that while a group of villagers were bathing in the Feni river some Pakistani nationals from the other bank rushed towards them with deadly weapons. During altercation, the Pakistani border forces opened a few rounds of fire.

A strong protest has been made by the Tripura administration to the Deputy Commissioner of Chittagong.

STEEL PLANTS TO MAKE DEFENCE PATTERN

Union Minister for Steel and Heavy Industries Subramaniam told at New Delhi that the steel plants and the heavy industries in the public sector were being immediately switched on to a pattern of defence production.

INDIAN SUGAR FOR JAPAN

India has concluded a deal with Japan for supply of 1.5 lakh tons of sugar over a period of 12 months. Japan will pay 50 per cent of the cost of the entire sugar in foreign exchange and for the balance she will supply fertilisers.

KEEP OFF CUBA

U. N. Secretary General U Thant offered his good offices in the U. S.-Soviet dispute of Cuba. He has sent identical messages to Mr. Kennedy and Mr. Khrushchev.

U Thant appealed to Mr. Khrushchev to suspend arms shipments to Cuba and to President Kennedy to suspend the blockade, both suspensions to be for two to three weeks.

The Soviet official news agency Tass reported that Mr. Khrushchev replying to U Thant's personal appeal declared "I agree with your proposition which corresponds to the interests of peace".

The U. S. Defence Department yesterday confirmed the interception of a Soviet tanker headed for Cuba, but allowed to proceed after navy vessal ensured that it did not carry offensive weapons.

NO NEGOTIATIONS ON BASIS OF SURRENDER

Defence Minister Krishna Menon told at New Delhi yesterday that while India was always amenable to negotiations "we will not negotiate on the basis of surrender".

He declared that though our soldiers had to withdraw from certain posts for tactical reasons, no inch of land was lost to the Chinese aggressor without the most stiff resistance. "We will fight from post to post and hill to hill and shall not rest till the raiders are cleared from the soil of the motherland."

Sri Menon, who paid a flying visit to Leh and Srinagar yesterday, discussed with the army commanders and others the progress of action now being taken against the Chinese intruders in Ladakh. He also met and talked to the troops in Leh.

POTTERY EXHIBITION

Mysore, Oct. 29

The Indian Pottery Exhibition, the first of its kind in the City, has been arranged here at the C.T.I. Arts and Crafts Show Rooms.

Mrs. F.K. Irani, Chairman of the Advisory Board, told the Pressmen that articles from various parts of the country had come for exhibition. About 750 rare articles have been exhibited. The exhibition will last up to Oct. 31.

SOVIET MISSILE BASES TO BE DISMANTLED

Soviet Prime Minister announced that Russia had ordered the dismanting of its missile bases on Cuba. He told U.S. President Kennedy that the equipment "which you call offensive" would be "dismantled, packed up and returned to Russia, according to Moscow Radio.

He said dismantling of the Soviet bases would be carried out "under United Nations supervision" following Mr. Kennedy's assurance that the U.S. would not invade Cuba.

Mr. Khrushchev, however, warned against the U.S. violations of "Cuban air space" and said it would have serious consequences.

U. S. President Kennedy said that Mr. Khrushchev's decision to dismantle the Soviet missile bases in Cuba "is an important and constructive contribution to-wards peace".

Cuban Premier Fidel Castro was reported ot have demanded that the U.S. give up its big naval base at Guantanamo Bay in Cuba.

3 KILLED IN LORRY RUN-OVER

City's Contribution

Mysore, Oct. 29

The City Municipal Council, at its special meeting, yesterday, sanctioned a donation of Rs. 10,000 to the National Defence Fund. In the meeting Sri H. Kempe Gowda announced his one month's earnings, Rs. 500, for the Fund.

The District Association of Bharat Scouts and Guides of the city has donated Rs. 100 towards the Defence Relief Fund.

The City Co-Operative Bank yesterday decided to donate Rs. 101.

The students and teachers of the Maharaja's College, at their meeting held to condemn the aggression of the Chinese, made a spot collection of Rs. 85 towards the Jawans Welfare Fund.

The poor students of the Municipal Hostel have contributed Rs. 15 in aid of jawans.

At a Jan Sangh party meeting 300 members agreed to donate blood for jawans wounded in the fight against the Chinese.

The Mysore Branch of the Communist Party has extended its full support to the Union Government in its defence policies taken against the Chinese.

DEFENCE OF INDIA ORDINANCE

DEATH PENALTY FOR FIFTH COLUMNISTS

NATIONAL DEFENCE FUND

A National Defence Fund Committee has been set up with the Prime Minister as the Chairman and the Finance Minister as Treasurer.

This Fund provides an opportunity to the people to make voluntary contributions in money and gold.

U.S. READY TO GIVE MILITARY AID

The U.S. State Department condemning the aggressive actions of China over India, remained ready to respond sympathetically to Indian requests for military supplies.

A spokesman of the Department announcing this said so far no request had come.

The meeting of the Mysore South (Workshop) Branch of the Dakshin Railway Employees Union called upon all the railway workers to donate at least one day's wages towards the border operation relief fund.

The Defence of India Ordinance promulgated by the President on Oct. 26 and which has come into effect immediatly has prescribed death penalty for fifth column activity that may assist the Chinese aggression.

The Act provides special measures to ensure public safety and interest, the defence of India and civil defence and for the trial of certain cases.

The Central Government has been empowered to make necessary rules in this connection:

Commandeering of places, buildings, vehicles, vessels, aircraft and transport vehicles, control of postal and other communications and to control the entry or exit of persons from India.

The State Governments have been given power to constitute bodies called Civil Defence Service and appoint a controller to command each body.

They have also been empowered to set up one or more tribunals to try offences under the rules of the ordinance.

Under the ordinance the Officials Secrets Act has also been tightened.

NEHRU TAKES OVER DEFENCE

MENON IN CHARGE OF DEFENCE PRODUCTION

COMMUNIST PARTY OFFICE RAIDED

Over 5,000 demonstrators shouting anti-Chinese slogans yesterday ransacked the central office of the Communist Party of India at New Delhi and set fire to it.

Later the demonstrators marched to the office of the Delhi unit of the party and pulled down the signboard and trampled over it shouting "Chini Agents Murdabad".

NKRUMAH SAD OVER UK ARMS AID

Ghana President Nkrumah in a letter to British Prime Minister Macmillan has said that he was "gravely distressed and saddened to hear the report of your statement in the House of Gommons that the British Government will give India every support in her fight against China", says an announcement in Accra.

MORE RICE & WHEAT FROM U. S.

The Union Food Ministry has accepted the offer of the U.S. State Department for the supply of further stocks of foodgrains to meet the emergency. It has asked for an additional monthly supply of 50,000 tons of wheat and 20,000 tons of rice over the normal supplies under PL 480, from the current month till June 1963.

Prime Minister Nehru has taken over the Defence portfolio from today.

Sri V.K. Krishna Menon has been appointed Minister for Defence Production and he will continue to be a member of the Union Cabinet.

This dramatic decision came after a meeting yesterday between the President and the Prime Minister.

There were demands from several sections in the country, including members of the Congress Party for this change over.

Some of the senior Ministers also discussed the matter with the Prime Minister in the past three or four days to impress on him the imperative and urgent need for a change in the Defence portfolio, it is learnt.

The new Department of Defence Production is obviously created to meet the increasing demands of the Army for equipment and stores in the present crisis.

It is not known precisely what will be the function and role of the new Ministry. The Cabinet secretariat is expected to work out rules defining its scope.

Transmitter Stations To Begin Work Soon

Mysore, Nov. 1

The Union Minister for Information and Broadcasting, Sri B. Gopala Reddy, told Pressmen here yesterday that the proposed tansmitter stations at Gulbarga and Bhadravati would sart functioning soon.

Sri Gopala Reddy appealed newspapers in the country to be cautious against the rumours that were usually raised in emergencies.

In reply to a question whether the Government was thinking of imposing any censorship, he said, "let us not anticipate such a situation".

The Union Minister who paid a short visit to the city also visited the Brindavan Gardens, yesterday.

HOUSE SURGEONS STRIKE CALLED OFF

Mysore, Nov. 1

The house surgeons of the combined hospitals in the city have decided to call off the proposed strike from today, in view of the national emergency. In a statement issued by the Secretary, Sri H. S. Narayana Sharma, they have pledged to serve the nation in any capcity as the situation demands.

They have also raised Rs. 300 towards the National Defence Fund.

Exchange Of Fire In NEFA

Indian troops which probed forward near Jang on Monday, again engaged the Chinese positions by artillery fire, a few miles of the Buddhist monastery town, Tawang, in NEFA.

There was also some exchange of fire between our troops and the Chinese forces near Walong at the extreme end of NEFA.

In Ladakh, there was no change in the situation.

PROHIBITION WEEK

Bangalore, Nov. 1

Prohibition Week will be celebrated in all the 'Dry' districts of the State from Nov. 5 to 11, with a view to bringing home to the people the evils of the "Drink" habit.

The Police Department will organise intensive drives for the detection and enforcement of prohibition and the police officers doing work will be given awards.

DISPLAY OF GRAIN PRICES

A system of fixing foodgrain prices and the display by both wholesale and retail trade have been agreed upon by the Planning Commission and the Union Ministry of Food and Agriculture, it is learnt.

The Government's decision on price control measures are expected to be finalised soon.

U. S. ARMS AIRLIFT TO INDIA

The United States will begin airlifting priority military items, including light infantry weapons, required by India, shortly without awaiting payment agreements to help meet the situation "created by massive Chinese Communist attacks".

The State Department said, "Our decision to supply defence assistance to India in response to Nehru's request is prompted by a specific situation created by massive Chinese Communist attacks".

PLAN MODIFICATION FOR DEFENCE NEEDS

Union Minister for Industry and Commerce K. C. Reddy told at New Delhi that some industrial units in the country would soon be switched over to manufacture goods needed for defence purposes. The Planning Commission was considering the need for modifying the Plan, he said.

The Southern Railway Employees' Sangha has decided to contribute Rs.51 to the Prime Minister's Fund.

The Marwari Jain Merchants of the city have donated Rs. 6,550.

DEVELOPMENT OF IRON ORE MINES

A team of West German and Italian experts have arrived in New Delhi to study the possibilities of developing iron ore mines in Mysore State and its shipment through Marmagao Port.

Another delegation will shortly visit India to make long-term arrangements for the import of iron ore from the mines of Bellary and Hospet in the State.

AIR SPONSORED PROGRAMMES

Bangalore, Nov. 2

Sri Gopala Reddy, Union Minister for Broadcasting and Information, told here yesterday that a committee was to be appointed to scrutinise and report the feasibility of All India Radio agreeing to broadcast "sponsored programme".

The idea behind this suggestion was that any renowned firm could sponsor a programme at its cost, paying leading artistes much more than what AIR paid and after the programme was approved by AIR it could be broadcast.

Speaking about the television scheme he said, it might become a 'remote possibility' in view of the emergency caused by the Chinese aggression.

APPEAL FOR MORE FUNDS

Mysore, Nov. 2

The City Municipal President, Sri K. Siddiah, in an appeal has requested the citizens to contribute liberally to the National Defence Fund. In this connection a Citizens' Meeting has been arranged tomorrow at 6 p.m. in the Townhall. Home Minister R. M. Patil will address the meeting.

CO-OPERATION WEEK

Mysore, Nov. 2

The All India Co-Operation Week will be celebrated here under the auspices of the Mysore District Co-Operative Union, from Nov. 3 to 9 at the Co-Operators' Home, and in other parts of the city.

PLAN EXPENDITURE EXCEEDS TARGET

Bangalore, Nov 2

The Third Plan in the State had a good and effective start. During the first year the expenditure shot up against the ceiling fixed.

The total Plan provision for the first year was Rs. 36.5 crores. The expenditure was Rs. 41 crores, excluding the amount spent on schemes of the Bhadravati Iron and Steel Works and the Electricity Board.

This was achieved despite severe jolts the State's economy received on account of unusual rains and floods.

CHECK ON MALPRACTICES

Prime Minister Nehru yesterday anuounced at New Delhi that non-official committees to check malpractices would shortly be set up all over the country.

The committees apart from helping the authorities in ensuring law and order would arrest the raising of prices and also people from indulging in rumour-mongering and other acts prejudicial to the interests of the State.

Britain Jets For India?

The Government of India has been informed by the British Government that it was in a position to send jet bombers and fighters to India under the proposed lend-lease agreement, it is learnt.

Canberra jet bombers and Hawker Hunter jet fighters may also be flown out immediately. A large number of British jets can be made available within 24 hours.

BUS FARES TO BE INCREASED

Bangalore, Nov. 2

The passenger fares in the nationalised transport service in the State has been raised by ten per cent with effect from Nov. 15.

The present fare will be rounded off to the nearest naya paisa at every stage in the city and to the nearest five naya paise on the mofussil routes.

SCRAP PROHIBITION

The Mangalore Municipal Council unanimously passed a resolution requesting the State Government to scrap prohibition as the purpose of the law had failed due to increase in illicit distillation and to raise huge sums needed for defence expenditure.

CPI Calls China "Aggressor"

The National Council of the Communist Party of India yesterday at its meeting in New Delhi, accused China of committing aggression on India and said that the crossing of the international frontier, McMahon Line, between the two countries was a violation of the solemn undertakings given by the Chinese Government during the last three years.

It extended its "full support" to the Government of India's conditions for opening negotiations for a peaceful settlement of the Sino-Indian border dispute.

The Council said the claims which had been put forward often and often by the Chinese Government that the McMahon Line was 'illegal" were "completely untenable" and on no account could such arguments justify Chinese launching of aggression on India.

Stop Purchasing Gold

The Union Finance Minister Morarji Desai has appealed to every citizen of this county to resolve not to purchase gold until the last invader had been driven out.

'If each one of us', he said 'were to take this solemn resolve, the price of gold would come tumbling down and smuggling would come to a stop'.

In a broadcast to the nation, the Finance Minister said that the possession of large amounts of gold for purposes of ostentation, and even worse for hiding ill-gotten money could only be regarded as a national crime, when the need for resource for the defence of the motherland was as urgent and critical as it was today.

Announcing the issue by Government of bonds against the sale of gold at the international price, the Minister appealed to everyone to subscribe to these gold bonds.

He said that Government proposed to adopt measures in the near future which would make it difficult for smuggled gold to be sold in the market.

The National Development Council yesterday meeting at Delhi, pledged the nation "in every effort and sacrifice to effect vacation of the Chinese aggression".

The Council declared "We are fighting for our freedom and our honour, to save the democratic way of life adopted in our constitution With faith in the justness of our cause, we dedicate ourselves to protect our motherland".

The Council, which considered the reshaping of the Third Plan in the context of the Chinese aggression, decided that the country's plans of development were an integral part of the national defence and as such the successful and speedy implementation of the Plan with the necessary reorientation to meet the emergency became all the more imperative.

AYUB'S FEAR

Pakistan President Ayub Khan, in a statement said "the large amount of military equipment that is being rushed to India from the United States and the United Kingdom to meet the Chinese aggression may have the effect of enlarging and prolonging the conflict between China and India".

NEHRU'S REPLY TO KHRUSHCHEV

Prime Minister Nehru in reply to Premier Khrushchev's message for peaceful talk with China without pre-conditions has reiterated India's stand that Chinese should withdraw to the line which they held prior to Sept. 8, 1962 and thereafter talks would be held.

Girl's Death

Daulet Beg Vacated

The Indian troops made a planned withdrawal a few days ago from Daulet Beg Oldi, near Karakoram Pass, to a better defensive position in Ladakh.

Daulet Beg Oldi is two miles west of the Chinese 1960 claimed line.

It is stated that the Chinese have now occupied all the area claimed by them in Ladakh in their map of 1960 and in one or two places even beyond their claimed lines.

An Indian official spokesman said that he was not sure that the Chinese had occupied Oldi, but admitted that if the Chinese had occupied it, it would give them a better position to control Karakarom Pass into Pakistan-occupied territory in Kashmir.

Meanwhile Chinese newspapers in Peking have reported that the Indian troops near Pangong lake in the Western sector of the Sino-Indian border have been shelling Chinese position for the past week.

Additional Taxation

Finance Minister Morarji Desai gave an indication to the National Development Council of a larger taxation programme than what was expected for the Third Plan as necessary to meet the present emergency

The State Governments are understood to have been directed to review each source of revenue regularly and systematically from the point of view of augmenting its yield.

The States are also reported to have been asked to step up recovery of taxes and loans due to the Government. Bonus and gratuities may also be paid in the form of defence savings.

HOSPITAL FOR JAWANS

Sri Rameshwar Tantia, M.P. and an industrialist of Rajasthan, has decided to set up a 100-bed hospital at Tezpur for wounded soldiers on the NEFA front.

He has also contributed Rs. 1 lakh to the defence fund besides donating 100 tolas of gold.

The German athlets who are now in Madras for the track and field internationals, have donated Rs. 225 out of their pocket money to the Red Cross for the Indian soliders fighting the Chinese aggression.

ACCEPT ARMS FROM WEST LIBERALLY

--RAJAJI'S PLEA

Sri C. Rajagopalachari yesterday advised the Union Government to take modern arms and weapons liberally from the Western powers to equip our armed forces effectively and to snatch away the initiative of the Red Chinese army to launch offensives on Indian territory.

Addressing a meeting at Delhi, he warned the Government that it would be committing a 'fatal mistake' if it even now thought that Russia would intervene and would help India for the settlement of the Sino-Indian border dispute.

He advised Sri Menon to resign from the Cabinet, because, rightly or wrongly, people of the country think that he had not run the defences of the country properly and effectively.

Rajaji also appealed to the Central leadership of the Communist Party of India to dissolve the party at least till the Chinese aggressions were not driven out from the every inch of our territory.

He advised his Communist friends all over the country to retire from public life till the Chinese invaders were thrown out because people of a country had apprehensions and suspicions about their nationalism.

DEFENCE ALLOTMENTS MISUSED ?

Sri J. P. Kripalani asked yesterday what has become of Rs. 400 crores annually allotted for the defence of the country since "the Indian jawans are fighting the Chinese intruders without woollen clothes and automatic weapons".

He said half the total revenue of the country was spent on defence every year and the people would like to know where the money went.

He held Sri Krishna Menon personally responsible for the reverses India had suffered in the border fighting and demanded his removal from the Union Cabinet.

3 TOP REDS QUIT

Mysore, Nov. 8

Sri M.R. Ramaswamy of Bharat Scouts, who had served in the Second World War as a commissioned officer, has offered his services to fight against the Chinese aggression.

KRISHNA MENON QUITS

Prime Minister Nehru yesterday accepted the resignation of Sri V. K. Krishna Menon from the Union Cabinet.

Sri Nehru's announcement came at the end of the Parliamentary Congress Party meeting.

Sri Nehru told the party that Sri Menon had offered to resgin on several occasions, the latest being on Oct.30 and had been pressing him to accept it. But Sri Nehru added that he did not make up his mind because he wanted to utilise his talent and knowledge for defence production for which he had shown remarkable zeal. He had since been compelled to take the decision with regret on account of controversy over Sri Menon.

Sri Krishna Menon had been a Cabinet Minister for nearly seven years. During the last five years, he was the centre of controversy not only abroad, but at home as well His policy in regard to equipment of the army created a good deal of controversy. This, however, did not affect the Prime Minister's confidence in him.

The initial reverses suffered by the Indian army against the Chinese intruders made Sri Menon the focal point of bitter criticisms and attacks within his own party.

Indian Reds Held

Many prominent leaders of the Communist Party of India belonging to the pro-China group were taken into custody yesterday under the Preventive Detention Act.

Sri Ranadive, former Secretary General, was arrested in New Delhi. In Bombay, nearly 41 members of the Communist Party including 4 women, known to be pro-Chinese were taken into custody.

REORIENTATION OF PLAN

Bangalore, Nov. 8

Chief Minister Nijalingappa stated yesterday that while the Plan would be reoriented to suit the defence efforts of the country, the basic goal of planning, namely, the increased food output, industrial production and power, would be kept up.

Our Brave Jawans

Stories of sheer courage and bravery shown by our jawans, when they were over-run by the treacherous Chinese attack in overwhelming numbers, have been pouring in.

The Chinese had launched a systematic offensive simultaneously all along our border in Ladakh on Oct. 20. Everywhere they followed the same pattern of mounting attacks on our small outposts with heavy mortar and automatic fire. Our jawans gallantly withstood these onslaughts, suffered casualities, and fell back only when heavy Chinese artillery fired and made it impossible for them any longer to stay in their forward posts. There have been instances where officers and jawans although wounded insisted on staying at their posts to fight back the Chinese.

Many of our wounded jawans who are in the hospitals are insisting to get back to their units to fight the Chinese aggressors.

CITIZENS' COUNCIL

A Citizens' Central Council has been formed to organise people's participation on the civilian level in the national defence effort. President Radhakrishnan is the patron and Smt Indira Gandhi Chairman. Gen. K. M. Cariappa is one among the 12 members.

Edited, Printed and Published by G.T. Swamy at Samachar Press, J.M. Palace, Road, Mysore.

MIGHTY EFFORTS TO PUSH BACK CHINESE

--NEHRU'S CALL

Prime Minister Nehru told the Parliamentary Congress Party yesterday that the nation must harness itself for the mighty effort to push out the ruthless Chinese aggressors from the Indian soil.

He said the country had to be prepared for a "cold blooded long war". What they were facing on our frontiers, he said, was a mighty trained and a biggest army in the world. The Chinese army employed a mixture of regular warfare and guerilla tactics and was well acclimatised to the mountains and snow.

While reiterating India's determination to pursue a policy of peace, Sri Nehru made it clear again that there could be no negotiations until the Chinese forces had withdrawn to the positions they held on Sept. 8 last.

SANCTIONS AGAINST S. AFRICA

The U. N. General Assembly adopted a resolution by Afro-Asian countries condemning apartheid and calling for diplomatic and economic sanctions against South Africa by member States to bring about abandonment of its racial policies. 67 countries voted for and 16 against with 23 abstentions.

PAK'S BORDER STRENGTHENED

Pakistan has strengthened its border force along the Sinkiang-Gilget boundary and reinforced defence along the 200-mile border area between Sinkiang on the Chinese side and Baltistan and Hunza on the Pakistan side.

NO TURKISH ARMS

The Turkish Foreign Minister has announced that Turkey had decided not to supply arms to India in view of Pakistan's objections.

NO SECRET SESSION

Prime Minister Nehru has turned down a proposal to have a secret session of Parliament.

PEKING'S FELONY

Prime Minister Nehru in a message to Heads of Governments has said the Chinese aggression on India "will have far reaching consequences on the standards of international behaviour and on the peace of the world".

He said "the issue involved is not one of small territorial gains, one way or the other, but of standards of international behaviour between neighbouring countries and whether the world will allow the principle of might is right to prevail in international relations.

CHINESE NAKED AGGRESSION

INDIA ACCEPTS RED CHALLENGE

Prime Minister Nehru declared in the Lok Sabha yesterday that "Chinese invasion of India is full blooded imperialism in action. We are facing a regular and massive invasion of our territory by very large forces. This challenge of the new Chinese imperialism we accept".

Sri Nehru said the Chinese action was reminiscent of the full blooded imperialism of the 18th and 19th centuries. Curiously the very champions of the anti-imperialism-the peoples' Government of China--are now following a course of aggression and imperialistic expansion, he added

Amidst thunderous applause Sri Nehru said, "certainly, India, this dear land of ours, will never submit to it whatever the consequences."

The entire House cheered when the Prime Minister moved a resolution expressing firm resolveness of the Indian people to drive out the aggressors from the sacred soil of India, however long and hard the struggle may be.

Sri Nehru paid tributes to the valour and determination to our fighting forces in the border and assured that they would not be forgotten. He also paid homage to the martyrs.

He also expressed the country's appreciatien to the moral and material support extended by friendly countries.

Sri Nehru said the Chinese performance was amazing. India had not gone beyond the McMahon Line and it was China which had crossed it and invaded an area which had been in our possession for 10,000 years.

The Prime Minister said the issue was not one of communism versus anti-communism. The issue was of an expansionist and imperialist country deliberately invading India. "Today we are facing naked aggression, a type of aggression which one never saw in the 19th and 20th century." Sri Nehru said he could not make sense out of the Chinese talk of India committing aggression. It was difficult to understand and argue with the Chinese as according to them the border seemed to be wherever they were.

Making an appeal to the nation to face the Chinese challenge unitedly, Sri Nehru said the people had to be mobilised and strengthened not only for today but for the future. He had every hope that India would be able to show determination and courage in this direction.

Missing Jawans Return

One thousand o four men reported missing after the major engagements between the Chinese invaders and the Dhola post have returned to their base.

Disclosing this in the Rajya Sabha, Home Minister Sastry said, "In the last few days our forces had established themselves and are in a position to offer stiff resistance wherever attacked".

He referred to his recent visit to Tezpur and meeting the senior army officials and said, "their determination and courage gave me a new life altogether. They are very confident that they will be able to stop the Chinese from advancing further. The way our army has tried to reinforce itself successfully show that a very good job has been done."

STAMP ACT

In respect of "Acknowledgement of a Debt" covered by Article 1 of the Schedule to the Mysore Stamp Act, 1962, the duty payable has been increased from ten naye paise to fifteen naye paise by the Mysore Stamp (Amendment) Act, 1962, which has come into force Oct. 1. and that in respect of a "Receipt" covered by Article 53 of the Indian Stamp Act, 1899 the stamp duty payable continues to be ten naye paise.

HIGH MORALE OF OUR JAWANS

PRESIDENT'S TRIBUTE

Psesident Radhakrishnan yesterday visited the forward areas in NEFA. He saw air-droppings of supplies.

He told pressemen that the morale of the officers and men was very high and given the tools they would regain the position we have lost. "I met the troops. They did not give me the impression of being, in any sense, defeatists and the morale was very high. The troops say 'give us the arms and we will regain our lost territory'."

The President said that one lesson of the Chinese attack was that India should never again be caught napping.

INDIAN TROOPS IN CONGO TO BE CALLED BACK

India has informed the U.N. Secretary General that it would like to withdraw its troops in the Congo as soon as possible.

The Prime Minister told the Lok Sabha yesterday that no definite date had been fixed for withdrawal of our troops because "we observe international agreements and we cannot upset the U. N. arrangements".

MRS. ROOSEVELT DEAD

Mrs. Eleanor Roosevelt, 78, widow of the war-time American President, Franklin Roosevelt, died on Thursday in New Work.

Prime Minister Nehru in a message said, "she was a friend of India and the memory of her gracious presence and warmth of her personality and the largeness of heart will always remain with us".

She visited India in 1952.

20 LAKHS A DAY FOR DEFENCE FUND

The Reserve Bank of India is receiving over Rs. 20 lakhs every day for the National Defence Fund from all over the country. This is in addition to large quantities of gold and jewellery donated by citizens.

Prime Minister Nehru has donated Rs. 5,000 to the Fund.

About £21,800 have been sent to the Indian High Commission at London, contributors being Indians and Britons.

T. ARMY DAY

Nehru Warns Against Chinese Peace Offensives

India would have to prepare for long-term efforts to meet the tremendous effort of China which are comparable to the activities of Hitler and Nazi Germany.

Prime Minister Nehru stated in the Rajya Sabha that there was an extraordinary similarity between the Chinese method of propaganda and Goebbel's machine in Nazi Germany.

He warned against the so-called peace offensives of China. He said while "we are for peace, you must not allow ourselves to be taken in by these so called peace offensives, which are not peace, which are merely meant to some extent to humiliate us, to strengthen their (Chinese) position where they are for future advance." He added that it had become impossible for us to put trust in the word of Chinese Government.

DRIVE FOR MORE RICE

About 30 districts in different States which are surplus in rice are to be selected for an intensive drive to step up rice production.

WORKERS PATTED

Prime Minister Nehru has congratulated trade union organisations in the country on their decision to help the country by exploring all possible avenues for higher production and has expressed the confidence that industrial workers would remain in the forefront in this grave crisis that has arisen in the country on occount of the Chinese incursion.

No Personality Cult —HANUMANTHIAH

Sri K. Hanumanthiah, former Chief Minister of Mysore, speaking in the Lok Sabha yesterday said that while he accepted the leadership of Sri Nehru it was utterly ill-advised at this juncture of India's history to encourage the personality cult.

He said no feeling should be generated in the country that its capacity to fight an aggressor was linked with a single individual and that the country would be helpless without that individual. This country never lacked in leaders. It was the patriotism of the people and not an individual, howsoever great, that must be regarded as a pivot of Indian resistance to the Chinese.

Sri Hanumanthiah declared that he was a Congressman, but he felt if there was any section in the country which had not risen to the occasion at this hour, "it is the Ministry that sits there".

Sri Hanumanthiah also wanted that India should go to the United Nations with a complaint against China and ask the U. N. to send troops of member nations to the Himalayan border.

Probe Into Unpreparedness

Prime Minister Nehru yesterday announced in the Rajya Sabha that an enquiry would be held at a suitable time into the unpreparedness to meet the Chinese aggression. He hoped that the enquiry would help to find out what mistakes or errors were committed and who were responsible for them. But this enquiry could not be held at present.

FAIR PRICE SHOPS

Union Food Minister Patil told the Lok Sabha yesterday that it was the intention to sell not only foodgrains but all articles sold at groceries in the fair price shops.

Every retail dealer, he said, would be required to display the prices which would be fixed by the Government after considering all factors.

WESTERN ARMS AID

Prime Minister Nehru told the Rajya Sabha that India had impartially asked many countries including the Soviet Union for arms. Although they were receiving arms from U.S.A. and U.K. they had not got any answer from the Soviet Union.

Sri Nehru said all the previous commitments the Soviet Union had made, he hoped, they would stand by it. "What further commitments they will make I cannot say. We have asked them, but we have not got an answer yet".

NATIONAL DEFENCE FUND

Mysore, Nov. 10

ENEMY POSTS SHELLED

On the McMahon Line front Indian forces shelled certain enemy positions in the Jang area at the trijunctions in the NEFA, Bhutan and Tibet.

In the Walong sector of NEFA there was patrol activity but no clash.

The enemies are continuing their aggressive build-up in the Shushual area in Ladakh and some Chinese tanks had been sighted.

SPL. DRUG CELL

The Government of India has created a special cell in the Directorate of armed forces, medical services, to deal with the offers of drugs and medicines received from a large number of individuals and manufacturing concerns.

The Government has exempted customs duty on all articles donated to the Government for the use of defence personnel and articles including bullion from abroad.

Jawans Well Clothed

Prime Minister Nehru yesterday denied that Indian troops on the border were inadequately clothed.

He said that they had sufficient warm clothes with them. Today on the frontier every jawan was provided with four blankets. Apart from other things, they were also being supplied with cotton stuffed coats.

RAILWAY LEVEL CROSSING

The Deputy Railway Minister Sri Shah Nawaz Khan informed the Lok Sabha that as a result of review carried out by the railways it had been assessed that roughly 1,200 out of a total of 19,000 unmanned level crossings on the Indian Railways needed manning on account of increase in road traffic.

STEPS TO HOLD PRICE LINE

The Lok Sabha was told yesterday that the Union Government was reviewing the position of bank advances against stocks of foodgrains with a view to regulating them to prevent hoarding.

Food Minister Patil stated that prices were showing a tendency to come down since last month. The Government was keeping a watch on the whole situation. If the new steps proposed were not salutary and prices tended to go up, the Government would invoke the Defence of India regulations and take immediate action against profiteers.

ARMS MANUFACTURE

INDIA ASKS FOR U. S. HELP

India had asked the United States for equipment to manufacture arms within the country.

Disclosing this, Prime Minister Nehru stated yesterday that while high priority items urgently required by India have already been air-lifted from the United States, other equipments would arrive either by air or by sea.

The U. S. Embassy has confirmed that details about India's needs were now being worked out between the officials of the Defence Ministry and the Embassy.

INDIAN TROOPS MOUNT SEVERE ATTACK ON CHINESE NEAR WALONG

The Indian forces on Wednesday mounted the strongest ever attack on one of the Chinese-held positions near the Burma border, a few miles north-west of Walong in the Lohit division of NEFA.

The attack was launched in the morning and fighting continued all day.

Our forces have not only halted the enemy advance but they seem to be taking action to clear the intruders from Indian soil.

The Chinese on Tuesday fired on one of our positions in the vicinty of Walong but there were no casualties on our side.

In the Kameng division of NEFA, one of our small patrols raided a village held by the Chinese, a few miles north-east of Jang. In the clash some Chinese soldiers were killed and our jawans returned without any loss.

Cut Size Of Ministry

PSP's APPEAL TO CM

Mysore, Nov. 16

The Executive Committee of the Karnataka Praja Socialist Party, meeting here yesterday under the presidentship of Sri S. Sivappa, appealed to Chief Minister Nijalingappa to cut down the size of the present Ministry and unnecessary tours of Ministers, which is a burden to the State exchequer.

In a resolution, the Executive acknowledged with gratitude the spontaneous support of the common man for the various measures taken by the Government to meet the emergency The people had given lead to the Government by their sacrifice of money, gold, labour and time. This was the time for austerity at all levels. In keeping up with this, the Committee appealed to the sense of patriotism of the Chief Minister to cut down the size of his Ministry.

The Committee decided to form volunteer corps and blood donation committees throughout the State.

It also called upon the party units and members to lend their all-out unqualified support to the Government to thwart the Chinese aggression.

UNITED STATE'S GESTURE

The Union Food Minister Patil disclosed yesterday that the United States had agreed to supply India 50,000 tons of wheat and 20,000 tons of rice every month for about six months to help the country augment its food stocks during the emergency.

These supply would be in addition to the 11 million tons of foodgrains outstanding under the PL-480 agreement.

Sri Patil said that in order to step up production, the Planning Commission had agreed to import adequate quantities of fertilisers to meet the immediate requirements. There is a shortfall of 800 tons during the current month

The Minister assured that there was no need for anxiety so far as food was concerned. The Government had now held stocks of 23 lakh tons.

He emphasised the need for increasing the production of millets which was consumed by nearly one-third of the population.

OUR TROOPS WITHDRAW FROM WALONG

CHINESE SUFFER HEAVY CASUALITIES

India on Saturday suffered a big set-back when our troops withdrew from the strategically important town of Walong, near the Burma border in the Lohit Division of NEFA.

After severe fighting lasting more than 24 hours and inflicting heavy casualities on the enemy, the Indian troops withdrew from Walong.

The Chinese made a massive attack on Walong with well above a division and the attack was supported by artillery, heavy mortars and recoilless guns and anti-tank guns which can be used to blast bunkers. Despite heavy casualities, the Chinese kept pouring in wave after wave.

Indian jawans put up the most stubborn resistance and inflicted heavy casualities on the enemy when they were forced to withdraw towards the south of Walong.

The attack on Walong was both from north and north-west. The enemy first shelled the airstrip to prevent reinforcements being sent.

The Indian troops after withdrawing from Walong have regrouped to offer resistance to the advancing Chinese hordes into the plains of the Brahmaputra valley.

The area where the fighting was going on in the Walong area was rough mountainous region with altitude ranging from 12,000 to 5,000 feet in the valleys.

The Indian casualities, in dead and missing, in all theatres of war with the Chinese invading army from Oct 20 to Nov. 16 is now put at 1,623. Of these 264 are known to have been killed.

The Chinese aggressors appeared to have mounted a fresh offensive in all the three theatres of war-Walong, Sela Pass and Chusul area in Ladakh-where fighting is going on.

In Ladakh also, the Chinese shelled our positions in the Chusul area and later attacked two of our forward posts

The Chinese appeared to have crossed the Tawang Chu river in Kameng division. Fighting is still going on in the Sela pass.

City Donates Over A Lakh

Mysore, Nov. 19

The citizens of Mysore City responded generously to the appeal made by Chief Minister Nijalingappa on Saturday night at a public meeting held at the Townhall by pouring small and big donations to the National Defence fund, which amounted to Rs. 1,05,000. Many gave gold rings and bangles.

Among the big donations included: Sri F. K. Irani Rs. 10,000, the Grain Merchants' Association Rs. 11,545, Hotel Proprietors' Association Rs 7,500 including Rs. 3,000 from Dasaprakash, Shroff Merchants' Association Rs. 5001 and the students and staff of the St. Philomena's College Rs. 3,200. The prisoners of the Mysore Jail gave Rs. 250.

Bangles and rings weighing about 300 grams were also donated. Sri Madhava Shenoi donated 123 grams of gold and two daughters and the son of Sowcar Thimmappa offered 100 grams.

Portraits, wrist watches and a fan which were offered were auctioned and they fetched Rs. 953. Garlands offered to the Chief Minister fetched Rs. 503.

Chief Minister Nijalingappa said that a target of Rs.5 crores had been fixed for the State, with 25 lakhs to each district and it had to be collected within one month. So he appealed to the public of Mysore District not to lag behind and contribute in cash and gold to drive out the aggressor

House To House Collection In Villages

MINISTER'S PLEA

Mysore, Nov. 19

Labour Minister Devaraja Urs yesterday had discussions with ors the Legislature and Presidents of Taluk Boards of Mysore District in regard to steps to be taken for gearing up war efforts.

The Minister suggested that a target of Rs. 1 lakh should be fixed for each taluk; house to house collection in villages, collecting atleast Re. 1 per head; collection of food grains; stopping of all works like roads, bridges, culverts in NES areas and channalising all the energies and funds for agricultural production with emphasis on food grains and oil seeds and creating village-level defence committees.

He appealed to the labour leaders and the management to avoid disputes in this hour of emergency. As the labour was willing to work even on holidays and reduce more, he urged on the management to contribute extra earnings to the war efforts.

On Saturday, addressing the officials of the State and Central Governments the Minister called upon them to gear up the machinery for the collection to the National Defence Fund.

The local industrialists and businessmen who met the Chief Minister earlier, promised him to collect Rs 10 lakhs from Mysore City.

The staff and workers of the Mysore Lac and Paint Works have decided to contribute one day's salary for the National Defence Fund.

DON'T BE PERTURBED BY REVERSES

WE WILL THROW INVADER OUT

——NEHRU

Prime Minister Nehru yesterday asked the people not to be perturbed by the reverses suffered by the jawans on the front and to make each reverse an occasion for renewing their resolve to throw the invader out.

He said: "The news during the last one month has given us some shocks. But each shock must give us strength. Each reverse must increase our determination to rid our motherland of the aggressor".

Sri Nehru said the people today had to write the history of India "with your courage and sacrifices". Only such nations had the right to exist who were prepared to pay the maximum price for their independence. Those who hesitated or faltered in offering the price lost their freedom.

Describing the Chinese invasion as "naked, shameless and crude", Sri Nehru said, China thought that she would be able to intimidate India by her military might. The people of India had suffered for long years and offered great sacrifices to gain their freedom. They had not thrown off the yoke of slavery to be cowed down by China.

Sri Nehru said India was passing through hard and testing times. But it was only in dangers that nations were moulded and made.

The Chinese, he said, had got some intial advantage over India because they had been treacherous, preparing for a war while pretending to be peace-loving and friendly.

He declared: "India is not such a country as would fall by shocks. Ups and downs are part of a war. It is the final battle that decides the issue. I have no doubt that the ultimate victory will be ours".

The whole nation was today in a sad and angry mood, sad at the loss of the country's jawans in the battle front and angry because Chinese was occupying India's territory. This, he said, was quite natural and displayed only the unity and resolve of the people.

He said that China's capacity to present lies as facts was amazing. According to their theory those who try to defend their country commit aggression.

OFFICE HOURS TO GO UP

The working hours of the Central Government employees will be extended by half an hour, from 10 a.m. to 5 p.m.

It is expected that the State Governments will also follow suit.

FREE LABOUR BANKS IN VILLAGES

The proposal of the Ministry of Community Development for building up a defence labour bank in every village has received the support of members of Parliament.

The scheme envisages the organisation of such banks on the basis of free donation of labour by every adult of a day's labour or the cost in lieu thereof.

PEKING'S DECEIT

President Radhakrishnan stated yesterday that China by preaching friendship with India had practised deceit upon it.

"That is why we were taken aback when China launched a massive, preplanned and premeditated attack on both the eastern and western sectors of India's borders", he added.

He said: "I have no doubt that victory will be ours. We are not on other people's territory but we are on our own. There is dharma on our side".

BOMDILA, SELA FALL

AFTER STIFF RESISTANCE BY OUR JAWANS

Bomdila, the headquarters of the Kameng Frontier Division of NEFA, fell to the Chinese aggressors, who had pressed into action more than 20,000 troops in a south-drive, supported by artillery and heavy mortars.

Faced with an overwhelming superiority in numbers and weapons, our troops put up a determined resistance and had to fall back in the early hours of Sunday from Sela, 32 miles north of Bomdila.

Simultaneously with the attack on the Sela post, the Chinese carried out a wide outflaking movements and cut the road to Sela, few miles north of Bomdila.

The civilian population of Bomdila, numbering 2,000 had been already evacuated.

The attack on Sela was launched by four brigades of the Chinese horders with over 20,000 combatants.

With over a division in Walong sector and about two in Sela area, the Chinese have four divisions numbering 80,000.

In the Lohit division of NEFA, our forward elements south of Walong continued to be in contact with the enemy and are fighting back for every inch of the ground

In the Subansiri Division, between the Kameng and the Lohit, about 200 Chinese attacked one of our patrols east of Taksing. After inflicting casualities on the enemy, our patrol managed to return to its base.

In the Ladakh sector, the enemy supported by artillery and tank fire made three successive attacks on one of our forward posts, a few miles to the east of Chusul. All the attacks were repulsed and the enemy suffered heavy casualities. We lost 35 of our men including one officer who was directing the artillery fire on the enemy

The second post in the same area, which had been subjected to a severe Chinese attack on Sunday, fell after several hours of fierce fighting in which heavy casualities were inflicted on the enemy.

Peking's Offer Is Deceit And Trick

The Chinese cease fire proposal is undoubtedly a skilful piece of propaganda calculated to deter Indians from their resolve to throw out the aggressor.

According to observers, the effect of the proposal is to freeze the front as it is and retain the territory occupied, though Chinese as such day be withdrawn to distant points, provided India agrees to accept the front as frozen and refrains from attacking the Chinese forces left in these areas or from advancing into these areas.

The proposal is shrouded in ambiguity and is a deceptive document intended to confuse the people. As is usual with Chinese documents, one clause contradicts another and all are capable of double interpretations.

The implication of their offer of withdrawal is that in Ladakh, India should withdraw 20 kilometres in an area recognised by the Chinese themselves while the Chinese themselves would withdraw within an area disputed and challenged by India as hers.

In regard to eastern sector, that is the McMahon Line, the Chinese will withdraw subject to certain conditions which in their application would mean consolidation of the fruits of Peking's aggression.

NO NEGOTIATIONS TILL SEPT. 8 LINE RESTORED

GOVERNMENT TO WATCH PEKING'S MOVE —NEHRU

Prime Minister Nehru declared yesterday that the Government would give careful consideration to the Chinese unilateral proposal of a cease-fire and finalise it after watching "what they do".

But he made it clear that "We do not propose to consider negotiations till the position as it existed prior to Sept 8,1962, was restored all along the border".

Sri Nehru told the Parliament that meanwhile "we shall continue our efforts to obtain aid from friendly countries and strengthen our defence and economic potentialities."

NATIONAL DISCIPLINE SCHEME

The Union Government was considering a proposal to introduce physical education and national discipline scheme on a compulsory basis in all schools throughout the country, stated Education Minister Shrimali in the Lok Sabha.

NO CUT IN CENTRAL CABINET

Prime Minister Nehru rejected a demand made in the Lok Sabha to cut the size of the Central Cabinet.

He said the work of almost every Minister had increased in the context of the present situation and "merely to say that the Ministry should be reduced has no meaning".

The Prime Minister said there should be a climate of economy but two important factors in the prosecution of war, efficiency and speed, should not be sacrificed.

NO SPECIAL TRIBUNAL

The Union Government has decided that there was no need to set up a special tribunal to check tax evasion, as suggested by Minister T. T. Krishnamachari.

BEWARE OF COMPLACENCY

Prime Minister Nehru yesterday warned against any complacency and said "We must not imagine that the struggle will be over soon because of various diplomatic moves".

He said the struggle would be a long and difficult one but he was sure that India would win the battle against China "as she must", by discipline, hard work and sacrifice.

Rephase Educational Plans

CENTRE'S DIRECTIVE TO STATES

The Union Education Ministry has urged all State Governments to rephase and reorientate the educational plans to meet the needs of the new situation arising from Chinese invasion.

The circular says that the enthusiasm released in our youth by the call to meet the national emergency has to be mobilised into constructive and productive channels, focussed on concrete and meaningful tasks in schools and outside and organised under the leadership of their teachers into a disciplined force, if it is not to run to waste. This has to be accorded the highest priority.

DISCIPLINE SCHEME IN SCHOOLS

CAUSING CONFUSION

The Chinese Government's description of the line of actual control conforms to Peking's "usual method of causing confusion by perverting the meaning of words and making statements which bear no relation to realities"

An External Affairs Ministry spokesman stated yesterday that the line of actual control is not the same line that existed on Nov. 7, 1959.

He said that by a clever manipulation, the Chinese were attempting to project the line that they claimed for the first time in the officials' meeting between the two sides in 1960, to be identical with the line of actual control which they had now established by massive attacks.

REVIEW OF PROHIBITION POLICY

CONGRESSMEN FEEL NEED

Bangalore, Nov. 27

There was a strong feeling among a section of Congress members of Parliament and State Legislatures that the working of Prohibition should be reviewed and if possible to do away with it. said Chief Minister Nijalingappa here yesterday, after his Delhi visit.

The Congress Working Committee which met in Delhi last week considered the question of prohibition in the light of the reported decision of the U. P. Government to scrap the Prohibition policy. Many felt that any change should be done on an all-India level after consultation with all the States and should not be carried on in piecemeal.

Sri Nijalingappa added that if prohibition in Mysore, now in force in 16 districts, was scrapped the State would get an additional revenue of Rs. 8 to 10 crores.

VIGILENCE COMMITTEES

Mysore, Nov. 27

Minister Devaraja Urs yesterday addressing the members of the Municipal Council suggested the formation of vigilence committees in various wards of the city.

He also suggested opening of consumer co-operatives by the Municipality to help to hold the price line. He said there should be a central agency to supply essential commodities to these consumer societies to assure regular continuous supply.

Earlier, Sri K. Siddiah, President, welcomed the Minister.

5-LAKH COLLECTIONS IN MYSORE DT.

Mysore, Nov. 27

The total collections in the Mysore District for the National Defence Fund till yesterday stood at Rs. 5,25,086 and nearly 400 grams of gold. The State collections has recorded Rs. 54,68,193, and 10,657.83 grams of gold.

Sri Devaraja Urs, Minister for Labour, Housing and Transport, in a four-day tour of Periyapatna, K. R. Nagar and Hunsur collected Rs. 30,000.

Speaking to Pressmen yesterday the Minister said that the response, specially from the poorer class and the middle class, was tremendously good. A pair of bullocks, a cow, a cock and a hen and a silver bow and an arrow were donated in villages. A woman in Hunsur gave away all the jewels she had on her and appealed to all her sisters to follow suit.

The workers of various soap factories in the city have decided to give a day's wage to the National Defence Fund.

China's Aim

An analysis of the Chinese formula by the External Affiairs Ministry points out the Peking plan of grabbing more areas.

Acceptance of China's three point formula will result in the Chinese retaining effective control not only of large areas of Indian territory that they had acquired by force prior to Sept. 8, 1962, but also to retain control of further areas, both in Ladakh and in NEFA that they have occupied by force since their recent massive attacks.

Besides seeking to control a further 2,000 square miles of Indian territory in Ladakh alone, which they did not occupy befor Sept. 8, the Chinese plan to drag in Barahoti which has never been in their possession

In NEFA, though the Chinese may go beyond the status quo position as on Sept. 8, their civil posts will be holding substantial areas of Indian regions

Give generously to the National Defence Fund to drive out the Chinese aggressors.

India Will Fight It Out —NEHRU

Prime Minister Nehru declared yesterday that "We will never bow to the aggressor. The naked Chinese aggression has opened our eyes and these eyes shall always remain opened. It is our battle and we must fight it out There can be no question of our tolerating this aggression or being cowed down by China. Whatever time it takes and whatever the price we have to pay, we will meet the Chinese challenge and so strengthen our defences that will become difficult for any one to cast an evil eye on us."

JAWANS HAVE COURAGE, STAMINA AND WILL

PRAISE BY U.S. ARMY OFFICER

Gen. Paul D. Adams, Senior Military Member of the U. S. fact-finding commission now in India stated yesterday that he was convinced that the Indian army put up a good fight in NEFA.

He said, "They have courage, stamina and will". The Indian Jawans came back with their personal weapons after fighting at Sela in NEFA and "right now what they want to do is to get up there (Sela) and get after the Chinese", he added.

Gen. Adams said 'I have known the Indian army in many places in the world and I have seen them fight magnificently all over the world In the present situation, they have been in the position of a peaceful man struck by an aggressor. The aggressor has the advantage of surprise. I do not think there has ever been an army in history that did not experience some difficulty in the beginning when it was hit by surprise. Fighting in these mountains, on the roof of the world, as the Indian army has to fight at this time with their forces widely separated, by something like, 1000 miles between two combat zones, is one of the most difficult problems that can face any fighting force".

NON-ESSENTIAL SCHEMES SHELVED

Bangalore, Nov 28

The State Cabinet yesterday decided to shelve several unimportant and non-essential schemes and to speed up industrial and agricultural programmes.

Consequently, the community development programme will suffer changes. social service, construction of new buildings and bridges and grant-in-aid programmes will be heavily pruned.

WEST GERMANS SYMPATHY

The President of the Federal Republic of Germany, Dr. Heinrich Luebke, yesterday gave unstinted support to India in its war against China.

He was speaking at a civic reception accorded by the Delhi Corporation.

Dr. Luebke said the people of his country were shocked by the brutal aggression which China had committed on India. "The German people are shocked of the injustice and miseries which this was causing to your peace loving people. The sympathy of the Federal Republic of Germany is entirely on your side in this conflict which has been thrust upon you."

Give generously to the National Defence Fund to drive out the Chinese aggressors.

More Food Production

MINISTERIAL BODY SET UP

Bangalore, Nov. 28

The State Cabinet has decided to set up a high-level Ministerial committee to formulate far-reaching schemes to increase food production to meet the national emergency.

The question of raising an additional crop of paddy during the ensuing summer also engaged the attention of the Cabinet. It was decided that intensive cultivation should be taken up in Kolar, Tumkur and Bangalore districts for this purpose. More than 50,000 acres would come under this scheme.

WEST GERMAN AID

The West German Foreign Minister, Dr Gerhard Schroeder, who is now in Delhi stated yesterday that there would be discussions between his Government and the Indian Government on the further possibilities of aid which West Germany could offer to India in the present situation.

China's Claim

A TRAVESTY OF FACT

A spokesman of the External Affairs Ministry yesterday characterised as "a complete travesty of fact" the Chinese version of events leading up to the massive attacks on India given in the Chinese Government statement of Nov. 21.

He said "It is entirely false to say that the Government of India had deliberately kept the Sino-Indian question unsettled. In fact there was no boundary question till the Government of China created it by intruding into Indian territory in 1957, and two years later putting forward claims to large areas of India".

About the Chinese Premier Chou En-lai's propaganda offensive that "China has always exercised its jurisdiction in this area (Aksai Chin) and that the Chinese passed from Sinkiang to Tibet in 1950", the spokesman said that this showed that the Chinese claim to Aksai Chin at best went back to 12 years whereas India's title was as old as the treaty of 1914.

SECURITY STEPS

The Government of Assam has taken a series of security measures such as screening of refugees from NEFA and detention and restriction of the movement of those of Chinese descent.

ROURKELA STEEL PLANT

The Rourkela Steel Plant will be converted into one of India's mainstays for defence production in view of the national emergency.

The Solven experts team, which visited the plant a few months back and made many far-reaching recommendations to improve the working of this steel mill, is again visting the plant to assist in the proposed reorganisation of the production pattern.

Purchase Price For Rice

The Union Government has decided to fix purchase price for rice for the 1962-63 season.

Since zonal restrictions on movement of rice and the rates of Government procurement of rice varies from State to State, a uniform purchase price for rice cannot be fixed throughout the country as in the case of wheat. There will, therefore be different purchase price for rice for different regions of the country.

Power Cut In City

Mysore, Nov. 30

Mysore City has to lease out 250kw. of power, stated the Electrical Assitant Superintendent, Sri Damodaran, addressing the Municipal Councillors here yesterday.

For this purpose, a 50 per cent cut in the power consumption in the city will be introduced. In the streets where the traffic is heavy this cut will not affect. But in places where the traffic is not heavy alternative lights will be put on

The streets which will have alternative illumination are Railway Station, Mirza Road, Harding Circale to Summer Palace and upto Lalitha Mahal, HHMI to Ursu Boarding School, 100 ft. Road and the University area

CITY BUS TIMINGS COUNCILLORS' PROTEST

Mysore, Nov. 30

The Government-run City bus service came to bitter attack at the Municipal Council meeting here yesterday. Sri K. Siddiah presided.

Members criticised the often changes in bus routes and timings. These changes were not brought to the notice of the public. The changes were introduced all of a sudden to the surprise and inconvenience of the people.

Sri Vedantha Hemmige wanted the State Government to scrap Prohibition and increase its revenue to meet the defence needs.

Sri T.R. Subba Rao said that there was no sufficient publicity and activities with regard to war efforts in the city. He pleaded for a booth in the Townhall to collect small contributions to the National Defence Fund.

Give generously to the National Defence Fund to drive out the Chinese aggressors.

Unjust Proposal —NEHRU

Prime Minister Nehru yesterday received a fresh communication from the Chinese Premier, which is presumed to be in reply to Sri Nehru's letter of Nov. 14 rejecting China's three-point proposal to set tle the border dispute.

Sri Nehru has characterised Chou's proposals as unjust.

The clarifications given by Peking on the latest Chinese cease-fire proposals are stated to be confusing.

The Chinese Government in their clarification have informed India that after withdrawing its invasion forces, it would leave civil police posts along the McMahon Line, including Khinzemane and Longju, in the eastern sector, along the Sino-Indian boundary in the middle sector, including Barahoti, and in the western sector, all along the line at present held by the Chinese.

NEHRU-AYUB MEET

TO THRASH OUT INDO-PAK ISSUES

India and Pakistan have agreed to renew their efforts to resolve their outstanding problems, including Kashmir issue, at an early date.

Discussions are to start initially at ministerial level and at the appropriate time between President Ayub Khan and Prime Minister Nehru.

This has been rendered possible through the efforts of the British Secretary of State for Commonwealth Relations, Mr. Duncan Sandys, who made a dash back to New Delhi yesterday from Rawalpindi to meet Sri Nehru after conferring with President Ayub.

The Indo-Pak decision for renewed efforts to solve outstanding issues was announced in a joiut statement issued by the Governments of India and Pakistan last night.

It is stated that the British move had the full backing of the U.S. Government.

PUBLIC MEETING

Mysore, Nov. 30

A public meeting under the auspices Pradesh Youth Congress, will be held today at 6-30 p.m. in the Townhall to condemn the Chinese aggression. Sri Mohamadali, MPCC Chief will preside.

ANATOMY OF A MURDER

No Change In Basic Policy In Kashmir

—NEHRU

India had made it clear to the British and American representatives that "anything that involved the upsetting of the present arrangements in Kashmir would be very harmful to the people of Kashmir as well as to the future relations of India and Pakistan."

Prime Minister Nehru told the Lok Sabha that the present proposal was to have talks between India and Pakistan and not the manner in which they should be held.

Sri Nehru said that he had told Mr. Harriman and Mr. Sandys that India could not ignore its basic principles or bypass them, which is considered to be a reference to the two-nation theory, rejected by India from the beginning.

NO PARTITION PLAN

Prime Minister Nehru yesterday characterised as completely without foundation the British Broadcasting Corporation's report that partition of Jammu and Kashmir would be the basis of settlement of the Indo-Pakistan problems.

ANATOMY OF A MURDER

No Change In Basic Policy In Kashmir

—NEHRU

India had made it clear to the British and American representatives that "anything that involved the upsetting of the present arrangements in Kashmir would be very harmful to the people of Kashmir as well as to the future relations of India and Pakistan."

Prime Minister Nehru told the Lok Sabha that the present proposal was to have talks between India and Pakistan and not the manner in which they should be held.

Sri Nehru said that he had told Mr. Harriman and Mr. Sandys that India could not ignore its basic principles or bypass them, which is considered to be a reference to the two-nation theory, rejected by India from the beginning.

NO PARTITION PLAN

Prime Minister Nehru yesterday characterised as completely without foundation the British Broadcasting Corporation's report that partition of Jammu and Kashmir would be the basis of settlement of the Indo-Pakistan problems.

NO CHINESE WITHDRAWALS
FROM FORWARD POSITIONS

Prime Minister Nehru told the Lok Sabha yesterday that there had been some signs of withdrawal by the Chinese in the rear But in the front position, the Chinese may have thinned out. But they have not withdrawn actually.

Referring to the report that the Chinese have offered to hand over to the Indian Red Cross some wounded prisoners on Dec. 5 at Bomdila Sri Nehru said this means some of them will be there to hand over the prisoners Behind that there had apparently some withdrawals.

ATOMIC POWER STATION

The Government of India have decided to instal the third atomic power station a Kalpakkam near Mahabalipuram in Madras State. This was disclosed in Lok Sabha by Deputy Minister for External Affairs Dinesh Singh.

The first nuclear power station is being built at Tarapore in Maharashtra and the second at Rana Pratapnagar in Rajasthan.

NO SURRENDER

Mr. Duncan Sandys, Commonwealth Secretary told the British Parliament yesterday that the Indian Government and people were "in no mood to surrender territory to the Chinese at the pistol-point."

Jawans To Stay On At Chusul

India had made it clear to China that the minimum requirement for the cease-fire talks, would be for the status quo before Sept. 8 to be restored. The question, therefore, of any Indian withdrawal from Chusul did not arise.

PLEA FOR RETENTION OF P & I OFFICE

Mysore, Dec. 4

The local Journalists, Association has requested the Government to retain the Divisional Publicity and Information Office in Mysore alone.

In a meeting held yesterday, Sri Agaram Rangaiah presiding, the decision of the Government to merge the Mysore and Bangalore Divisional offices with the Central Office was considered with concern and after a detailed discussion, a resolution was passed requesting the Government to reconsider their decision and to retain the Divisional Office in Mysore in view of the much publicity work that has to be done here. It was also pointed out that this office was opened at the request of the local press, public and shifting of that would cause much inconvenience to the local press and the public.

It was also decided to send a three-man delegation consisting of Messrs P. Gopalakrishna Setty, G.L. Swamy and A. Ramanna to wait upon the Chief Minister and the Home Minister and urge for the retention of the office in Mysore alone.

CHINESE DISGUISED IN MONKS' GARB

ATTACKED INDIAN TROOPS

Chinese troops came disguised in Buddhist robes to launch their surprise attack on Indian positions, south of Sela and later outflanked and cut off the 14,000-foot-high fortification from the rest of the base last month.

The Chinese put in their first attack at 5 a.m. on Nov. 17. The first lot that came in wore "Lama dress' flowing red robes, high Tibetan boots and furlined caps.

On the first sight, our jawans saw seemingly innocent-looking tribesmen about 100 strong making towards Nura Nug, but when they got within 40 yards they whipped out their weapons from under their Buddhist robes and started firing. This was followed by further waves of Chinese. The Indian troops shot them down as they came in bunches.

By 1 a.m. the Chinese attacked four times. Each successive attack was larger than the previous one.

The Chinese mounted the fifth attack with heavy artillery fire, when our jawans withdrew on orders to the main defensive position at Sela

Near Derrang, south of Sela, some Chinese hung about wearing Indian khaki uniforms but were mowed down when they attempted to ambush an Indian convoy.

HIGH MORALE IN BORDER

The morale of the civilian population in the frontier districts of Ladakh continues to be high and people throughout the area are doing their best to help the army in this hour of national crisis.

There is no lack of determination among the Ladakhis living even near the front line to fight the Chinese aggressors.

STATE UNDERTAKINGS

The Government of India had come to the conclusion that public participation in State undertakings to the extent of 25 per cent capital was not practicable and could not be implemented, stated Deputy Finance Minister Bhagat in the Rajya Sabha.

RUSSIA TO SEND MIGs

Prime Minister Nehru informed the Lok Sabha that the Soviet Union had made it perfectly clear to India that they would abide by their commitment to supply MIG aircrafts and set up a factory for their manufacture in India.

He said the Soviet Union would supply a few MIGs in December, a few next year and a few more in 1964. These would mainly be for training purposes.

ACQUISITION CASES

Bangalore, Dec. 5

Revenue Minister Krishnappa assured in the Assembly that steps were being taken to minimise the delay in disposing of land acquisition cases without changing the law.

MAHARAJA'S GESTURE

Maharaja Vikramasinhji of Gondal has donated 300 tolas of gold and Rs. 40,000 to the National Defence Fund to be used for the welfare of the widows of the jawans who have laid down their lives in defending the country's integrity against Chinese aggression.

FISH TRAINING CENTRE

A fish preservation training centre will be started at Mangalore.

A fish storage centre was under construction at a cost of Rs. six lakhs at Mangalore.

Give generously to the National Defence Fund to drive out the Chinese aggressors.

Chinese Deception

Prime Minister Nehru confirmed in the Lok Sabha of Chinese troops firing upon Indian Army personnel returning from the fighting areas in NEFA in small groups even after the unilateral cease-fire announced by the Chinese had come into effect on Nov 21.

On Nov 21, Chinese soldiers had opened fire on some 300 Indian personnel returning in small groups from Derong area. Again on Nov. 23 and 25, the Chinese opened fire on some others. No casualties had been reported.

ABOLISH LEGISLATURE

Bangalore, Dec 5

A suggestion to abolish the State Legislature as an economy measure during the present national emergency was made by Sri V. S. Patil of Maharashtra-Ekikarana Committee, at the Assembly.

A few other Opposition members urged the Government to introduce legislation compelling the unwilling rich to give gold and cash to the Defence Fund.

GENERAL HOSTELS

Bangalore, Dec. 5

A sum of Rs. 30 lakhs has been provided in the budget for starting general hostels and Rs. 18 lakhs for completing the incomplete hostel buildings, stated Social Welfare Minister, Smt. Yeshodaramma.

DIRECT RECRUITMENT

The Centre has asked the State Governments to go into the question of direct recruitment to their administrative services with a view to injecting fresh blood in them, stated Minister of State for Home Affairs B. N. Datar in the Lok Sabha.

He said the Centre was anxious that the State services were properly manned and fresh blood was taken from time to time as was being done at the Central level. A certain percentage of the States civil personnel could also be promoted to various All India Administrative Services like IAS and IPS.

SHELVE GULHATI REPORT

Andhra Pradesh Chief Minister Sanjiva Reddy has urged the Union Government to postpone the consideration of the Gulhati Commissions' report on the dispute over the Krishna-Godavari river waters in view of the national emergency but sanction all the projects of Andhra Pradesh, Mysore and Maharashtra included in the Third Plan for immediate implementation.

BURMESE RICE

Burma has agreed to supply India 2.25 lakh tons of rice next year.

RECRUITMENT RULES RELAXED

Defence Minister Chavan told the Lok Sabha yesterday that certain new targets had been fixed for recruitment to the defence services.

Some relaxations had been made in the physical standards and upper age limit for recruitment. No other relaxation was under consideration, he said.

LONG-TIME FIGHTING

Mr. Averell Harriman, U. S. Assistant Secretary who was in India on a fact-finding mission in a report to President Kennedy has stated that the Chinese attack on India was likely to continue for a long time, probably requiring considerable long-term Western aid to boister India's defences.

No Non-Alignment With China

Prime Minister Nehru declared yesterday that India would continue her prepartions even if the war stopped and she could never be deceived by China again.

He said "We shall not accept anything which is not consistent without honour and dignity."

India, he said had,planned to prepare for several years conflict. Military preparations would continue even if talks with the Chinese became possible. "We do not propose to be careless or somnolent about these matters."

Sri Nehru made it clear that in view of China's aggression, "there is no such thing as non-alignment vis-a-vis China, there is no Panchsheel vis-a-vis China because inspite of their loud talk they broke it up."

He expected the Indian army to be in a position to drive the Chinese from NEFA and from considerable portions of Ladakh.

Sri Nehru declared: "We shall defend our country to the last and pay whatever price is required for that."

Give generously to the National Defence Fund to drive out the Chinese aggressors.

WITHDRAW OR WILL BE EJECTED OUT

NEHRU TELLS CHINESE

Prime Minister Nehru stated yesterday that if the Chinese did not withdraw from the Indian territory, the Indian Army would have to force them out. It was for India to decide when this should be done.

He said he had no fresh news about the Chinese withdrawal the latest he had heard was that some withdrawals hadtaken place at the rear. The Chinese were obviously in Bomdila for they handed over the Indian prisoners there.

64 SICK PRISONERS RETURN

64 sick and wounded Indians taken prisoners by the Chinese in the NEFA fighting, were brought to Tezpur from Bomdila yesterday by the Indian Red Cross team.

They also brought with them the body of one prisoner who died in Chinese custody.

The sick and wounded were physically in a bad shape and were hospitalised for treatment.

TUNGABHADRA BRIDGE

The Mysore Government has sent plans to the Centre for the contruction of a bridge across the Tungabhadra near Harihar on the Bangalore-Poona National Highway, at a cost of Rs.30 lakhs.

No Foreign Troops To Fight Chinese

Prime Minister Nehru yesterday categorically stated that India would not have any ground troops from any other country to fight on her side to defend her borders.

He said foreign advisers might come. "We do not expect any ground troops from any other country", he added.

CONSULATES CLOSED

The Government of India has decided to close down its Consulates-General in Lhasa and Shanghai and has asked China to discontinue its Consulates-General in Bombay and Calcutta from Dec. 15.

India was forced to take this decision by the inhuman treatment meted out to the Indian consulate staff, confining them to their houses, starving them by denying essential supplies and cutting off telegraphic and telephonic contacts with their country

BENGAL REDS IN HIDING

Several prominent Communist workers, belonging to the Jyoti Basu group and known for pro-Chinese, have gone underground to evade arrest for their anti-national activities.

27 BOOKED FOR NOT EXHIBITING PRICE LIST?

Mysore, Dec 7

27 merchants, seven in Hunsur and twenty in Krishnarajanagar, have been booked by the police under Defence of India Rules, for not exhibiting the price list.

This is the first case of this type launched by the police in the State.

INDIA WILL NOT BOW

Prime Minister Nehru declared yesterday that India would never bow before China.

Addressing the troops straggling back to the Indian lines after fighting the Chinese, at Charduar in Assam, Sri Nehru said that India's defences were being strengthened and if the Chinese attacked India again, the consequences would not be good for them India would meet the Chinese attack strongly in new ways. It was impossible for India to bow before them.

TRAINING INDIAN OFFICERS

India might send some young officers to Britain and the United States for training, stated the U.S. Assistant Secretary for State, Mr. Averell Harriman yesterday at Washington.

Mr. Harriman said that the American Generals who accompanied him to India, considered Indians to have the capability of rebuilding their army.

35000 STUDENTS UNDER NCC

Bangalore, Dec. 7

Education Minister Kanthi informed the Council that the State Government was in correspondence with the Centre on the question of making NCC training compulsory.

He said the Government had a programme to cover 35,000 collegians under the National Cadet Corps.

PHYSICAL EDUCATION

Bangalore, Dec. 7

Education Minister Kanthi disclosed here that the Government was considering a proposal to start a centre at Bidar or Munirabad to train 1,200 teachers in a year in two batches in physical education and national discipline.

9 HELD FOR KEROSENE PROFITEERING

The Delhi police yesterday arrested nine persons under the Defence of India Rules for profiteering in the sale of kerosene oil.

Correction

In the Mysore City Improvement Trust Board notification No B3.C 263/62-63 dated 4th December 62, published in yesterday's paper in para 1-line 4 Read "Rs. 9300 as Rs. 9100".

Chairman, CITB, Mysore.

HOARDING OF KEROSENE AN OFFENCE

The Government of India has decided to make hoarding of kersoene an offence and that dealers should display the price of kerosene outside their shops.

Minister Malaviya told the Lok Sabha that strict action would be taken against those black-marketing in kerosene.

WALK OUT IN MUNICIPAL COUNCIL

OPPOSITION PARTY'S PROTEST

Mysore, Dec. 8

The Opposition members of the City Municipal Council walked out from the meeting yesterday as a protest against the attitude of the Ruling Party in ignoring the Opposition Party.

This arose when the Congress Party elected their own members to serve on Gunamba Maternity Child Welfare Trust, Poor Students' Committee and the Bahusar Swimming Pool

The list proposed by the Opposition, which included both parties, was voted down

Sri T. V Srinivasa Rao, leader of the Opposition said that the majority party should consider the requests of the minority. He felt that it was not correct to have any party bias in the civic affairs.

Sri Srikanta Sharma said that the attitude of the Congress party was "most dictatorial and autocratic." It was highly impossible to carry on the municipal administration with such a party feeling.

He questioned how two members whose term on the Gunamba Trust had ceased in 1954 could continue as members till now. This showed "the depth and breadth of maladministration" of the Municipality.

PAYMENT OF DAMAGES

Mysore, Dec. 8

The Government has accorded sanction for the payment of Rs. 5,925 65 towards the cost of damages to the property of the State Electricity Board during the University Youth Festival held at Mysore in December 1959.

BENEFIT SHOW

Mysore, Dec 8

In aid of the National Defence Fund, a benefit film show "Musafir" will be held at Rajkamal Talkies, tomorrow at 10-30 a.m.

HIGH SCHOOL CONVERSION STOPPED

The Government of India has directed suspension of high schools conversion into higher secondary schools for the present in Mysore State, disclosed Education Minister Kanthi in the State Assembly.

WAR RISK INSURANCE

The Lok Sabha yesterday passed two Bills to make provisions for the compulsory insurance of goods, factories and inland vessels in India against damage by enemy action during the period of emergency.

No Price Schedule In Shops

CITY FATHER'S COMPLAINT

Mysore, Dec. 8

The trading community in Mysore City have not exhibited the price schedule as required under the Defence of India Rules.

Sri T. V. Srinivasa Rao who brought this before the Municipal Council held yesterday, requested the President to approach the proper authorities to see that the merchants put up the price schedule.

He suggested that a city-level committee be formed to boost the collection to the National Defence Fund.

2 MIG UNITS IN INDIA

The Government of India will set up two units, one in Maharashtra and the other in Orissa, for the manufacture of MIG aircraft, with the collaboration of the Soviet Government.

2 INDIANS KILLED

In the firing by the Chinese on Indian soldiers returning to their base after the unilateral cease-fire came into force, two Indian Army personnel were killed and four wounded.

Talk Less Work More

No Talks Initiated

NEHRU'S ASSURANCE

Prime Minister Nehru assured leaders of Opposition groups in Parliament yesterday that no talk had been initiated with China on the border issue.

This clarification set at rest a grave doubt that had arisen over the Prime Minister's reference in the Lok Sabha earlier in the day that talks were going in regard to the nature of check-posts that were proposed to be established in the areas from which the Chinese were expected to withdraw.

He assured the Opposition leaders that there was no change in the Government's stand that the minimum requirement would be restoration of the statue quo ante to Sept. 8.

NEW STAMP

The Posts and Telegraphs Department will issue a special postage stamp of 15 nP. denomination on Dec. 22, to commemorate the 75th birth anniversary of the late S. Ramanujam, eminent Indian mathematician.

VOLUNTEER CORPS FOR VILLAGES

The formation of a nationa-wide organisation of village volunteer force was approved by the Central Committee on Community Development and Panchayat Raj.

The primary objective of the village volunteer force was that every individual should have the sensation of participating in and contributing to the national effort.

This will consist of all the able-bodied adults in the villages and will have a three-fold programme of production, mass education and defence.

NO U.S. PRESSURE

Prof. Galbraith, the U.S. Envoy stated yesterday that his country was not applying any pressure either on India or Pakistan in regard to settlement of the outstanding problems between these two countries.

He said: "We do not bring pressure on our steadfast friends. We are not advancing any formula or any particular solution. The settlement of the differences between India and Pakistan is not an American problem but an Indian problem."

8000 TROOPS RETURN

8,585 Indian army personnel had so far reported back in Tezpur after trekking through enemy lines in the Kamong Division of NEFA.

RESTRAINT ON VISIT TO TEZPUR

Prime Minister Nehru informed the Lok Sabha that he had restrained the Congress President from sending too many Congressmen to Tezpur as the Assam Government had protested against such 'invasions' by large numbers of people.

He said that so far as the army at Tezpur was concerned, they had nothing to do with MPs and other visitors. The army also felt that if large numbers of people came it would come in the way of its work.

8 m. REQUIRED FOR CIVIL DEFENCE

Roughly two per cent of the population is required to undergo training for civil defence duties, it is estimated.

It has been left to the civil defence authorities of States to determine the strength of their organisation.

TALKS ON INTERMEDIATE STAGE

Prime Minister Nehru informed the Lok Sabha that discussions were going on about the intermediate stage following the Chinese offer of withdrawal.

He said the Chinese had offered to go behind the McMahon Line. But there was the usual controversy as the Chinese conception of the McMahon Line varied from India's. It would be safe to say that they would go behind the watershed.

By talks, he clarified, establishment of check-posts, reoccupation of territory vacated and the installation of civil administration, were to be discussed.

REMOVE BALANCE OF TERROR

KOTHARI'S CALL TO UNIVERSITIES

Mysore, Dec. 10

Dr. K.S. Kothari, Chairman of the University Grants Commission today called upon the universities to make a definite contribution in correcting the imbalance between science, technology and the humanities and help in bridging the gap between knowledge aud wisdom.

He was addressing the forty-third annual convocation of the Mysore University, held at the Crawford Hall

The atomic age, Dr. Kothari said, reminded them the unprecedented peril, both in depth and extent, which faced mankind today in the shape of a possible misuse, deliberate or accidental, of nuclear knowledge.

This "balance of terror" had to be replaced by common-links of co-operation and common endeavour in the pursuit of high ideals and goals. The present unfortunate and tragic situation was essentially a reflection of the widening gap between rapidly expanding scientific and technical knowledge on the one hand and political wisdom, statesmanship and ethical values on the other. Science and spirituality or 'atom' and nonviolence were not in balance. It was this imbalance which mankind should seek to redress, he added.

The UGC Chief said the central problem facing them, which was basic to everything else in the field of higher education was to raise quality and reduce wastage. They had to take urgent and energetic steps to raise the quality and strength of the teaching staff, to make available good books at reasonable prices within the easy reach of students and to provide "reading seats" in librarirs and "day-students homes" for a substantial proportion of students.

He also stressed the need for attracting and retaining in the teaching profession men of outstanding ability and character. He wanted migration of teachers from college to university and between universities. It was of the utmost importance that highest standards were observed in the recruitment of teaching staff. It should be made on the basis of academic merit, unifluenced by consideration of caste, regionalism and other extraneous factors.

Dr. Kathari said that it was also necessary that in universities and colleges ad mission of students should be on the basis of merit.

CHINA'S THREAT TO PROLONG WAR

China has issued an ultimatum to India that unless its three-point formula for negotiations was accepted by India, the border conflict might not end.

Peking Government had rejected as "utterly unacceptable" India's demand for withdrawal to positions the Chinese forces had before Sept 8 this year.

She has demanded India to give a clear and definite reply to her proposals to end the conflict.

TRANSFER OF NGOs.

Bangalore, Dec. 10

The Mysore Government has directed that as far as possible Class IV and III officials already transferred outside their districts or divisions, may be brought back to their districts or divisions whenever vacancies arise. provided they had served outside for three years.

Referring to Chinese aggression, he said this challenge to our security and freedom, should be considered an opportunity and be met with strength, dignity, discipline and fortitude

K WELCOMES PEKING'S OFFER

The Soviet Premier Khrushchev stated yesterday that Russia warmly welcomed the Chinese cease-fire proposals.

He said that Russia hoped for a commonsense settlement of the Sino-Indian border conflict and regretted that blood was being shed. All border conflicts could be settled by talks.

The border situation caused the Soviet Government anxiety. It was the first conflict between a socialist State and a country which had won its independence. It might turn into a wholesale war and the imperialists were only warting for this. That was why they so readily supplied India with weapons.

He said that by accepting Western arms and waging war, India would be putting its neck into the imperialists noose and lose its freedom. The Chinese took this fact into consideration when they made their cease-fire proposals.

SICK POWs RETURNED

Seventeen Indian sick and wounded prisoners were handed over to the Indian Red Cross party by the Chinese Red Cross at Machuka in Siang Division of NEFA, yesterday. They were brought to Jorhat.

Uniform Standards In Varsities

MYSORE GOVERNOR'S PLEA

The Governor of Mysore, Sri Jayachamaraja Wadiyar suggested yesterday uniformity in academic standards and academic regulations among the different universities in the country.

Delivering the convocation address of the Osmania University at Hyderabad, the Governor said this kind of uniformity at even lower levels would facilitate the migration of scholars from university to university and also promote integration in its own way.

He stressed the need for limitation of admissions to colleges in the interests of maintaining a proportion between the teachers and the taught, which was an essential condition of right education.

The Governor warned that if we relinquish English immediately or reduce it to a position of weakness we may be creating a gap in higher education which would be hard to fill at once.

AMENDMENTS TO VARSITY ACT

Bangalore, Dec. 14

Education Minister Kanthi informed the Legislative Council that the proposed amendments to the Mysore Uuiversity Act had to wait till the Central Government finalised its model act to bring about uniformity in university administration in the country.

Indian Army Strong & Fettle

Prime Minister Nehru stated yesterday that the Indian Army was quite strong and fettle. It was only perhaps their lack of experience in the type of conventional warfare the Chinese adopted that deprived them of an opportunity of giving a good account of themselves.

He said in spite of the good response to the call for recruitment a big percentage of the applicants were not found fit. But since the flood of applicants was swelling every where, there was no problem of man-power at all.

Pak To Desert Allies

Pakistan, it is learnt, has approached the Soviet Union for support on the Kashmir issue in exchange for withdrawal from the SEATO and CENTO.

She is said to have assured Russia that it was ready to break with America and ask the U. S. to wind up its bases and also change its foreign policy and align itself with the Communist countries.

Brig. Killed By Chinese

Brig. Hoshiar Singh was shot dead by the Chinese near Darrang Dzong on Nov. 27, six days after the unilateral cease-fire by the Chinese.

He was shot at point blank range in most inhuman and trecherous manner by aChinese officer after his retreating column of 200 officers and men were ambushed and encircled by the Chinese marauders.

Brig Hoshiar Singh, who was commanding a brigade at Sela, fought gallantly and held the out numbering Chinese for days. Then under heavy Chinese pressure, he decided to withdraw. The retreating column was ambushed and realising his men were being encircled, he decided to surrender to save his men from being butchered and raised both his hands. But the Chinese officer went up to him and shot him at point blank range.

Ever Ready For Future Eventualities

MORARJI'S WARNING

Union Finance Minister Morarji Desai declared yesterday that "until and unless Chinese troops are withdrawn completely from the Indian soil our preparations have to go on. We are not going to accept conditions but China should vacate every inch of Indian territory".

Addressing the members of A.P. Legislature at Hyderabad, Sri Desai said that India could beat the Chinese completely and "beat to pulp if it comes to that". However, the country had to be prepared completely at all times in future to meet any threat from across the borders.

The FinanceMinister said: "even if there is going to be a settlement which is honourable for us and the Chinese vacate our territory, I have no doubt in my mind that we must be prepared for all future eventualities and we must keep our armies ready and trim".

Two-Faced Chinese 'NONO'

The Chinese two-fold policy of, on the one hand, trying to fraternise with our jawans by offering them tea and cigarettes and addressing them as "nono (a Ladaki word for young loving brothers) and on the other, quietly preparing to mount an unprovoked massive attack, has been related by an Indian Army observer

In one of our-posts, says the observer, Havildar Sarup Singh of the Ladakh scouts was Second-in-command. By the early morning of Oct. 20, the Chinese had entrenched themselves in large numbers about a thousand yards away and after encircling our outpost, they launched a sudden attack with mortars and automatic weapons

Sarup Singh and two other ranks were fighting gallantly from trench when an enemy shell landed near by, killing two jawans. Sarup Singh, who was badly wounded, but unmindful of his personal safety, fought gallantly and singlehanded repulsed the Chinese attacks. Thereby, he made it possible for the rest of the post to fall back in another defensive position ten miles away.

After defending the post for seven hours, he fell unconscious riddled with bullets. He was picked up by the withdrawing party. On Oct 21 he died.

Our Jawans Facing Hostile Nature

The Indian jawans patrolling 18,000 to 20,000 feet high mountains are not only coufident of defeating the enemy but also of hostile nature

India's spirit and passion today to guard the high Himalayan passes in Ladakh with the jawans patrolling the mountainous area with a patriotic fervour is unparalled in history.

It is a marvel how the jawans from the torrid plains have in a matter of week acclimatized themselves as men of the snowy mountains. prepared to fight two enemies, China and hostile nature. With cold numbing, grit-laden winds lashing them at 60 kilometres per hour, they stand guard cheerfully with their morale and determination as high as the world's loftist mountain peaks they guard

At heights of 19,000 feet icicles form on the moustaches and beards of the Jawans and officers by their own breath. A cup of tea has to be gulped almost at boiling point as it freezes in a minute or two. In the forward areas, the jawans cut with pick and shovel slabs of ice from the frozen nullahs and beat it for water and cooking purposes.

In the morning all metal is dead cold. If one touches a gun with bare hands one gets the metal burn. Not only water freezes but also diesel.

Enter Into Arms Pact

RAJAJI'S PLEA

Sri C. Rajagopalachari has suggested that Prime Minister Nehru should immediately fly to Washington and London for entering into agreements for western aid on massive scale to drive out the Chinese aggressors.

The present cease-fire, he said, was merely a suspension rather than the end of hostilities. He would even venture a guess that soon, may be just a week, from now, China might start a full-scale war against India. And, what was more, even in the matter of making a declaration of war, China might take the initiative.

Rajaji also wanted that India must be prepared to pay the price of rapprochment with Pakistan and that for this also, the Prime Minister must pay a visit to Pakistan. This would, far from lowering India's prestige, result in Pakistan beginning to respect India.

NATION TO BE READY FOR BIG STRUGGLE

Prime Minister Nehru told the people yesterday that they had to be prepared for a big struggle against this (Chinese) kind of aggression on our soil.

He said that although the unprovoked Chinese aggression against India had saddened him, he was happy that it had brought about National unity as nothing else had. People had shed narrow religious, linguistic and provincial loyalties and demonstrated that they stood together as one nation to face the aggression.

Bomdila Looted

The Indian Flag was hoisted yesterday in Bomdila, 9,000-foot high administrative headquarters of the Kameng Division in NEFA, to mark the re-establishment of Indian administration.

Bomdila itself presented a deserted look as the people had been evacuated before it fell except for a few Tibetan refugees who had been working on roads away from the town.

During their occupation, the Chinese had put out communication and two generators which supplied electricity to the town. They had also disrupted the water supply and the taps were dry.

The Chinese had not spared even the Buddhist temple and had removed the silver lamps and all valuables.

Before withdrawing from Bomdila, the Chinese had sealed all houses with the inscription in Chinese reading "Occupants away please do not enter". But when the Indian party opened the official residences, most of the the furmiture and other articles were not there.

The Chinese had taken away from a hospital all medicines, valuable equipment and spring cots. Three months' provisions left in the Government stores had also been carried away.

PRESERVE SENSE OF URGENCY

PRESIDENTS CALL

President Radhakrishnan yesterday urged that the sense of urgency created by the Chinese should never be lost, even though the Chinese might withdraw, as the Himalayan border had become sensitive and might become a danger spot any time.

He said: "Today we must recognise that we cannot leave the Himalayan border unguarded because it has been breached. Our borders have to be properly guarded and protected as we should not be caught napping. Protection of the borders is one of the essential things that we have to work for."

Dr. Radhakrishnan said that the policy of non-alignment meant that India did not wish to give up the opportunity of offering independent judgment on issues which came up before her. This policy was now being put to the test and it had not been found wanting. Democratic countries as well as Communist countries had expressed their sympathies with India and condemned the aggression.

The President said the whole country had been "sttrred to its depths" by the Chinese invasion. "If we are unable to mobilise the enthusiasm and emotion which are now found all over the country, there will be a tendency for it to fade away."

Pakistan Blackmailing India

Pakistan was trying to blackmail India on the question of Kashmir and "once we submit to this kind of tactics, there will be no end to it", stated Kashmir Premier Bakshi Ghulam Mohammed.

He said that taking advantage of the Chinese aggression, Pakistan was trying to bring pressure on India to make a gift of Kashmir to her. "Should we succumb to this pressure posterity will charge us with being spineless and weak-kneed."

Bakshi declared India had always stood and suffered for her principles "Kashmir is the symbol of India's secular character and we cannot surrender it to anyone whatever happens."

The Kashmir Premier said that once India submitted to the demands of a blackmailer, there would be no end to it "Today it is Kashmir, tomorrow they will ask for Bihar and the day after Assam. We are in no mood to comply with these demands."

Pressure Tactics To Give Up Kashmir

Prime Minister Nehru yesterday accused Pakistan of displaying an "attitude of blackmail" in seeking to make a settlement over Kashmir a pre-condition for an assurance of peace on the Indo-Pakistan borders.

In an interview to Washington "Post", Sri Nehru cautioned against "pressure tactics" by the United States and Britain to induce Indian withdrawal from the Kashmir valley as price for an enlarged Western military assistance programme.

He said that he had seen reports of statements by Mr. Harriman, U.S. Assistant Secretary of State, linking Western military aid against China to a settlement of the Kashmir question, but there had been no direct pressure on India.

Sri Nehru told the correspondent that anything which confused the position of the valley would add to tension and bitterness.

"Remember that at present Srinagar offers the only way to reach Ladakh and all of our campaigns against China depend on the Kashmir valley", he added.

He referred to the fundamental divergences between India and Pakistan and said that if once a preliminary agreement could be reached, discarding for all time the conception that because Kashmir had a Muslim majority, it should go to Pakistan, "then we could proceed in an atmosphere of goodwill to confront our common problems". Otherwise, he feared for the 50 million Muslims of India. "The problem is to bypass the religious issue", he asserted.

Lack Of Aid Won't Make Us Surrender —NEHRU

Prime Minister Nehru declared yesterday that "We want, and we welcome Western aid, but if it does not come, that does not mean we are going to surrender to the Chinese.

"We are not so weak as people may imagine. No doubt we are not used to the particular methods of mountain warfare used by the Chinese but we will learn".

CHINESE STILL IN BOMDILA HILLS

The citizens of Mysore will have an opportunity to exercise their franchise once again.

This time it is not for any persons but for the defence of the country.

The "Vote for Victory Currency-Ballot" will be held here on Jan. 26, Republic Day. On that day, the voters will go to the polling booths and exercise their franchise by putting one rupee note in the ballot box Each voter can cast his vote any number of times, by putting one rupee currency note.

This decision was taken by the Mysore District National Defence Council, here yesterday. Sri Channaraj Urs, Deputy Commissioner presided.

Several members expressed their dissatisfaction over the collections to the Defence Fund. It was painful, they said, that Mysore district was lagging as fourth place in the State. Vigorous efforts should be made to step up collections, they urged.

He said that there were at present 32 5 lakh houses in the rural parts and 9 lakh houses in urban areas for 183.2 and 56 lakhs population respectively.

Overcome Deficiencies

PRFSIDENT'S CALL TO NATION

President Radhakrishnan yesterday called upon the nation to overcome the deficiencies which had in the past made India fall back in the march of human race and become once again the vanguard of human progress.

He said: "Now when we are facing the new danger on our Himalayan frontiers, it has become important for us to advance industrially, economically, scientifically and militarily."

Inaugurating the jubilee celebrations of the Bharatiya Vidya Bhavan at Bombay, the President said that India would pass through all the troubles if the people lived according to three fundamental teachings of 'Bhartiya Vidya', Indian wisdom and culture--namely, tranquility of spirit, non-attachment and non-hatred.

Dr. Radhakrishnan recalled that India was once industrially and economically as progressive as any other country in the world and said that country suffered political subjugation because of social division, technical inefficiency, military weakness and economic backwardness.

The President said that in striving for progress India should, however, remember that material progress alone was not enough. They had to recognise the important role spiritual development had to play in our lives.

NEFA People's Faith In India

NEFA people's implicit faith in the Indian administration and their loyalty to India had been forthcoming since the restoration of the civil administration in Bomdila.

A young woman, who had been hiding with her baby since the Chinese occupation, came out of her jungle hideout only after she came to know that India had re established herself.

A group of villagers, who were prevented by the Chinese from escaping to the plains in Assam, however managed to hide nearby hills until they knew about the return of the Indian administration.

In another village, a Monapa headman buried his official garment to avoid any attempts by the Chinese to extract information. This followed harassment by the Chinese of two employees of the NEFA administration who were in official dress

The Commissioner of NEFA, Sri Luthra stated that search parties had been watching the jungles to rescue the sick and wounded Jawans, who were trekking through various jungle paths.

He said the loss resulting from the Chinese occupation of Bomdila was very heavy.

Plebiscite In Kashmir

NEHRU'S CONDITIONS

Prime Minister Nehru has rejected the idea of plebiscite in Kashmir now as it would clearly be on religious lines.

In an interview to American group of newspapers, Sri Nehru said: "India would agree to a plebiscite in Kashmir provided it was contested along economic and political lines and after Pakistan troops withdraw from the region. But if a plebiscite were now held it would clearly be along religious lines"

The Prime Minister made it clear that India would continue to resist pressure from any quarter to agree to a plebiscite in Kashmir until he could be certain that voting would be along economic and political lines, not religious.

No Parleys With China

——PRESIDENT

President Radhakrishnan yesterday declared that the Government of India was quite determined that the country should not rest until the last Chinese invader was driven out.

He told the people: "Do not listen to all sorts of rumours that we are entering into parleys with the Chinese or adopting a policy of appeasement".

The basic requirement for any talks was vacation by the Chinese of the areas they had now occupied in India.

The President said that military strength was the only answer to any kind of insecurity in the present state of an imperfect world.

Western Aid To Continue

The U. S. President Kennedy and British Prime Minister Macmillan meeting at Nassau (Bahamas) yesterday agreed on the need for continuing Western military aid to India but emphasised their hope that China's Himalayan offensive will help lead to an Indo-Pakistan settlement.

The two leaders said they were "hopeful that the common interest of Pakistan and India in the security of the sub-continent would lead to reconciliation of India-Pakistan differences".

The U. S. and Britain were in complete agreement on the need for further supplies to India. There would be no dramatic new supply programme but India could be assured of a steady stream of equipment based on Indian requirements.

Because of the Indian Army's traditional links with Britain and its past use of British equipment, a fair proportion on new supplies would come from British sources but other major items would be provided by the United States. The cost borne by the two nations would roughly be on a 50-50 basis.

Mysore, Dec. 24

Sri Kondaji Basappa, Deputy Minister for Co-operation and Chairman of the Study Group of Community Development and Pnchayat Raj, met the members of the Mysore District Development Council here yesterday.

The members suggested among other things, that executive powers should be given to the Council which was now only advisory body, the Chairman of the Council should be a non-official, the Secretary of the Council to be an official of the status of a Deputy Commissioner and adequate funds for Taluk Boards

NONE IN NEFA SURRENDERED

Sri Heda, MP who headed a Parliamentary team to the border areas in Assam stated that none in NEFA surrendered to the Chinese.

He said that on the whole only about 10,000 people of NEFA evacuated after the Chinese invasion. The rest hid themselves in jungles. They were ingenious in that they saved even their cattle. It was a big disappointment to the Chinese army to find none and they could not get even some provisions from the empty houses

Further the people of NEFA helped the Indian army at Sela, in rescuing themselves through a route via Bhutan.

NO SLOWING DOWN OF PLANS

President Radhakrishnan yesterday warned that any tendency to slow down the progress of development plans, would have graver consequences than a reverse on the battle-field.

He said despite the pressures brought on us by national emergency, the Government was determined to see that no effort was spared to fulfill the country's development plans.

PAK-CHINA CONSPIRACY

Kashmir Premier Bakshi Ghulam Mohammad said at Srinagar yesterday that there appeared to be a conspiracy between Pakistan and China because Pakistan started a campaign of vilification against India after the Chinese aggression.

Britain also seems to be a party to this, he added.

INDIA'S DESIRE

The General Secretary of the AICC, Mr. K.K. Shah declared at Allahabad yesterday that India was anxious to negotiate a peaceful settlement of Kashmir issue with Pakistan but not at a time when our houses was on fire.

"We shall first extinguish the fire which China has set to our house and then try to solve the Kashmir problem," he added.

Peace, The Earth's Treasure

POPE'S X'MAS MESSAGE

The existence of peace and the zeal to preserve it is the assurance of the world's tranquility. "And of all the earth's treasures, the most precious and the most noteworthy is that of peace", stated the Pope in his Christmas message to the world.

The 81-year-old Pontiff appealed to the great powers to collaborate in space exploration and research for peace.

Pope John said that in collaborating in space work, men would be working effectively for the brotherhood and peace which are the object of the wishes and prayers of all at this holy time of Christmas.

"May God inspire the organisers of great special enterprises with the idea of associating in their projects and discoveries brave and able men of every race and nation."

No Giving Up Non-Violence Policy

—NEHRU

Prime Minister Nehru yesterday stated that it would be wrong to give up the policy of non-violence and peaceful co-existence. It might mean weakness on her part if she resorted to such a step.

He said some people thought that in the present context of Chinese invasion, they should give up the non-violent policy. He thought that any policy other than that followed by India would mean a conflict which would spell disaster in the whole world.

So also betelnuts, cloves and cardamoms, loudspeakers and artificial teeth.

NO QUARREL WITH CHINESE PEOPLE

Prime Minister Nehru yesterday said that India had no quarrel with the people of China.

While exhorting the people to build up their energies and strength to fight the Chinese invaders, he made it quite clear that India was not at war with Chinese culture and the people of China but with the Chinese Government only.

Presiding over the annual convocation of the Viswabharati University, Sri Nehru said that in this emergency all people, particularly university teachers and students, had a great deal to do. The students could obviously join NCC and other organisations and also help the defence services in many different ways The army and the other defence services had undoubtedly an important role to play. But the people themselves with their tremendous zeal should be behind the army to maintain the morale of the people "I must say our countrymen have shown that morale and I am confident of success", he added.

MILITARY SCIENCE IN VARSITY COURSES

Dr. C. P. Ramaswamy Iyer, Vice-Chancellor of the Annamalai University, stated yesterday that the University courses must have to be modified to include scientific studies including military science and the numerous aspects of modern defence requirements.

Education in schools and colleges, he said, must of necessity be oriented to meet all the possible demands of a nation's resolve to protect and maintain its freedom and self-reliance.

From now on, it would be necessary for the country to prepare itself to be ready for all contingencies, 'while continuing to be wedded to the basic policy of peace and samavaya'.

AYUB'S HARP ON PLEBISCITE

Pakistan President Ayub Khan stated yesterday that he stood by the plebiscite proposal for Kashmir and he would give a fair trial to the Rawalpindi Conference of Indo-Pakistani Ministers on Dec. 27 "because the security of the sub-continent depended on the good relationship between the two countries".

He criticised Prime Minister Nehru for his confederation idea of India and Pakistan.

PAPERS TO BE SCRUTINISED

Union Information Minister Gopala Reddy stated yesterday that writings in newspapers would be scrutinised by the Press Advisory Committee and the Chief Press Adviser to the Government.

He said while the Government did not want to put obstacles in the way of the Press, it did not want newspapers to publish anything which would demoralise the people or impede the war efforts.

SCRAP PROHIBITION, LEVY SALT & AGL. TAXES

COMMERCE CONFERENCE CHIEF'S PLEA

Mysore, Dec. 26

Dr. K.K. Das, Professor of Commerce, Andhra University, yesterday suggested the scrapping of prohibition, auctioning of import licenses or imposition of a flat levy of 10 per cent on them, revival of salt tax and introduction of agricultural tax to find resources to meet the present emergency in the country. These measures, he said, would yield about Rs. 250 crores a year

He asked the Government to give up "inhibitions and a false sense of prestige".

Prof. Das was presiding over the 16th All India Commerce Conference held here under the auspices of the University of Mysore.

He emphasised the need to find fresh avenues of taxation instead of increasing the burden on the existing sources.

The President proposed the imposition of a lump-sum security levy comparable to capital levy, payable in three or four instalments. He said this could be payable in cash or in other acceptable forms. It offered both as a war time measure to meet the emergent needs of the Government and as a peace time measure to reduce the inequalities of wealth

Dr. Das also suggested the creation of a national defence investment trust to develop and channalise the investments to purposive ends, operating through a chain of business houses and organised institutions. The trust should have the moral sanction of the Government, employers, and the employees to resolve any problem facing the concerned industry or trade.

He said the offer of higher interest on defence loans was not desirable.

Prof Das pleaded for a reorientation of the attitude towards private enterprise and asked the Government to re-examine the idealogical premises of its industrial policy resolutions and other regulatory measures on a longer horizon.

SPEED UP THE WHEELS OF COMMERCE

MYSORE MINISTER'S PLEA

Mysore, Dec. 26

Inaugurating the 16th All India Commerce Conference here yesterday, Sri Mallappa, Industries Minister said that if any scheme of industrialisation had to yield maximum results and attain a greater degree of efficiency, it should bring about a proper co-ordination and co-operation of the main and the ancilliary industries. This would not only ensure a regular and healthy industrial development on a sound basis but would also bring about a much desired decentralisation of industries, thereby creating larger opportunities for employment.

The Minister said while the nation was preparing itself for a long-drawn struggle against a cunning and unscruplous enemy and every ounce of our energy had to be dedicated to the noble task of defending the honour and integrity of our motherland, such conferences did play a great role.

He asked the conference to take note of the sense of emergency in the country and the urgent need for stepping up production and of speeding up the wheels of commerce so that they might ward off the dangers facing them and lead the country further to the path of progress.

Sri Mallappa said that he was happy that the conference had both academicians and men who matter in the field of industry and commerce. The co-operation and co-ordination of the efforts of these two important wings of the community were bound to yield very good results This two-way traffic, the mutual exchange of knowledge and experience, was bound to have its salutory effect both on our universities and our business community

Sri Rahmathulla, Vice-Chancellor, Mysore University, welcomed the delegates

NEED FOR BASIC EDUCATION

Vice-President Zakir Hussain yesterday stated that basic education could not develop with dishonesty and insincerity and the abolition of this system was much more honest than sabotaging

The Chinese aggression, he said, had shown us the dimensions of our problem and thus we have the main problem, the strength of the people, which could be organised only through basic education.

PERMIT SYSTEM TO BUY GOLD?

The Government of India is considering a proposal to introduce permit system for purchase of gold. No citizen would be able to buy gold except with a permit.

Two other measures proposed to eliminate gold smuggling and reduce its internal price are the licensing of all dealers, bullion merchants and goldsmiths and the registration of spot transaction each day.

Regarding fixation of a limit for personal gold holdings and declaration of any surplus, the Government had not yet arrived at a decision.

SIANG TRIBES LEFT TO STARVE

The Chinese had carried away all the foodstuffs and leaving the local people to starve before withdrawing from Machuka in Siang division.

War Hysteria In Tibet

The Chinese are whipping up war hysteria in Tibet.

They are using the radio, the Government-controlled Tibetan daily and movies exhorting the people to "help the Chinese Army to help the motherland".

Chinese Communist leaders are also reported to be touring the villages of Tibet and spreading rumours to enlist support for the Army.

REGULATION OF COCOON SALES

Mysore, Dec 27

Production, supply and distribution of silk worm seeds and cocoons will be regulated in Nanjangud, Chamarajanagar and Gundlupet taluks from tomorrow, under the Mysore Silk Worm Seed and Cocoon Act.

Rearers in these areas will have to sell their cocoons for reeling or for production only to licenseholders. Sale and purchase of cocoons will be permitted only in the specified cocoon markets.

INDIA REFUSES TO BOW TO CHINA

India has refused to bow to the "peremptory and dictatorial tone" in which China has demanded compliance with its cease-fire proposal.

The Government of India, on Dec. 19, in reply to Peking's memrandum of Dec. 9. has pointed out that the Chinese authorities were not only deliberately confusing the line of actual control as on Nov. 7 1959 with their so called territorial claims, particularly in the Western sector, but also holding out threats of counter-attack if such an arbitrary line of actual contril was not accepted by India.

This was clearly inconsistent with the Chinese Government's professions of their desire for disengagement of the forces of the two sides, based on the line of actual control before the invasion and the clashes, with a view to reverting to the process of peaceful talks and discussions to resolve the differences between the two Governments on the questions of India-China boundary", the Delhi Note says.

Describing the Chinese Note as being "replete with factual distortions", the Government of India has stated: "It is utterly fallacious to state that the Chinese Government has already set forth in detail, in their many previous documents, facts about their exercise of administrative juridication over vast areas as the Chinese side of what they refer to be as the traditional and customary line in the western sector of the Sino-Indian boundary."

Indo-Pak Talks Today

Indo-Pakistan ministerial talks, preparatory to Ayub-Nehru meeting on Kashmir and other issues, commenced today at Rawalpindi.

Sardar Swaran Singh, leader of the Indian delagation stated yesterday that the object of the talks was to create friendship and goodwill between the two countries. They had many things in common and could co-operate in hundred and one ways.

No proposal for a solution of the Kashmir problem including plebiscite was ruled out at the talks. In fact, there was no precondition to the talks, he said.

He added that India was entering the talks in all sincerity to meet all honest endeavours to find solutions mutually satisfactory and beneficial to both countries.

DECISIVE STAGE IN HISTORY OF NATION

Union Finance Minister stated yesterday that India had reached a decisive stage in her history and the next 10 or 15 years would "prove or disprove whether a nation dedicated to the ways of peace, freedom and social justice can, nevertheless build for itself a secure and ampler future."

The challenge, he said, was great, but, given the talent and the wisdom to harness the energies and enthusiasm of the people, the task was by no means unattainable.

It required "getting down to brass tacks, working out details, soiling hands with facts and figures and even coming in contact with the rough and tumble of politics and administration".

Sino-Pak Agreement

The Government of India has expressed surprise on the announcement of the agreement between China and Pakistan on the border between Sikiang and Pakistan-occupied area of Kashmir, on the eve of discussions between India and Pakistan, on Kashmir.

A Government of India spokesman said at Delhi yesterday that this could only confirm 'a close collaboration' between Peking and Rawalpindi and this understanding was in marked contract to the stand taken by the Chinese.

Pakistan President Ayub Khan explained to Indian leader of the delegation Sri Swaransingh that the Sino-Pakistan 'agreement in principle' on the common border was not deliberate or intentional but only a coincidence.

JOINT PLAN TO BUILD-UP GOODWILL SUGGESTED

India has invited Pakistan to join her in launching a joint programme to build up abiding goodwill between the two countries and so settle all their differences.

Sri Swaran Singh, leader of the Indian delegation in his opening statement on the ministerial level talks on Kashmir said at Rawalpindi that there was deep-rooted misunderstanding and distrust between the two countries and a great deal of spade work was needed to clear this away.

Sri Swaransingh suggested a four point peace and friendship programme laying accent on amity and friendship and in fact reversal of the unhappy trends of the past.

He said that their approach should take into account political realities in the sub-continent and developments that had taken place since both the two countries became independent, Of all these, the problem of Kashmir could not be considered in isolation.

They should, he said, have a moratorium of criticism and abuse and orgonise instead a campaign of goodwill.

Military Training Part Of General Education

Mysore, Dec. 29

The importance of integrating military training in general education programme and not keeping it as an alient body, was stressed by Dr. Hans Simons, General Education Consultant of the University Grants Commission, here yesterday.

Inaugurating a four-day seminar on General Education, at Maharaja's College, Dr. Simons said that education was a complex process dealing with the problems of training and instruction. These problems had to be solved in a proper manner and perspective to shape the personality.

He said the true perspective of education had to be imparted in the country giving the place of India in the world of today and its policy of non-alignment, which he characterised it as "wise and practical."

Prof N. S Veerappa, Convenor, welcoming the gathering said that about 50 teachers from 37 colleges in the state were participating in the seminar.

PICKETING BEFORE SHOPS IF THEY DON'T PAY TO NDF

WARNING TO RICH MERCHANTS

Mysore, Jan. 2

Sri Kempe Gowda, Municipal Councillor has warned the rich merchants and Vysya community in the city that if they did not come forward with generous donations to the National Defence Fund within a specified time, picketing would be launched before their shops.

Speaking at the monthly meeting of the Municipal Council on Monday, Sri Kempe Gowda regretted that when poor and middle class people had come forward with cash and gold to the nation's war efforts with great sacrifice, rich merchants had shown utter indifference. It was high time, he warned, that they woke up and contribute their mite, otherwise they would suffer.

Dr. B.G. Das endorsing Sri Gowda's remarks, said that His Highness and Major Mahadeviah should be asked to pay atleast Rs. 50 lakhs each to the National Defence Fund.

AFFAIRS OF CHALUVAMBA HOSPITAL ASSAILED

Mysore, Jan 2

The Congress and Opposition members of the Municipal Council, on Monday, made a trenchant attack on the working of local hospitals, particularly Chaluvamba hospital.

Sri Vedantha Hemmige in his forth-right condemnation, alleged that Chaluvamba hospital had become a "private practitioner's home" in respect of Vice-Dean. Money making was the sole business rather than of any service to patients in the hospital.

Sri B. C. Lingiah regretted that the treatment meted out to patients was most inhuman and the patients under labour-pain were humiliated by the doctors.

Several city fathers said that the Dean of K. R. and Chaluvamba hospitals was be having like a "dictator" and indifferent to the interest of patients.

They also pointed out that there was no doctor in Mohandas Pulsidas hospital for the past six months.

Changing Food Habits

CENTRE'S NEW SCHEME

Union Food Minister Patil yesterday indicated a new scheme for changing the present food habits in the country and also crop pattern.

He said the country which produced 32 million tons of foodgrains about 30 million tons of rice and two million tons of wheat consumed the entire quantity without exporting even a single maund of grain outside.

Then how was it that the people still lacked the calorific value of food? One of the main reasons, he said, was the present dietary habit.

Sri Patil said he would provide wholesome, healthy and nutritious food to the people through a composite diet, which would be an improvement on the regional diets. Such a diet, he said, would relieve the terrific pressure on the present food consumption and enable the country to export about 15 million tons of foodgrains.

Tribals' Valour

Devotion and determination of young men of Adi Tribe in Tuting sub-division, bordering the McMahon Line, foiled the Chinese attempts to press forward in this sector and forced them to go back to the other side of the international boundary.

The Chinese in the November offensive overran an Assam Rifles outpost near the McMahon Line. The enemy then reached the village of Kepang La, which is only 12 k.m. from Tuting. The sturdy Adi youth blew up the bridge to check the march of the enemy. The Chinese repaired the bridge but the tribals damaged it again. This happened three times and the Chinese ultimately left and went back to the other side of the McMahon Line.

SMALL-POX ERADICATION CAMPAIGN IN CITY FROM JANUARY 16

Mysore, Jan. 3

The National Small-Pox Eradication Scheme will be launched in city on Jan. 16.

Sri Balasubramanya, Municipal Health Officer told pressmen today that the campaign would continue till Feb. 2, which would be followed up by a mopping work for five days.

He said the health authorities would visit every house in the city for vaccinating not only children but adults also.

It is estimated that nearly 750 to 800 people die and 2,000 to 2,500 suffer from Small-Pox in Mysore State.

The main hurdle, he said in the way of completely eradicating small-pox was the non realisation of the people of the importance of early vaccination. It was important that besides children, young and aged persons also get vaccinated.

PRESIDENT'S APPEAL TO STUDENTS

President Radhakrishnan yesterday called on the students to join the armed forces and in the case of undergraduates to enrol in the NCC and such other organisations and "be prepared when called on to do your duty".

He said that though India believed in a peaceful settlement of disputes, she had been obliged to employ force against the Chinese.

"Though we prefer to settle our problems by peaceful means, occasions arise when our methods do not succeed and we have to meet with forces which did not recognise the validity of the human way of dealing with things", he said.

The President said the student population could "do a great deal of good in this situation when the country is resisting the Chinese challenge and is trying to secure our soil, our freedom and preserve the democratic way of life."

Crocodile In Pond Of Asia

Prime Minister Nehru stated yesterday that China today was behaving like a huge crocodile in the pond of Asia, trying to devour small fish

The present regime in China, he said, by its behaviour was destroying the great culture for which China had been known all the world over. By launching an unprovoked attack on India, China had done damage more to her own culture and reputation than to India.

Sri Nehru said: "Let it not be forgotten that we are a nation with great traditions. We have the capacity to stand up to such an onslaught and fight them. I have not the least doubt that we will not only survive but emerge victorious from the present situation".

PLAN WILL GO ON WHATEVER THE SACRIFICES

SAYS NEHRU

Prime Minister Nehru told the Planning Commission yesterday that the country was going to shoulder the burden of implementing the Plan by itself "whatever scarifices". People had shown tremendous enthusiasm and willingness to share in the efforts that were going on and it was necessary to devise schemes to see that they felt a sense of participation.

The Commission discussed the resourses position in the light of the emergency created by the Chinese invasion but no decision was taken as to whether financial outlays should be reduced as that would depend on the total budget requirements for defence.

At present no discussions are going on in the Planning Commission on pruning or cutting down the size of the Plan. Discussions are believed to be confined only to the size of the Plan in 1963-64 and not the Plan as a whole.

The Commission decided to convene the Standing Committee of the National Development Council on Jan. 18 to review the draft plans of the Centre and the States for 1963-64 and to devise measures for further stepping up economic mobilisation of the country.

COMPULSORY MILITARY TRAINING FOR COLLEGIANS

Military training would be made compulsory in the country for students of degree classes from July next

Disclosing this, Maj-Gen Virender Singh, Director General of NCC said about 8 lakh students would be imparted military training.

Manpower Training Schemes

A 'Crash Training Programme' has been drawn up by the Technical Manpower Committee for ensuring a flow of trained manpower for the requirements of defence in key sectors of the plan.

Apart from a shorter M.B.B.S. course the Committee has recommended compressed courses for engineering graduates and diploma holders, saving one year in each case.

Two to three thousand additional doctors will be available for service by the middle of this year if the Committee's proposal for a shorter M.B.B.S. course is accepted by the Union Government.

Accelerated training programmes planned in industrial training institutes which will run an extra shift and in workshops of engineering colleges and polytechnics will ensure 60,000 additional craftsmen in a year.

As such the availability of cement in the State may get further tightened up.

TEST OF PROGRESSIVE CULTURE

Dr. Radhakrishnan, the President, declared yesterday that if our culture is to be regarded as progressive, we must have the capacity to acquire whatever is good and valuable in other cultures.

Releasing the 9th and final volume of the Tamil Encyclopaedia at Madras, the President said knowledge was perpetually growing and its only boundary was ignorance. The ignorance that bounded knowledge should be broken down so that active and live minds could go on adding to knowledge. That was the one test of a progressive culture.

42 KILLED: 100 INJURED

IN HEAD-ON TRAIN COLLISION

42 persons were killed and more than a hundred injured in a head-on collision between the Avadh-Tirhut mail and a passenger train at Umesh Nagar station on the Katihar-Barauni section of the North-Eastern Railway in the early hours of Friday.

The passenger train, bound for Barauni, was standing at Umesh Nagar station when the speeding Katihar-bound mail train crashed into it from the opposite direction at about 4 a.m. The engines of the two trains telescoped in the impact, which also smashed three bogies of the mail train and two of the passenger. Two other bogies of the mail train were burnt in a fire when oxygen cylinders being carried in its guard van exploded.

The drivers of both the trains escaped miraculously.

A 9-year-old tusker 'Thakur', a gift from the Mysore Government was handed over to the Tirupati Devastanam authorities by Mysore Home Minister Patil on Thursday.

He said that the matter would not be brought before the resumed session of the Parliament meeting later this month.

Kalinga Airlines Scandal

The Parliamentary Congress Party Executive was infored by Prime Minister Nehru that the Kalinga airlines were entrusted with the task of air-dropping supplies because of their previous experience in the work and the knowledge of the area. However, if there was any definite allegation mentioned by the members an enquiry would be held.

The members alleged that the Kalinga airlines disposed of supplies meant to be air-drooped in NEFAin the Calcutta markets.

15 INDIAN COPS HELD BY PAK

Fifteen Indian policemen who had gone to a Pakistan border post for negotiations on Dec. 28 have been detained by the Pakistani police.

The Indian policemen had gone to the Pakistan border to get back 450 sheep and 50 cows which had been driven away earlier from some Pakistani nationals from the Indian territory.

NO GIFTS TO OFFICERS

Government employees are not permitted,in future, to accept gifts at the time of their transfer.

There will however be no objection in their accepting gifts at the time of their retirement from the members of the staff subject to the prior permission of the Government.

CHINESE KIDNAP TWO INDIANS

The Chinese have kidnapped a Central Public Works employee engaged in NEFA and another civilian carpenter when they withdrew 27 miles to the border from Machuka, a mountain-locked Memba hamlet, 10 days ago.

The Chinese had launched an intensive campaign among the 5,000 people inhabiting this area in a bid to wean them away. A Memba resident said that the Chinese offered twice their current wages to artisans who would go with them. By false promises the Chinese lured 75 people including 60 Tibetan refugees into accompany them into the border. In their campaign they employed women nurses.

NEFA BORDER ROADS ENQUIRY

Prime Minister Nehru told the Parliamentary Congress Party Executive yesterday that an enquiry would be held into certain complaints against Border Roads Organisation in the NEFA.

The complaints are construction of defective roads, extravagant expenditure, destruction of Government property and creation of panic among the civilian population during evacuation.

As regards destruction of property, Sri Nehru is understood to have said that this had been done under orders.

TRIBUTES TO PEOPLE AND JAWANS

President Radhakrishnan stated yesterday that India must carry out its policy of trying, if possible, to come to terms with Chinese.

He said: "If we are able to bring about a change of heart in the Chinese people then we may have a friendly neighbour and a tranquil border. But until then we must be prepared to be actively able to resist any further intrusions."

The President said the so-called impregnable border of the Himalayas had become pregnable. The frontiers could give us no trouble, not when there was a change of frontiers but only when there was a change of hearts.

He paid tributes to the common people and the jawans who had shown an unparalleled enthusiasm and spirit of bravery and sacrifice.

No Pact With China SAYS AYUB

Pakistan President Ayub Khan, stated that he was nor planning to sign any pacts with Communist China, not was he planning to visit Peking.

He said that he believed that the Kashmir issue could be settled. It would be impractical for the U.N. to take over administration of Kahsmir, he added.

The Pakistan President said that any solution which was reasonably acceptable to the three elements, people of Kashmir, India and Pakistan, would be all right.

Regarding the Western arms aid to India, President Ayub Khan stated that it had "greatly alarmed our people".

Smt. Soundaramma Venkatesan proposed a vote of thanks

SCRAP DRY LAW: CUT SIZE OF CABINET

Praja-Socialist Party leader H. V. Kamath stated at Coimbatore that his party was of the view that there must be reduction in the size of the Cabinet both at the Centre and the States.

Sri Kamath said that prohibition should be scrapped during the present emergency for raising revenue.

He said that from the prevailing trend among the PSP, Socialist, Revolutionary Socialist and Forward Bloc parties, he hoped a well knit united Socialist Party would emerge in the country before the end of this year.

The move for amending the Constitution for the purpose of making the Law Minister also the Attorney-General will be objected to by all Opposition parties, the PSP leader added.

NO GENERAL EDUCATION IN PUC FROM COMING ACADEMIC YEAR

Mysore, Jan. 7

The Academic Council of the Mysore University meeting here on Saturday decided to abolish General Education as a subject of study at the Pre-University level from 1963-64.

Sri B V. Banumiah moving the resolution said that the course was superflous and a heavy load on the PUC students There was no follow-up in the subject for medical and engineering students after completing the PUC The teaching of General Education for one year was neither necessary nor beneficial to students. However he wanted the continuance of the subject at the degree level.

Sri Mohamad Rahamatulla, Vice Chancellor, cautioned against any hasty decision and suggested that the question be referred to a committee.

Sri Banumiah denying that they had been hurrying in the matter, said it was brought before the Academi Council as early as 1961.

After a heated debate the resolution was carried by 26 votes to 23.

No Amity at Cost Of Honour

SAYS NEHRU

Prime Minister Nehru yesterday declared at Allahabad that India wanted to have friendly relations with all the countries of the world, including China and Pakistan. "But it does not mean that any country can humiliate us or force us to accept anything at the cost of national prestige and honour", he added.

Sri Nehru said that India was always prepared for an honourable settlement of the Sino-Indian border dispute but would not bow down or tolerate any humiliation.

He said in spite of the Chinese aggression India still wanted to have friendly relations with that country. India did not want a war, as in the present atomic age, a war in any part of the world would annihilate the human race and bring total destruction and ruin.

INDIAN POWs

The number of Indian officers and jawans announced by the Chinese to be still in their hands and of those handed over to the Indian Red Cross total 3,908. The actual number of Indian prisoners of war handed over by the Chinese so far is 716.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace, Road, Mysore.

NON-ALIGNMENT WOULD NOT BE GIVEN UP

Prime Minister Nehru stated at Lucknow on Saturday that national defence could not be entrusted to other countries. Entrusting the defence of a country to other countries limits its freedom to that extent, he said.

He said the Chinese invasion marked the beginning of a new era and India had to be strong, war or no war. Any lapse would endanger the country's freedom.

Speaking about the non-alignment policy the Prime Minister said that non-alignment had served India well and he thought the country would not give it up.

ASIAN OVERLORDSHIP IS CHINA'S AIM

Sri Nehru told at Allahabad that China attacked India because among other reasons she wanted to be matchless in Asia. She wanted other Asian countries to bow down to her.

Speaking at various meetings the Prime Minister said that the people should not be lulled by the Chinese cease-fire but go full steam in building country's strength.

He said that though no fighting was taking place on the Sino-Indian border at present, the danger still loomed large over the country. "This danger will continue for some time to come and we will have to prepare ourselves to ward off this danger", he said.

Rifle Training Centre Opened

Mysore, Jan. 8

Home Minister Patil yesterday inaugurated the rifle training centre at police lines in Jyotinagar.

Sri G.V. Rao, Principal of the Police Training College welcomed the gathering.

The Home Minister strongly condemned the attitude of people who thought that it was not their duty but was the duty of the Government to defend the country. He said there were some others who thought that other countries would come to India's aid and they could be merry. He declared that such indifferent habit was the first enemy of the country.

Sri Patil said that time was not far off when there might be compulsory training in the use of fire arms. Rifle training was not only for the defence of the country but for self-protection.

He said the openiag of the centre was only a beginning in the series of three important measures to be initiated in the city to strengthen the defence measures, namely, the Home Guards and the civil defence.

He called upon the people, both men and women, to join the centre in large numbers.

Sri Patil also inaugurated a wrestling tournament, organised by the Wrestlers' Association, at Doddakere maidan, for raising collections to the National Defence Fund.

Sri S. Channiah welcomed the gathering.

NO PRUNING OF PLAN PROJECTS

Union Labour Minister Nanda yesterday deprecated what he called "loose talk" of pruning plan projects and diverting funds thus saved to defence.

He told pressmen at Ahmedabad that there could be no pruning of the Plan. The war did not require money but commodities such as steel and oil and the Plan was intended to augment their production.

He pointed out that eight per cent of the Central Plan was for strengthening defence Projects of secondary importance could however be postponed, he said.

About prohibition, he said, it was necessary and helpful to the community. "If this is not so, it is a problem which should be faced and solved".

CHINA'S POSITIVE RESPONSE

China's New Plan Is Worse —NEHRU

Prime Minister Nehru has described the China's new proposals as being worse than the earlier three-point formula "inasmuch as it seeks to exclude the Indian armed forces from the entire area of Indian territory, subject to this latest aggression since Sept. 8, 1962, i.e., from Indian territory of over 20,000 square kilometres in the eastern sector and over 6,000 square kilometres in the western sector."

In his New Year's Day letter to Chinese Prime Minister Chou En-lay, Sri Nehru has said that while India was perfectly willing to settle the Sino-Indian dispute peacefully, India was not prepared to have any discussions thrust upon her by aggression and military means.

Sri Nehru has reiterated that before a suitable atmosphere for any worthwhile talks was created, "I think that atleast the further aggression committed by the Chinese forces since Sept. 8, 1962 should be removed and the position as it existed then should be restored."

MERGER OF MEDICAL & HEALTH SERVICES

Bangalore, Jan 10

The State Cabinet which met here yesterday has taken a decision for bringing the Mysore Medical and Public Health Services under one Directorate at the State and district levels.

GOLD CONTROL RULES

ALL ARTICLES EXCEPT ORNAMENTS TO BE DECLARED

The Government of India yesterday promulgated the Gold Control Rules under the Defence of India Act, under which possession of all gold except ornaments had to be declared within a month from today. It will also be illegal for any individual or institution, other than a licensed dealer, to acquire additional quantities of non-ornaments gold, except by inheritance or with a special permit.

All ornaments made in the country in future, whether from existing ornaments or from gold in other forms will not have a purity exceeding 14 carats. The manufacture of any article of gold other than ornaments will be prohibited

Under the rules, people can have gold ornaments without any limit and need not declare them. A minor can have non-ornament gold upto 20 grammes and others 50 grammes without any declaration.

All gold refineries which operate with the aid of power and all dealers in gold are required to apply to gold board, constituted, for license within a month.

Licensed refineries will not be permitted to make any article of gold other than primary gold or to do business with any body other than licensed dealers.

The gold control rules will be administrated by a gold board, composed of a non official chairman and three official members.

Finance Minister Desai announced these measures for checking the smuggling of gold and for reducing the abnormal price of gold in the internal market.

He appealed to the people to observe the Gold Control Rules faithfully and see that the available savings were not locked up in unproductive forms like hoarding of gold but utilised for defence and development.

NO FAITH IN CHINESE INTENTIONS

Union Defence Minister Chavan declared yesterday at Calcutta that India had no faith in the Chinese intensions and the Government would not take any chance in the defence of the country's border.

Speaking to pressmen, the Defence Minister said that a negotiated settlement could be considered only if the Chinese moved beyond the September 8, 1962 line.

Speaking about training to military personnel, the Minister said that two new training schools one at Madras and the other at Poona had been started to train army officers.

About the MIGs from Soviet Union, he said that would soon be coming.

No Talks With Pre-Conditions

CHINA TOLD

The Government of India has categorically told China that no talks or discussions are possible in circumstances where India is compelled to accept an arbitrary line, which the Chinesee call "November 7, 1959 line of control."

This line, it is emphasised, has no legal, traditional or customary basis whatever and is purely based on the latest Chinese military aggression on India.

India has pointed out that the Chinese, in insisting upon India's accepting their version of the line of actual control, is imposing a pre-condition which gives China the territorial gains of its latest aggression. India, on the other hand, is not placing any pre-conditions at all and is yet prepared to consider steps for further talks and discussions for a peaceful settlement of the differences.

"All that India asks for is that the aggression must be undone before reverting to peaceful talks".

Sirimavo-Nehru Talks

The Prime Minister of Ceylon, Mrs. Sirimavo Bandaranaike, had two hours discussions yesterday with Prime Minister Nehru about the Colombo proposal to bring about a negotiated settlement of the Sino-Indian conflict.

The Ceylon Premier when asked whether she was hopeful, she replied: "I have always been hopeful, otherwise I would not have come."

Prime Minister Nehru said it was not proper to say anything in the middle of the talks. "After we have finished our talks, we will certainly talk to you."

Three delegations from Ceylon, UAR and Ghana will together meet Sri Nehru today to resume talks.

The Prime Minister of Ceylon said earlier that she regarded her efforts to find a peaceful settlement of the Sino-Indian border problem as a mission of peace and demonstration of friendship towards India.

At a reception given by the Indo-Ceylon Friendship Association, Mrs Bandaranaike and Sri Nehru spoke of closest links of friendship between Ceylon and India. They described these friendly links were far deeper than political links.

NCC Training Part Of College Time-Table

Bangalore, Jan. 15

Maj.-Gen. Veerendra Singh, Director-General of the National Cadet Corps stated here the compulsory training in NCC for able-bodied students would be included in the regular college time-table, from the next academic year.

Four periods in a week would be included for NCC in the time-table.

Prescription of 70 per cent attendance in parades as necessary for a pass in the examination, was one of the methods contemplated by the authorities.

He made it clear that exemption from the NCC attendance would be granted only to physically disabled or sick students A panel of doctors would examine the students seeking exemption

When the scheme came into force, it would replace the physical training scheme now in vogue in various universities. Compulsory training in NCC would be confined to boys up to degree courses and there after students in higer studies, if they desired to continue, would be provided with the opportunity

The NCC Chief had discussions with the Education Minister Kanthi and the Vice-Chancellor M. Rahamatulla.

He said the Government of Mysore had agreed to grant to the cadets refreshment allowance at the rate of 19 nP per hour of parade as was done in Madras and Kerala.

New Loco Round House Opened

Mysore, Jan. 15

Sri V. K. Sthanunathan, Divisional Superintendent, Southern Railways, Mysore, declared open yesterday the new Locomotive Round House constructed here at the station yard

Sri M D Nanavathi Divisional Mechanical Engineer, welcoming explained the importance of the new round house.

He said with the heavier type of engines coming in, problem of covered accommodation to house these engines had become more acute The number of engines to be tackled at Mysore Loco Shed had increased to 50 at present The present round provided accommodation for 14 locos, having a capacity to tackle 70 engines

The Divisional Superintendent said that with the improved methods they could run the railway more efficiently. This, he hoped, would be the harbinger of providing more facilities in the State.

He disclosed that a safety device--track circuit--would be introduced in the station to prevent any head-on collisions.

'VOTE FOR VICTORY' CURRENCY BALLOT

APPEAL TO CITIZENS

Mysore, Jan. 15

The 3-lakh citizens of Mysore City will go to polls on the Republic Day, Jan. 26, to register their verdict of victory for the nation by putting one-rupee currency notes.

This 'Vote For Victory' currency ballot campaign was inaugurated last evening at the Townhall under the presidentship of Sri D. Devaraja Urs, Labour Minister. The Minister stressed the paramount importance of making the country strong in the face of the naked aggression by the Chinese. He cautioned against the complacency that war had ceased now and said that the cold war would continue for a long time and the nation should be prepared for any eventualities.

Referring to the collections to the National Defence Fund, Sri Devaraja Urs felt that Rs. 32 crores so far collected in proportion to the 400 million population of the country was very meagre. While commending the sacrifice made by the ordinary people in their contributions to the NDF, the Minister said that the response of the rich was very unsatisfactory. In his opinion these rich people should not be pamphered and given undue prominence They should be left ignored. Otherwise they would think that they were the only class who could save the country.

He hoped that all people in the city including children would muster strong on Jan 26 and exercise their currency ballot.

Master Hiranniah and Sri T. R. Subba Rao addressed the gathering. Earlier, Sri Channaraja Urs, Deputy Commissioner, welcomed the gathering and Sri G. Rudriah, District Publicity Officer, proposed a vote of thanks.

COLOMBO PROPOSALS FOR PARLIAMENT

Prime Minister Nehru announced on Sunday that the six-nation Colombo conference proposals for resolving the Sino-Indian border dispute would be placed before Parliament for consideration within a week's time.

He said that it was not that the Government could not have taken a decision or did not want to do so. Only a decision taken by Parliament on such a large issue could, however, be permanent and lasting.

Having found that "by and large, the proposals and the clarification provide for the principle that the latest Chinese aggression will be undone", the Government of India has decided to commend the proposals to Parliament.

The Colombo conference will seek certain further clarifications from Peking at India's instance. They may relate to the position of Longju and Dhola in the eastern sector and the nature of check-posts to be set up in the proposed demilitarised zone.

While the Government of India has given a definite response, Peking's crgptic disclosure of a "positive response" is considered by observers as just propaganda.

The Colombo conference has to get some clarifications from Peking. One of the point to be decided is who should set up check-posts in the area from which the Chinese forces would withdraw in the Ladakh region under the Colombo proposals. While China has claimed the exclusive right to maintain posts in these areas, the Colombo proposals are said to provide for such posts by both sides.

U.S. Aid Should Not Be Stopped

—KENNEDY

President Kennedy of the United States said yesterday that developing and non-aligned nations were shocked by China's arrogant invasion of India. He said they have been assured 'by our prompt assistance to India".

In a message to a joint session of the U. S. Congress, the President emphasised the importance of continuing America's military and economic aid programmes to the under-developed world. He said: "It is hard for any nation to focus on external or subversive threat to its independence when its energies are drained out in daily combat with forces of poverty and despair. It makes no sense to spend 50 billion dollars to check Communist military advance but grudge spending largely on American products, less than one-tenth of the amount, to help other nations strengthen their independence and cure the social chaos."

INDIA WANTS MUSCLES OF IRON

VIVEKANANDA'S MESSAGE

Mysore. Jan. 17

On the occasion of the birth centenary of Swami Vivekananda, which commences from today all over the country, Swami Madhavananda, Head of the Ramakrishna Mutt, Belur in a message stated that Vivekananda though born in India, he belonged to the whole world because of his spirit of universality.

In his youth, sitting at Dakshineswar at the feet of his great Master, Sri Ramakrishna, who was the fulfilment of the aspirations of humanity of all ages and climes, he had imbibed the spirit of universality through the realisation of the Divine in man. So, though he was born in India, he belonged to the whole world, and India had no exclusive claims on him. His mission in the East and the West was to rouse men and women to an awareness of their divine nature and the unity of man, which alone can bring peace to this world torn with hatred and strife. To quote his own words: 'Doubtless I do love India. But every day my sight grows clearer. What is India or England or America to us? We are the servants of that God who by the ignorant is called man.

To his countrymen he sounded the clarion call to be up and doing; 'work, work, for the future of India depends on that He exhorted them to cast off all petty jealousies and rally round the great ideal of 'Unity in diversity', inherited by them from hoary antiquity. On this principle, he advised them to build up a great nation out of India's divergent races with divergent languages and customs, which though a slow process, would yet give lasting results, and to refrain from using force to attain quick and spectacular results, which would be short lived.

He told the people that "no great work can be done without sacrifice....lay down your comforts, your pleasures, your name, fame or position, nay, even your lives', 'what our county wants are muscles of iron and nerves of steel, gigantic wills which will accomplish their purpose in any form, even if it meant meeting death face to face'.

This message of strength, faith, energy and solidarity is specially needed today in our present crisis Swami Madhavananda added.

More Rice Output In South

The Union Deputy Food Minister Thomas stated yesterday at Bangalore that production of rice in the southern zone-Mysore, Madras, Andhra and Kerala-had gone up by four to five lakh tons this year over that of last year.

The production in the region last year stood at about 95 lakh tons.

He said the production level of other cereals was expected to be on the same level as last year, when it was 6,295,000 tons.

Mysore was considered to be a marginally deficit State, with its deficit estimated at 50,000 tons. But the production of rice in Mysore this year had gone up by one lakh tons more than last year.

NASIK MUTT PART OF SRINGERI MUTT

The Bombay High Court has allowed an appeal filed by Sringeri Mutt against an order for registration of a mutt at Nasik as a public trust under the Bombay Public Trust Act.

Two predecessors of the Sringeri Shankaracharya had attained nirvana at Panchavati, Nasik and the then rulers, the Peshwas, offered some land to His Holiness of Sringeri for erecting samadhi. Two samadhis were constructed and the Nasik mutt came into being, part of the expenses of the mutt being met from the Sringeri Mutt funds

The High Court held that the Nasik properties being property appurtenant to the main mutt at Sringeri, the Bombay Act would not apply and the Charity Commissioner in Bombay had no jurisdiction to deal with the affairs of the institution.

1.5-Lakh k.w. Power From Sharavathy

Bangalore, Jan. 18

Nearly 1 5-lakh k.w. of power will be available from the Sharavathi Hydel Project by the end of February 1964, stated Chief Minister Nijalingappa yesterday.

The commitment for power was up to 5 to 6 lakhs k.w. and as time went on the power generated by Sharavathi project would be inadequate. Hence the State Government had already taken up other hydel projects so that increasing demand could be met.

NEHRU'S TRIBUTE TO VIVEKANANDA

Prime Minister Nehru yesterday speaking at a public meeting in New Delhi held to celebrate the 100th birth anniversary of Swamy Vivekananda said that the Swami was not only a spiritual leader but a great patriot who wished his country to live in honour and glory.

There were very few people in history who could match Swami Vivekananda's personality. He awakened the nation from slumber and gave expression to the nation's aspirations. Sri Nehru said.

What the Swamy said years ago applied to the present situation also, because he dealt with basic questions. "He taught us how to be fearless and how to face problems with calm and courage," the Prime Minister added.

He asked the people to read the writings of the great Swami which contained a universal message.

IMPORT OF JAPAN TILLER TRACTORS

Bangalore, Jan. 18

The State Government was considering proposals for the import of 500 power-driven Japanese tiller tractors, each costing Rs. 4,000. This import would help a long way in modernising agriculture.

REHABILITATION OF DISPLACED PERSONS

Bangalore, Jan. 18

A proposal to rehabilitate displaced ryots from the Sharavathy project area in the vast virgin tracts of the Tungabhadra project is under the active consideration of the State Government.

BE READY TO FACE ANY EVENTUALITY

PRIME MINISTER WARNS AGAINST COMPLACENCY

Prime Minister Nehru stated yesterday that whatever might be the ultimate outcome of the Colombo Conference proposals, people should realise the deep implications of the Chinese invasion and that it would be a folly to expect an easy or early solution to the Sino Indian dispute.

He said the Colombo proposals might lead to the continuance of the ceasefire between India and China, but the people should remeber that danger posed by China was grave. People must prepare themselves to face it, even if it continued for a long duration.

Sri Nehru said, "When such disputes arise between nations, they are not easy to resolve. Weapons are important, and we shall have them for our defence. But, ultimately, it is the will and determination of the people that lead nations to victory".

About the Colombo proposals he said, that such efforts by friends were always welcome. "We have partly conveyed our reaction to these proposals to the Prime Minister of Ceylon, Prime Minister of U.A.R. and the Minister of Justice of Ghana, who recently visited our country. We shall give our total reaction after Parliament has discussed them But whatever the outcome, we must not grow complacent. The nation must remain prepared to face any eventuality".

"I want you to steel yourselves to a point where you are prepared to fight with lathis, nay even with your nails if necessary, but not to be willing to accept anybody's domination A nation which possesses such a spirit cannot be subdued by any power howsoever great" he declared.

NO PROCUREMENT OF FOODGRAINS

Bangalore, Jan. 18

The State Government is unlikely to launch the scheme of procurement of foodgrains now. It will urge the Central Government to supply 50,000 tons of rice to make up the deficiency, on the ground that the State is still deficit.

PRIZE DISTRIBUTION

Mysore, Jan. 18

The Parents Day and the prize distribution of the Higher Secondary School, Institute of Education, will be held here tomorrow at 5 p.m. Sri H.V. Sriranga-raju, DDPI, will distribute the prizes and K.S. Suryanarayana Rao, MLA, will preside.

CUT IN SOCIAL SERVICE OUTLAY

The Standing Committee of the National Development Council, which is meeting at New Delhi today, under the Chairmanship of Prime Minister Nehru, is likely to make a slight cut in the outlay for social services.

The Standing Committee is likely to finalise only the outlay of States for 1963 64. No firm decision is likely to be taken on outlay for the Central sector during 1963 64 at today's meeting. This is because the Union Finance Minister is yet to draw up precise estimates of the resources for the next year.

The Committee will discuss ways and means by which the gap of nearly Rs. 66 crores between the estimated resources and the minimum programme is to be fulfilled by the States in the next financial year.

INDO-PAK TALKS

The Ministerial level Indo-Pakistan talks on Kashmir and other related matters now taking place in new Delhi are understood to have made some progress, in the sense that there was greater appreciation by each side of the other's view-point.

This was in sharp contrast to the rigidity prevailed at the time of the opening of the first round of talks in Rawalpindi last month,

They were still discussing the merits and demerits of plebiscite as a meth d of arriving at a solution of the Kashmir issue.

The talks will be resumed today.

TRAINING OF MORE DOCTORS

Union Health Minister Sushila Nayyar stated at Calcutta that the Government was taking up with different universities the question of training more doctors without impairing proficiency.

She said that shortening of the duration of the course was likely to affect the training, specially in the pre-clinical period. Dr. Nayyar therefore suggested the holding of more frequent examinations and taking steps for reducing the percentage of failures in the examinations.

CENTRAL AND STATE PLANS APPROVED

Rs. 1,744 CRORES OUTLAY FOR 1963-64

The Standing Committee of the National Development Council meeting at New Delhi yesterday approved the Planning Commission's proposal for an outlay of Rs. 1,744 crores during 1963-64-Rs. 944 crores for the Central sector Rs. 750 crores for the States and Rs. 50 crores for the Union territories.

Central assistance to States, unless revised later, would be Rs. 400 crores and the balance of Rs. 350 crores would have to be found by them later from their own resources.

The amount the States have undertaken to raise themselves to meet the plan commitments was estimated at Rs. 292 corors thus leaving a gap of Rs. 58 crores in relation to the outlay for which ways and means remain to be finalised.

Only such schemes had been included in the Central and the States plans as were essential for defence and strengthening of the economy.

The figures approved by the standing committee indicate that there had been no serious pruning or reshaping of the plans originally envisaged for 1963-64 except for greater emphasis placed on defence-oriented projects, power and agriculture.

Planning Minister Nanda told the standing committee that the main question facing them was how to find additional resources for the State plans.

The Chief Ministers participating in the meeting supported intensification of activities for pushing through the proposed plans for 1963-64 and assured the committee that every effort would be made to find the resources needed.

Plan Schemes Part Of Defence —NEHRU

Prime Minister Nehru told the Standing Committee of the National Development Council yesterday at New Delhi that development programmes were an essential part of defence. It was not correct to draw a line between defence efforts and development works as if they were two different things

He said that 85 per cent of development plans were essential for defence and even the remaining 15 per cent was largely concerned with defence effort.

Sri Nehru said that the Chinese withdrawal or cease-fire or the Colombo proposals "does not make any essential difference to the situation".

He spoke of the Chinese 'attacking and meancing us again and again', and said "even if we are not attacked the fact of a menace in background will be there".

The only way for the country to protect itself and its self-respect and integrity was "to continue the process of strengthening ourselves as rapidly as possible both for purposes of war and generally strengthening our economy".

Underlining the importance of going ahead with the Plan, he said, there was little choice left except to go on with the Plan with some minor alterations here and there This meant a tremendous burden, directly the war burden and an indirect war burden which was the plan burden.

Rethinking On Prohibition Urged

Majority of the Chief Ministers who met at New Delhi yesterday are understood to have urged that the time had come for a re-thinking on Prohibition. The consensus of opinion at the meeting is stated to have been that prohibition should not be extended but modified Some Chief Ministers pointed out that while they were not very much worried about the financial loss on account of prohibition, they were more concerned about the implementation machinery, namely the police becoming corrupt and about growing tendency among the people to break the dry law. While prohibition had done some good to the poorer sections, the drinking habit had not disappeared. On the contrary, it had increased in the industrial areas.

Prime Minister Nehru who was present is understood to have stated that a realistic view should be taken so far as prohibition was concerned.

STATES ASKED TO RAISE Rs. 100 CRORES

Union Finance Minister Morarji Desai is understood to have asked the Chief Ministers of various States meeting at New Delhi to mobilise resources to maximum extent in the next financial year, 1963-64.

He assured them that the Centre would do its utmost, as in the past two years of the Plan, to raise maximum resources by way of taxes and loans in the next financial year. But most of these resources would be devoted to defence expenditure which would go up considerably, as a result of the Chinese aggression. Consequently the States could not expect much assistance from the Centre for the implementation of their plans and they would have to raise additional resources between Rs. 70 and 100 crores by way of additional taxes.

CHINESE DELEGATE BOOED

Whistles, boos and shouts drowned the voice of the Chinese delegate Mr. Wu Hsiu-chuan at the East German Communist Party Congress meeting at East Berlin, when he launched a violent attack against "Yugoslav revisionism."

Loud murmur of disapproval from the Presidium and the the body of the hall greeted his remarks on the subject of the Sino-Indian border conflict in the course of which, in a veiled jibe at Soviet leadership he said, "It is regrettable that Mr. Nehru has been supported by some self-styled Marxist-Leninists".

NO TALK WITH CHINESE 'UNCIVILISED'

COLOMBO PROPOSALS CLOSE TO OUR POSITION — NEHRU

Prime Minister Nehru stated yesterday that it was "uncivilised" to refuse to talk with China. He said it was very difficult to justify such a point of view.

He told the Congress Parliamentary Party that the Colombo proposals ought to be read along with the clarifications that the Government had received as part of the proposals. He called for a united front on those proposals like the one Parliament presented on the question of meeting the aggression.

Sri Nehru explained that in NEFA the proposals provided for Indian control of the entire territory right up to the McMahon line except the Dhola ridge area which was three miles this side of the traditional line.

In any event, the proposals had left it to India and China to work out a decision on the interim control of Dhola and Longju. The latter was beyond the Sept. 9 position.

In the middle sector, there was only dispute about Bara Hoti. Even of late, authorities of Tibet had advanced claims on that territory which was a pasture. It was an old dispute.

The crux of the proposals was the suggestion for a neutralised zone in Ladakh, where civil posts were to be manned by India and China. In other words, the proposals provided for dual control over the area.

After stressing that, in substance, the proposals were close to the Indian stand, Sri Nehru made it clear that the last word on them would be that of Parliament.

MOHAN BHAGAN TEAM'S NOTICE TO SECRETARY

Mysore, Jan. 21

Sri L. Chickkarangappa, Secretary of the Mohan Bhagan's Football Club. Mysore, has issued a notice to Sri B. Srinivasa Iyengar, Secretary of the District Committee of the State Football Association demanding apology and regret for excluding his team from participating in the Subbakrisniah Memorial Tournament by giving a walk-over to the Champions Club.

The legal notice issued stated that according to the tie, the Mohan Bhagan's team had to play against the Champions on Dec. 9 and accordingly the team was present on the field. Without assigning any reason the match was not played on that date. The Captain was told by Sri Srinivasa Iyengar that the match would be played on Dec. 11 but the former pleaded inability as the players had previous engagements and asked for another date. But on Dec 13 they received a letter from Sri Srinivasa Iyengar alleging false accusations and giving a walk-over to the Champions without assigning any reasons

Such prejudicial acts are illegal and have deprived the legitimate and lawful right of the team to participate in the tournament.

As Sri Iyengar was responsible for breach of contract and causing damage to the reputation of the team, the notice demanded regret from him within three days, otherwise appropriate relief would be sought in the court of law.

The opinion of the Central Government had to be ascertained to enhance the octroi cess in the State, said Sri Puttaswamy, Minister for Local Self Government, at Shimoga.

He told the Municipal Council that many municipalities had proposed enhancement of the octroi duty to improve their reveuue as many of them depended mainly on the octroi revenue.

No Change In Dry Law

The status quo will prevail during the current year in regard to Prohibition. There will be no extension of dry law in the country during the financial year nor will the status quo of complete Prohibition in Madras, Maharastra and Gujerat and partial Prohibition in other States will be violently disturbed.

The whole question will be considered by a small committee to be set up by the Union Government consisting of eminent politicians not committed either way.

REJECT COLOMBO PROPOSALS

Leaders of the Opposition parties in Parliament, excepting the Communists, who discussed the Colombo proposals, were of the opinion that the Colombo proposals, if accepted by India, would amount to a climb down from the declared stand of the Prime Minister and the Government on the issue.

Prime Minister Nehru had discussions with the leaders of the Opposition parties earlier.

TIBETAN BORDER CLOSED

The Chinese have sealed off the entire Tibetan border following violent clashes between them and the Tibetans and have threatened to shoot any Tibetan crossing over to Sikkim, Bhutan or NEFA.

Rs. 42-Crore Plan Outlay For Mysore

Bangalore, Jan. 22

Chief Minister Nijalingappa who returned from Delhi yesterday indicated that Mysore's plan outlay for 1963 64was expected to be of the order of Rs 42 crores, with the prospects of its ultimately going up to Rs 45 crores, as originally envisaged.

He said that by proper husbanding of the resources and by effecting economies and by adopting necessary methods to recover arrears of land revenue, advances and other dues the State would be able to bridge the gap

Sri Nijalingappa stated that items like power production, increasing food production and training technical personnel would be given top priority and carried through.

He said he had impressed on the Planning Commission that any amount sanctioned for the machinery and equipment and not utilised because of delay in sanctioning could not be considered as lapsed amount.

COLOMBO PROPOSALS ACCEPTED

The Government of India has decided to accept the Colombo proposals with the elucidations for talks with China on the border issue.

So the responsibility for taking a final decision on the Colombo proposals has now passed to the Government instead of Parliament.

The proposals and the elucidations as placed before the Lok Sabha yesterday permit Indian forces to move right up to the south of the McMahon Line and the Chinese forces right up to the north of the McMahon Line in NEFA. But neither forces can go to the Thagla Ridge area and the Longju area.

The demilitarised zone of 20 kilometres created by Chinese military withdrawals in Western sector, will be administered by civilian posts of both sides

The proposals and the clarifications would be discussed on Jan. 23 and 24 on a motion to be moved by Prime Minister Nehru.

No Slackening of Defence Efforts

NEHRU WARNS

Prime Minister Nehru has stressed the necessity of "strengthening ourselves in every way to meet this menace of China" whatever developments the near future might bring about

Sri Nehru has written to Chief Ministers saying that "there is slight danger of the tempo of our work gradually becoming slower because the excitement on day-to-day fighting may not be there to keep up the sense of urgency. We have to guard against it because the danger that threatens us is not of today or tomorrow, but will last a considerable time, whether there is actual fighting or not. We can afford to take no more risks for the future."

The Prime Minister has said that the real strength of a nation does not depend on gift or loan of arms from abroad but on its own production. "In fact, it is that makes it strong, therefore, it becomes of the utmost importance for us to strengthen our industrial base."

The Home Ministry in a covering note, says that it was very necessary to guard against any lapse into a false sense of complacency on the assumption that the worst was now over with regard to the situation facing the country.

DT. JUDGE'S DEATH MOURNED

Mysore Jan 23

The members of the local bar and Judiciary met here yesterday in the court-hall of the District Judge to mourn the death of Sri M. Hanumantha Rao, Principal District and Sessions Judge, Mysore.

Sri S. Sreerangachar, President of the Bar Association made a touching reference about the untimely demise in harness of the Judge and said the deceased had endeared himself to all the members of Bar and his colleagues.

Sri S B. Peeran, the Additional District Judge associated himself with the sentiments expressed by the speaker.

The local courts and the Bar Association remained closed yesterday as a mark of respect to the departed judge.

FISHERIES CORPORATION

The Union Government had under consideration a proposal to establish in the public sector a Fisheries Corporation which would undertake deep sea fishing. It would also process the catches for export as well as for internal consumption.

It has been impressed upon the officers that there was no scope for any relaxation in pressing forward with the efforts required to meet the present emergency.

India Accepts Colombo Plan

Prime Minister Nehru told both the Congress and Opposition MPs that the Government had accepted in principle the Colombo proposals for talks on the Sino-Indian border issue.

He told them that the proposals with clarifications, by and large, accepted India's position and could form a basis for talks.

The proposals will be debated for two days in both Houses.

The main opposition groups have informed the Government of their decision not to move any amendment to the motion. Short of forcing a division, the non-Communist opposition would express their disapproval of the proposals in strong terms.

This device has been evolved mainly to preserve the unanimity of Parliament.

Sri Nehru is understood to have told the MPs that the proposals together with the clarifications "fit in" with India's stand and India might be called warmonger if the proposals were rejected. They were concerned not with the Chinese proposals, but with the Colombo conference proposals which seemed favourable to India.

The Congress Parliamentary Party executive has given Sri Nehru a free hand to deal with the situation.

It reaffirmed its decisions not to sponsor any official resolution on Colombo proposals when they come up for consideration in Parliament today.

NO TALKS TILL CHINA ACCEPTS PROPOSALS IN TOTO

NEHRU TELLS PARLIAMENT

Prime Minister Nehru made it clear in the Lok Sabha yesterday that there could be no preliminary talks with China unless the latter accepted in their entirety the Colombo proposals together with the clarifications furnished to India by the delegations of Ceylon, UAR and Ghana.

Initiating the two-day debate on the Colombo proposals, Sri Nehru said so far as India was concerned, the proposals with the clarifications, met the demand for a restoration of the statues quo as on Sept 7, 1962 and they could therefore, be accepted.

He assured the House that this would not in any manner whittle down Parliament's resolution of Nov. 20 last, that there could be no talks with Peking unless the requisite conditions were created by Chinese vacation of aggression.

All the Opposition members expressed opposition to the acceptance of the proposals, and warned that it would be "disastrous and dangerous".

The counting of currency ballot was taken up today in the afternoon

NO GIVING UP NON-ALIGNMENT POLICY

Prime Minister Nehru told the Parliamentary Congress Party yesterday that no nation could defeat India whether it was armed or not.

He said India would resist aggression and emphasised the spirit of non submission should be dominant and should be nurtured.

"Giving up non-alignment meant a terrible moral failure on our part. It means that we lose everything that Mahatma Gandhi taught us-self-reliance, non-submission to brutal force and the like". This was the very thing which was put to test in the conflict with the Chinese. The Chinese invasion had jolted and shaken the nation and had produced unity in the country.

MORE SEATS IN ENGG. COLLEGES

Mysore, Jan. 28

Education Minister Kanthi complimented the National Institute of Engineering on its good work and said that private institutions were doing great service in the cause of technical education in the State.

He was presiding over the valedictory function of the College Association.

This year's parade did not have the colourful tableaux, nor was there any fly-past.

Protect Freedom —NEHRU

Prime Minister Nehru yesterday urged the people to help strengthen the defence of the country at a fast pace so that "no one dare insult us or invade our motherland again".

Addressing a rally of the NCC and ACC cadets at Delhi, Sri Nehru said that the present generation was charged with the task of defending the honour and integrity of the country. "We must now remain ever ready to protect our freedom and to repulse any aggression".

Sri Nehru commended to the people the maxim "eternal vigilance is the price of liberty" and said that nations which became soft and complacent lost their freedom.

The Chinese attack, he said, had shaken the country out of its lethargy and brought it face to face with realities of life. "We must here after prepare ourselves continuously and learn all that is necessary for a free country in the modern world to exist honourably."

He said India was a land of many religions. "But today we all have only one religion. And that is service of the motherland."

STRENGTHEN THE NATION

NEHRU'S CALL TO RURAL PEOPLE

Prime Minister Nehru has called upon the rural people to organise themselves for the great effort of strengthening the nation.

Inaugurating the Village Volunteer Force, Sri Nehru stated on Saturday that every able-bodied adult in 5½ lakh villages in the country should consider himself a volunteer to serve his village and the nation.

Sri Nehru said the defence was not only the work of soldiers on the front, but it meant to increase production also. To achieve this a new method in agriculture had to be used and "we must have minor irrigation works, field channels and conservation and dry farming. This will create community assets in the village which will raise the standard of the people there and give them a recurring sources of revenue for the panchayats for development."

He said the Force would help in educating the people and would also take up the work of giving correct information and better understanding of our great struggle. It was important that all people should know what was going on in the country in our struggle for freedom and economic development.

The Prime Minister said that the Volunteer Force would look after the village defence, railways, roads post and telegraphs and would help in keeping law and order.

Mysore, Jan. 30

Sri S. Nijalingappa, Chief Minister, yesterday declared open the new building of the primary school at Bisalvadi village,in Chamarajanagar taluk.

Sri S.Puttaswamy, Taluk Board President, welcomed the gathering

The villagers urged the Chief Minister to provide them with bore wells and pumpsets for irrigation and drinking water.

The Chief Minister while assuring the villagers that irrigation facilities would be provided, asked them to produce more foodgrains and not to ask for buildings, bridges and roads when the country was facing emergency.

He also declared open a primary school building at Kodi Uganya village and inspected the Chikkahole project.

At Chamarajanagar, the Chief Minister opened the block development office building and released "Vijaya Dundhubhi", a collection of war songs by the students and staff of the high school.

Two girl students of the boys' high school represented to the Chief Minister for a separate girls' high school as there were more than 160 girl students. About 2,000 goldsmiths represented their hardships owing to the introduction of Gold Control Rules. The Chief Minister promised them to provide alternative employment.

At Kinakahalli, he declared open the village panchayat hall. Sri Shantamurthy welcomed the gathering.

At Yelandur, addressing a public meeting, Sri Nijalingappa said that so long he was in power he would see that no causeways were constructed as they served no purpose. They were a strain on the yoked bullocks. He said "I hate them and I do not mind the delay or the cost of construction of bridges instead."

ROLE OF THE PRESS

Mysore, Jan. 30

Sir T.R Subba Rao, the popular Kannada novelist, addressing the University Journalist Association, here on Monday, spoke on the "part of the newspapers in the present state of emergency".

Prof Gopalakrishna Adiga presided. Sri Rangaswamy welcomed the gathering. Sri K Puttaswamy proposed a vote of thanks

137-YEAR-OLD SAGE DIES

Baba Sheopuri, the oldest man known to have lived in the Himalayas, died at Katmandu on Monday at the age of 137.

Govind Bharati Das, known as Baba Sheopuri, who was born in South Malabar, came to Nepal when 100, after travelling round the world.

Chinese Quit NEFA

The Chinese have withdrawn completely from NEFA, the last places of withdrawal being Kibutoo in Lohit Frontier Division and Khinzamane in Kameng Division

In Ladakh too, the official spokesman confirmed the Chinese withdrawal from the line of actual control as claimed by the Chinese in 1959 map but the Chinese have left behind six posts in the Chip Chap and Galwan Valley areas, the areas proposed to be demilitarised under the Colombo proposals.

END EMERGENCY: RAJAJI'S PLEA

SriC.Rajagopalachari yesterday asked the Government clearly to spell out its foreign policy in the context of the permanent Chinese menace on our northern borders.

Addressing a public meeting at Bangalore, Rajaji advised the Government to shed vacillation and firmly align with America and Great Britain, who were anxious to give us long-term all aid, militarily, material and advice, against the Chinese, as they had done during the present emergency.

He also asked the Government to immediately end the present emergency, which had become "relatively permanent" and restore democratic processes in the country.

HIGH SCHOOLS WITH HOSTELS

The Government of Mysore propose to conduct a survey to select suitable places to start secondary schools with attached hostels for studenss.

LULL ON FRONT WASN'T PEACE

NEHRU's WARNING

Prime Minister Nehru stated yesterday at Delhi that although there was lull on the country's northern frontier, it would be a mistake to take it as a sign of peace and lapse into complacency.

He said that shooting in NEFA and Ladakh had stopped following the declaration of cease-fire by the Chinese. But the danger of a fresh invasion was always there. "Should we slacken our defence efforts we would be exposing ourselves to a fresh invasion".

Sri Nehru said that it pained him to see some people saying that because of the few reverses in the battlefield India had been humiliated.

He said: "India is a great country with fine traditions. We are not a nation to be humiliated so easily. The reverses have hurt us. But they have certainly not humiliated us. We shall ultimately show to the enemy and the world that we can live with our backs straight and our heads high."

He said that in national unity and determination to remain free lay India's strength. "Military preparation is necessary and we are going ahead with it. But the elements that steel a people's will have to be constantly imbibed."

ECM TALKS COLLAPSE

Common Market negotiations on British entry collapsed yesterday when the "Six" announced the impossibility of coming to an agreement.

France refused to yield.

COSMOPOLITAN FREE HOSTELS

Mysore Education Minister Kanthi stated that the Government was considering a proposal to open a cosmopolitan free boarding house for poor students of all castes in Bangalore.

He said the scheme would be on an experimental basis at first and later it would be extended to other major cities of the State.

NO TAKING CHANCES WITH CHINA

NEHRU CALLS FOR ALERT

Prime Minister Nehru stated yesterday that China's failure, so far, to accept the Colombo proposals in toto had made it all the more necessary for the country to step up its defence preparations.

He said that India had accepted the proposals with their clarifications, but China had not. They were still vacillating and putting forward all kinds of conditions, This should make it clear to the world who was peace-loving and who was not.

Sri Nehru stated that in view of the past experience, India could not slakcen her defence efforts and take chances with China.

The Prime Minister said that it was the first charge of the country today to prepare for defence "The stakes in the dispute with China are high. It is both our honour and independence which are involved. A country which cannot protect her territory and her honour has no right to exist."

PEOPLE'S AID FOR IRRIGATION PROJECTS

CHIEF MINISTER'S APPEAL

Mysore, Feb. 1

Chief Minister Nijalingappa today sought the help of the people who would be benefitted by the irrigation projects, for loans to the Government to construct such projects.

He told Pressmen that although the Government had decided to give top priority for giving irrigational facilities, paucity of money with the Government came in the way.

There were many small rivulets in the State which could be harnessed for irrigation purposes. If the ryots would come forward with at least Rs 200 to 300 per acre, the Government could easily take up all the minor and medium irrigation projects in the State.

Sri Nijalingappa said that he was happy that the ryots of Hebballa project in Heggadadevankote taluk, which he visited yesterday had come forward to give loans at the rate of Rs 200 to 300 per acre. They were even prepared to pay more and as such the achkut area of the project would now be increased by another 1,000 acre from 1,750 acres.

The Chief Minister wanted that the ryots should take up dry-cum-wet cultivation. One mistake of our ryots was for infatuation for paddy cultivation. It was not scientifically cultivated and there was a lot of wastage of water.

It was the policy of the Government, he said, that in all scarcity areas, dry-cum-wet cultivation should be adopted

He said the Government had decided to have 50,000 irrigation wells in the State within 3 or 4 years for which power would be given.

Regarding power supply the Chief Minister said they would be receiving 2 package plants within April for producing about 20 to 22 thousand kws. of electricity for Bangalore city. This would easy the power shortage to a considerable extent.

The newsmen informed the Chief Minister about the hardship experienced by the house holders due to the cut in domestic consumption. They said that the slashing of power to houses-even as fixing as 1 to 2 units-had caused much inconvenience to the public.

The Chief Minister promised to look into the matter.

Harassment in Mohatarfa Collections

CITY FATHER'S COMPLAINT

Mysore, Feb. 2

At the meeting of the Municipal Council, on Thursday, Sri Srikanta Sharma complained that the authorities were harassing the rate-payers when collecting mohatarfa tax.

The Commissioner said that the Government had pointed out that the collection of mohatarfa in Mysore city was not satisfactory and had asked the Municipality to collect all arrears. He said that there were persons who had not paid the tax for over ten years. He wanted that there should be a cent per cent collection. However he assured there would be no harassment to the people.

Sri Chikkarangappa said that the teachers of the Gunamba Trust School were paid very meagre salaries and urged for better pay to them.

Sri B. K. Puttiah wanted that modern type lavatories and urinals to be constructed in the city.

Sri B. N. Kenge Gowda said that statistics should be collected on articles used by the public with a view to assess the levy of octroi.

Sri Vedantha Hemmige alleged that the failure of the Vote for Victory Ballot conducted in the city was due to apathy of the Defence Committee in not taking the co-operation of the public and institutions

Sri Chikkarangappa complained that the authorities of the Gunamba Trust had forced the teachers of the Trust school to collect money for the National Defence Fund by issuing unauthorised receipt books.

(When Pressmen brought to the notice of the Chief Minister yesterday about the unauthorised collections, Deputy Commissioner Sri Channaraj Urs said that he has received complaints not only of the Gunamba Trust but also about the collections made during football matches. These have been referred to the police for investigation, he said).

VENKATAPATHIAH DEAD

Mysore, Feb. 2

Sri Sampige Venkatapathiah, one of the oldest Congress member, died here last night at his residence in Krishnamurthypuram. He was aged 79.

Besides participating in the freedom struggle and courting imprisonment, the late Sri Venkatapathiah was a leading advocate. For many years he was member of the then Bangalore Municipal Council.

He was the founder of the Sarada Vilas Law College here.

The Law College was closed today as a mark of respect to the departed soul.

Chromite Find In Mysore

Three chromite bearing areas in Mysore State have been located by the Geological Survey of India.

The areas lie in the districts of Mysore, Nuggihalli in Hassan District and Chitradurga.

The Geological Survey has recommended a programme of drilling in selected chromite bearing deposits like Sinduvalli, Tagadur, Chikkonehalli and a few other areas to trace the strike and depth extension of the ore bodies and to make a precise estimate of the reserve of chromite.

The Nuggihalli belt in Hassan has been found to contain veins of titaniferous magnetite and the reserves are estimated at 9,54,228 tons for 30 metres depth.

The chromite deposits in Sinduvalli-Mysore belt contain high grade metallurgical ore or medium grade chromite.

Chromite is used in metallurgical, chemical and refractory industries.

SOCIALISTS ACCUSE P S P

The National Committee of the Socialist Party yesterday accused the PSP leadership of rejecting the proposal for a merger of two parties on the basis of the Socialist manifesto.

The resolution said that a section of the PSP leaders had for long maintained there were no policy differences between the PSP and Socialist and they functioned seperately because of a clash of personalities. By asking the Socialist Party to make changes in its basic policies now the PSP leaders were indulging in "duplicity".

It appealed to the various units of the PSP to unite with the Socialist Party forthwith.

COLOMBO PROPOSALS

The Indonesian Foreign Minister, Dr. Subandrio stated yesterday at Delhi that additional clarifications he had received from the Chinese Government before his departure for India could be interpreted as something that had helped to narrow down the gap, if there had been any, between the acceptance of the Colombo proposals in toto by India and by the Chinese Government in principle.

He said that during his talks with Sri Nehru he had conveyed these additional clarifications and had been pursuing contacts with the Chinese Government "so that within a short period we can say both countries are accepting the Colombo proposals without preconditions or in toto".

MPs' CONCERN OVER AIR UMBRELLA

About 15 members of Parliament who met the Prime Minister yesterday expressed their concern over the "air umbrella" to be provided for India by the United States and three members of the Commonwealth.

They said that the aircraft which were supposed to provide the air cover would not be stationed in India and this would lead to many complications.

Prime Minister Nehru told them that detailed discussions were yet to be held and it was too early to draw any conclusions from arrival of the mission.

NEW TYPE RUSSIAN COPTERS TO INDIA

India will get a more advanced type of Russian helicopter than the present piston-engined MI-4, following negotiations with Moscow. The new type will be more suitable to fly at the high altitude of 16,000 feet and above without running the risk of its oil being forzen. At the same time, more troops would be accommodated in the new aircraft.

Diversion Of Krishna Waters

The Government of Mysore will strongly resist diversion of the Krishna waters to areas outside the basin. It has suggested to the Centre to feed all the areas along the Krishna, the surplus waters of the Godavari could be diverted to the Krishna basin. In a way it would also solve the inter-State riparian dispute.

Andhra's Irrigation Minister, Sri Subba Reddi yesterday suggested that the Krishna-Godavari inter-State river waters dispute should be resolved by Prime Minister Nehru or any other national leader. "If that is not possible, the matter may be referred to any foreign expert for decision," he added.

CHINA INVITES INDIA FOR TALKS

People's China's Vice-President Po I-po stated yesterday that the Chinese Government "has not made its two points of interpretation of the Colombo proposals as pre-conditions to the opening of negotiations between Chinese and Indian officials.".

He hoped that "different interpretations between the two countries will be resolved in the talks of the two sides."

MORE TAXES IN THE STATES

FINANCE MINISTERS' DECISION

The conference of State Finance Ministers meeting at Bombay yesterday decided to levy as far as possible, uniform sales tax on a number of commodities in their forthcoming budgets.

Increase of the sales tax on luxury goods, enchancement of land revenue and entertainment tax were the measures suggested to augument the State revenues in the Plan drive.

Apart from the Plan, the States have to find additional resources to meet the emergency to raise Home Guards, expand the NCC and undertake civil defence measures.

At the suggestion of the Union Finance Minister Desai, the State Ministers agreed to impose on the level of additional taxation earlier proposed by them for 1963-64. It was felt that States should increase the figure from Rs 35 to Rs. 40 crores. The Finance Minister made it clear that there was little prospect of the Centre increasing the assistance beyond Rs. 400 crores.

The Centre will undertake a consolidated borrowing programme on behalf of the States from the next financial year, 1963-64.

CO-OPS. TO PURCHASE PADDY

NO PROCUREMENT BY GOVERNMENT

Bangalore, Feb 6

The Government of Mysore has decided not to procure foodgrains, either compulsorily or voluntarily, but co-operatives are being encouraged to procure them.

As the Government felt the prices falling, it has decided to entrust marketing co-operative societies with buying food grains particularly paddy. This will give a fillip to farmers and ensure them fair returns.

Disclosing this, Minister Hegde said that the Government had formulated a scheme to help taluk marketing societies in paddy-growing areas to buy paddy.

He said the Government will assist the marketing co-operatives to increase their borrowing capacity. The Government will subscribe to the share capital of the societies up to a maximum of Rs. 50,000 per society taking into consideration their efficiency, capacity and previous record.

The Government hopes to build a stock of about five lakh pallas of paddy under the scheme.

CURE THE DISEASED MINDS

President Radhakrishnan stated yesterday that the aim of medical education should be not merely to cure the people of physical suffering, but to rid their minds of disease. "Most of the people we come across today suffer from some kind of neurosis or emotional disturbance. We must try to get rid of these things"

He said, "Mental illness is much more widespread today than physical illness and the cure lies in educating the people in disciplined, orderly ways. Happiness is derived from tranquility, not by taking drugs and tranquilisers, by developing a decent, disciplined, orderly life with regular habits."

Rs. 12-Crore Gap In Mysore Plan

Bangalore, Feb. 7

Mysore will have to raise an additional sum of Rs. 12 crores in the remaining period of the Third Plan if the State's Plan with Rs. 250 crores outlay has to be fully implemented

The State has to raise about Rs 42 crores through additional taxation and the fiscal measures approved by the Legislature last year, approximately Rs.30 crores for the Plan period, still leaves a gap of Rs. 12 crores.

MORE EVENING COLLEGES

The Kothari Committee on evening colleges, has stated in its report that with a marked increase in the demand for higher education, evening classes become "a sufficiently important element in university education".

The report says that with a swiftly developing economy and a higher demand for university education, evening colleges would have to cope with not only employed persons wishing to compete for higher positions, but also a large number of ordinary students every year.

The Committee has suggested that evening colleges should not be lumped in with other courses of education and treated as a spill-over from day colleges.

COMPULSORY FIRE INSURANCE FOR SHOPS

CITY FATHER'S PLEA

Mysore, Feb. 8

At the meeting of the Municipal Council, yesterday, the Health Officer, Dr. Balsubramanya made an appeal to the people of the city particularly in the urban area to co-operate in the small-pox eradication programme by vaccinating themselves.

He said only 65 per cent of the population had been vaccinated, majority being in the rural areas.

The Commissioner, Sri Ramakrisna informed the Council that the land acquisition work of the present gujari, near Townhall would be completed soon and the laying of the road from the Bus Stand toGandhi Square would be taken.

Sri Kenge Gowda and others suggested the construction of shops on the northern side of the Townhall.

Sri M. N. Thimmiah wanted more facilities to be provided in the Townhall.

Sri Anatharamiah urged for compulsory fire insurance for all shops in Municipal markets.

Sri B K. Puttiah complained that sweepers in the city were not discharging their duties properly and the Health Department should see that the work was properly distributed.

Sri Daulat Rao said that lepers and beggars had increased in the city, particularly in shopping centres and their nuisance should be put an end.

In this connection, Sri Kempe Gowda, who is the Chairman of the Beggars Relief Committee, said that they had approached the Government for a van to catch the beggars and appealed to the people not to encourage begging but guide the beggars to the Relief Home.

Smt. Soundaramma complained that lepers, T B. patients and other beggars were using Night Shelters' Home for their stay in the night times, which should be stopped.

PICTURE OF COLD WAR CHANGING

Prime Minister Nehru stated yesterday that with the growing differences among members of the Communist Block on the one hand and the Western Block on the other, the picture of cold war was changing.

He said that the differences between China and Russia were "quite deep". Similarly differences were arising among members of the Western camp.

All this proved, he said, that the rigid manner in which the two major power blocks in the world faced with each was undergoing a change.

Sri Nehru while expressing gratefulness to the countries which had come to her aid, cautioned against depending too much on foreign assistance. He said it must be remembered that the primary responsibility of defending India rested on its own people. "Independence has its price and it is we who have to pay it. We cannot expect others to pay the price for our freedom".

PAKISTAN GOES BACK

India charged Pakistan at the Afro-Asian Solidarity Conference at Moshi yesterday with having broken the Rawalpindi agreement not to raise controversial issues between them in world forums.

The Pakistan delegate in his speech had called for support from the conference for a separate government for Jammu and Kashmir.

Army Junta Seizes Power In Iraq

GEN. KASSEM KILLED

A military junta yesterday seized power in Iraq and killed the ruler and Prime Minister, Lieut.-Gen. Abdul Karim Kassem.

A Baghdad broadcast stated that 49-year-old Gen. Kassem, a professional soldier who came to power after the monarchy was wiped out in a bloody coup in 1958, had been killed when tanks and planes shelled his palace in Baghdad.

The new Revolutionary Council is headed by Col. Abdul Karim Mustafa.

A curfew has been imposed throughout Iraq.

The authors of the coup pledged themselves to combat imperialism and to a neutralist policy of non-identification with either world blocks.

The Revolutionary Council in a proclamation pledged implementation of national unity, including the strengthening of Arab brotherhood with the dissident Kurds in northern Iraq and participation of the masses in directing national policies.

IMPROVE TEACHING METHODS

TO STOP LARGE FAILURES IN MEDICAL COLLEGES

—SUSHILA NAYYAR

The Union Health Minister, Dr. Sushila Nayyar asked the Inter-University Board to take a fresh look at post-graduate medical examinations in the country, to get at the real cause of the high percentage of failures recorded every year.

She said it was noted that many of those who failed in post graduate degree or diploma examinations, where failures sometimes accounted for 80 per cent, fared quite well in universities abroad.

The Minister asked the Vice Chancellors to examine whether anything could be done about this state of affairs by improving the teaching method.

Dr. Nayyar said that in view of the limited numbers of seats in post-graduate medical courses, the Board should recommend to the universities, provision of additional facilities to those who fail in medical examinations by holding two or three supplementary examinations every year.

She said the rapid expansion of medical colleges and increased admissions to them as a result of the emergency created a need for larger number of medical teachers with post graduate qualifications and hence the urgency for reviewing the present system of examinations.

She wanted that medical graduates wishing to join the armed services should be exempted from internships.

The board turned down a suggestion made by the Health Minister earlier to form a common examination board for medical degrees in the country, as in its opinion, this would lead to regimentation of medical education in the country.

Think Of Country's Problems

C.M. TELLS GIRL STUDENTS

Mysore, Feb. 11

Chief Minister Nijalingappa on Saturday urged the girl students to constantly think of the country's problems and achievements.

He was delivering the valedictory address of the Maharani's College Association.

Sri Nijalingappa said that the students of this age were more intelligent those of his generation and it was largely due to the changed pattern of the education system. This was an age of science and students had ample opportunities to study its developments and to apply their knowledge for the country's advancement.

The Chief Minister said that he loved to live in the past, in the dreamy world All the things he dreamt of had come true He had dreamed of becoming a laywer, of a beautiful wife and a good number of children, largely girls. He had been blessed with all these.

Amidst cheers, he told the girl students: "I know you have also been dreaming about your future life. May all the good things you dream of may come true. This is my blessing."

Smt. Jayalakshammanni, Principal welcomed the gathering.

Miss B N. Ambadevi read the report and Miss Y. S. Prathima proposed a vote of thanks.

A sum of Rs. 6,004 from the Maharani's College, National Institute of Science, Banumiah's College and primary schools was handed over to the Chief Minister for NDF.

HITCH OVER KASHMIR VALLEY

INDO-PAK SETTLEMENT DIM

Chances of an Indo-Pakistani settlement on Kashmir appeared dim at Karachi yesterday and the third round of ministerial talks was said to be heading for a breakdown on the question of who should have the Kashmir valley.

The talks between the delegation leaders was stated to have failed to bring the two parties closer on a plan for the partition of Kashmir.

The Pakistan Foreign Minister Bhutto told newsmen that his Government was willing to consider a phased evolution for an equitable solution of the Kashmir dispute. This, in his view, would overcome Indian objections to parting with the valley for defence or other reasons immediately. This was interpreted to mean that Pakistan was to retain interest in the valley, while India remained in physical possession of it for a mutually agreed period of time.

India and Pakistan have agreed to hold a fourth round of ministerial talks on Kashmir in Calcutta from Mar. 9 to 12.

NO SITTING WITH CHINA

Union Home Minister Lal Bahadur Sastry categorically stated yesterday that India would not sit with China to discuss changes and modifications in the Colombo proposals.

He said: "It is quite wrong to suggest that India will sit withChina to discuss changes or modifications. India has accepted the Colombo proposals and that is the end of the matter as far as we are concerned It is now for China to accept or reject them".

INDIA SHOULD BE ON ALERT

The Chinese invasion could hardly be called a mere border dispute. As long as China had a Government with the aggressive present policy, India had to be on the alert, stated Defence Minister Chavan, yesterday at Bombay.

LOHIA'S PLEA

Mysore, Feb. 12

Dr. Ram Manohar Lohia, Socialist leader, pleaded here last night for a confederation of India and Pakistan.

Addressing a public meeting, Dr. Lohia said that before achieving this, there should be emotional integration between Hindus and Muslims of both the countries. But he knew that the Governments would not be able to achieve this and it was only the people of the two countries who could do this.

The Socialist leader strongly attacked Prime Minister Nehru of his double talks about China and said it was high time that Nehru's Government should come forward with definite statement about regaining the lost territories from China.

He also criticised Nehru's non-alignment policy.

STUDENTS TO HELP ADULT EDUCATION

COMMITTEE'S REPORT BEFORE GOVERNMENT

Mysore, Feb. 12

Sri S. R. Kanthi, Education Minister, stated here yesterday that the committee constituted by the Government to go into the question of utilising the services of the students of colleges and high schools in adult education work had submitted its report and the Government would shortly announce its decision.

Speaking at the State Adult Education Council, Sri Kanthi said that it was very essential to co-ordinate the work of the adult education council in erstwhile Mysore area with that of social education boards in integrated areas, so that a universal literacy programme might be launched. He said that he would be calling a meeting shortly to finalise the programme.

The Education Minister said that the twin-dangers the country facing today were illiteracy and ignorance. These were specially in rural areas and unless the Government and the public join together in removing these dangers, our freedom and democracy would not survive.

He said that at the present rate they were progressing in literacy campaign, it would take atleast 250 years to make the whole country literate. So it was essential to draw a 10 or 15-year programme to banish illiteracy from the country.

Sri Kanthi said that it was a wrong idea to think that the university education alone was all too important. They had to meet the requirements of primary and secondary education and provide proper teaching facilities. Otherwise the policy of providing free and compulsory primary education would have no meaning.

Earlier, Sri K.S. Suryanayana Rao, MLA and the Secretary of the Council said that 250 adult schools and libraries had been started in rural areas, besides 15 taluk libraries. The Council was running 6 Vidyapeethas and it was proposed to start another one shortly at Bantawal in Bijapur district.

Sri A. N. Rama Rao, MLC and President of the Council, proposed a vote of thanks.

NEED FOR MORE NON COMMUNAL HOSTELS

Mysore, Feb. 12

Presiding over the valedictory function of the Sarvajanika High School here on Sunday, Forest Minister Rachiah regretted that the people and the organisations who sought Government's grant to start general hostels were misusing the funds by admitting only students of a particular community, thus negativating the very purpose for which the grants were given.

Praising the selfless services of Sri T. Subbanna, the Minister said that it was the duty of the Government and the public to encourage such non-communal hostels in the country.

Sri A. Ramanna who welcomed the gathering requested the Government for a grant of 10-acre land for further expansion of the high school.

Sri B. Narayanaswamy, Chairman of the City Improvement Trust Board, addressing assured that the Board would consider sympathetically for the grant of 10-acre land.

INCREASED WATER RATE

Bangalore, Feb. 13

The re-constituted State Development Council, yesterday, suggested uniformity in the levy of water rate in all parts of the State and increase in the levy, for augmenting the resources for the Third Plan.

It has also suggested for disposal of encroached revenue lands by public auction, which is expected to fetch several lakhs of rupees.

The Council also urged for early completion of revenue survey and settlement.

CHINA WRONG IN INVADING INDIA SAYS C.P.I.

The Communist Party of India has stated in a resolution that China was in the wrong both on the Cuban issue and in invading India

It has supported the Soviet Union in her ideological dispute with China.

The National Council of the party, which concluded its eight-day session at Delhi, has accused China of dogmatic thinking and departing from the common understanding in the international Communist movement

WOMEN'S GOLD IS FOR AUSTERITY

Sri C. Rajagopalachari stated yesterday at Bombay that the piece of gold the Indian woman wears at her marriage symbolises her responsibility for the security of the family.

He said gold in India is neither meant for show nor vanity nor a luxury to be given away to the Finance Minister, but it is an incentive to austerity, because only by economising can a woman buy gold as an insurance against the bad days.

Sri Rajaji stated that the Gold Control Rules coming on the top of "the humiliation we have been subjected to at the foothills of the Himalayas and the big dose of taxation promised for next month were enough for the people to ask the Government to resign and go away".

Emergency Husband

Sri C. Rajagopalachari has symbolised the Union Finance Minister Morarji as the "emergency husband" of the nation, on the score of his gold policy.

Gold around the neck, Rajaji says, was a sign of responsibility for lakhs of married women in India. Whenever the husband was in "emergency" he asked his wife for gold. Before parting with her gold, she would ask 20 questions to see whether he was really in need.

Similarly, the people must ask the Finance Minister and the Government: "Have you come to the bottom of your bankruptcy", he suggested.

Rajaji said that gold was too precious a metal to part with, and to part with so quickly.

INDIA WILL NEVER TRUST CHINA

Sri M. C. Chagla, the Indian High Commissioner to Britain declared yesterday that India would never again trust China.

He said it was wrong to assume that now fighting was stopped in India and there was no need for defence funds. Even if ultimately there was a peaceful settlement between India and China, never again in our history "we will accept the Himalayas as the natural frontier. We will never trust the Chinese again. It is, therefore, essential we should be thoroughly prepared."

CHILDREN'S MELA

Mysore, Feb. 12

Education Minister Kanthi yesterday stressed the need for giving more attention to the education of the children

He was distributing the prizes at the Children's Mela organised for the first time, by the Middle School Teachers' Association.

More than 1,000 Children participated in the Mela.

Vani Saraswathi welcomed the gathering and Lakshmi Kumar read a report.

The Education Minister suggested that a Building Committee, like the one in Bangalore, should be constituted in Mysore City to look after the children's education. He said the Government was not in a position to give money but he would be the first person to join the "Begging Bowl" for raising money for children's education.

Sri A.S. Narasimhachar, Secretary, proposed a vote of thanks.

MAKE-BELIEVE DEMOCRACY

Sri Rajagopalachari stated yesterday that the dissolution of the Canadian Parliament and ordering of new elections was an object lesson in democracy.

He said: "Here in India we have the lamentation about irreplaceable leadership and therefore of compulsory tolerance of universally complained error and mismanagement. Unless the nation's leaders at all levels make up their minds to help building up a strong and ready opposition, democracy must continue to be a make-believe in India. It is just one other Asiatic monarchy dressed up in civilised clothes".

Women Police Constables

Mysore, Feb. 14

Home Minitter Patil took the salute at the passing-out parade of the first batch of 33 women police constables held this morning at Police Training College grounds. He also distributed prizes and certificates to the civilian rifle trainees.

Smt. Nagarathnamma, MLA, one of the civilian rifle trainee, addressing said that steps should be taken to give rifle training to all boys and girls of 18 and above ages. She said that on the plea of shortage of amunition, the trainees were asked to buy ammunition, which was very prohibitive. She wanted the Government to see that ammunition was made available free. She said they had plans to start a Women Rifle Club for which she sought Government aid

The Home Minister while complimenting the women police constables on their smart turn up, pointed out their great responsibilities in discharging their duties. He asked the police to serve as "karmayogis" without falling prey to any blandishments.

This is the first batch of women constables, out of 88 which the Government had decided to recruit in the State.

PROHIBITION IS A FAILURE

CITY FATHERS' CRITICISM

Mysore, Feb. 14

The City Municipal Council yesterday turned down a resolution moved by Sri Vedantha Hemmige for scrapping prohibision in the State.

Though generally the Congress councillors agreed with the Opposition that the prohibition had failed they wanted the continuance of the policy whatever may be the loop holes.

Sri Vedantha Hemmige said that when the Government could not enforce prohibition effectively in the entire State it should be scrapped. There should not be two policies one for Bangalore and another for Mysore City. They could save Rs 300 crores in the country.

Sri M.N. Thimmiah said by the prohibition policy the burden of taxation had fallen on poor people and also had affected the health of the people by using spurious drinks.

Smt. Soundaramma blamed the police for not being vigilant and checking illicit distillation.

Sri M. K. Lingiah said that prohibition should be enforced effectively and the financial aspect should not come in the way.

Sri B.N. Kenge Gowda pleaded for liberalising the rules in the issue of liquor permits.

Sir Belliyappa questioned the bonafide of many Congressmen on the question of dry law. They might say drinking was bad but the public would not accept that statement.

Messrs Jogi Siddiah and Vekata Lingiah wanted the prohibition policy to be enforced throughout the State.

The resolution was voted down by 10-5 votes.

The Council accepted the resolution of Sri Hottappa, moved by Sri Kenge Gowda in his absence, asking the Government for a grant of Rs. 25,000 for construction of latrines to poor Harijans who were living in the area where there was no underground sewage connections.

Another resolution moved by Sri M.K. Lingiah for extending the limits of city was referred to the Managing Committee.

The Council sanctioned Rs 3050 for constructing modern type lavatory near Zoo Gardens.

'Hansa' Milk Test

A new test called 'Hansa' milk test has been devised at the National Dairy Research Institute at Karnal to judge the purity of cow's milk

Cow's milk is often adulterated with diluted buffalo milk by private vendors. The 'Hansa' test is simple and the results are claimed to be accurate

A measured drop of the milk to be tested is placed on a glass side. To this is added a drop of a special anti serum and both drops are gently mixed. Pure cow's milk will remain as a homogeneous mass. On the other hand, if even one per cent of buffalo milk is present, the mixture will show tiny particles like undissolved powder.

China's Excuse For Intransigence

China have little desire for an amicable settlement of the border dispute and their sole object is to consolidate the gains of their latest aggression in utter disregard to friendly advice.

This is the interpretation given in Delhi to Mr. Liu Shao-chi's attacks against India and also against Colombo proposals as blocking the way of direct negotiations.

Mr Liu had alleged that India was attempting to make use of the Colombo proposals "to block the road to direct negotiations and to place the friendly countries in the difficult position of arbitrators." He had said China "also could wait".

An External Affairs Ministry spokesman said yesterday that obviously the Chinese could wait "because their whole objective is to retain and consolidate their illegal gains in complete disregard of the friendly and objective initiative taken by the Colombo conference countries."

He said: "It is not the Government of India but the Chinese Government which were placing the six friendly countries in a difficult position by their attitude to the Colombo proposals".

Shortened MBBS Course

The Indian Medical Council has issued instructions to medical colleges in the country on shortening of the MBBS course, expansion of admission capacity and holding of supplementary examinations.

These steps are intended to meet the shortage of doctors in the country and to encourage the recruitment of medical personnel to the armed forces.

According to the scheme, the MBBS course is to be reduced to four years. The one-year internship training will be substituted by 12-month compulsory housemanship as a pre-requisite for full registration. This will make available to various hospitals (teaching, non-teaching, urban and district) the services of young graduates

The number of admissions will be increased to 200 in the fully developed medical colleges immediately.

Supplementary professional examinations will be held quarterly so that failed students can complete their medical courses earlier.

In the case of medical graduates joining the military service straightaway, certificates of provisional registration will be issued to them irrespective of whether the internship training or the compulsory housemanship is completed or not

The first year of their services in the armed forces will be adjusted towards the requirements of full registration.

CPI ATTACKS CHINESE RESERVATIONS

The National Council of the Communist Party of India, by a resolution, has urged China to accept the Colombo proposals in toto without further delay.

The resolution said: "It passes one's comprehension that the Government of the People's Republic of China which had publicly signified its positive response to and acceptance in principle of the Colombo proposals should have now thought fit to put forward certain reservations which cannot but cause disappointment and anxiety as they delay peaceful negotiations and speedy settlement of the dispute."

VILLAGE PLAN FOR FOOD PRODUCTION

The Union Government having admitted the failure of agricultural efforts, has now taken a series of measures to make up the shortfall in the remaining years of the Third Plan.

Apart from directives to the States to streamline their agricultural administration, village production plans are proposed to be chalked out to make the villagers responsible for their implementation.

Every village will have a production plan to mobilise local resources as well as external assistance and supplies available, for the fulfilment of the increased targets of agricultural production.

INDIA PREPARED FOR CONSEQUENCES

IF CHINA NOT FOR HONOURABLE SETTLEMENT

—SHASTRI

Union Home Minister Shastri declared yesterday that India wanted to settle border dispute with China peacefully through negotiations but with self-respect and dignity. "If China did not agree to it, we are prepared for the consequences."

Sri Shastri said he was a firm believer in peace and non-violence, but now he had realised that India, which was a peace-loving country and wanted to have friendly relations with all the countries of the world would have to take up arms if the Chinese aggression was not vacated.

He said that the people had to do two things. Firstly, they had to make the country strong by joining Home Guards and other defence organisations. Secondly, they had to keep in mind that they wanted peace but with self-respect and dignity. Of course, they should make the country so strong that no other country could dare to cast an evil eye on them.

STEEL PLANT AT BELLARY

The Union Government was considering a proposal to set up a steel plant in Bellary-Sandur area in Mysore State, disclosed Union Minister for Steel, Sri C. Subramaniam.

RATE OF ECONOMIC GROWTH INADEQUATE

The rate of economic growth in raising the standard of living of the country's vast population had not been quite adequate, stated Sri Nanda, the Union Minister for Planning.

He pleaded for economic improvement of the rural areas and said more and more small industries should be set up there. Big plans in villages would not solve the problem. Rather, these would efface these areas. The future, therefore, lay in small industries with better tools and power and maximum use of available resources.

Love's Limit

Indian wives of the Chinese internees in Kalimpong have refused to accompany their husbands to China.

The authorities had earlier sought their choice in this regard and, without exception, all of them decided to stay in India.

Most of these women declined on the ground that they would probably be treated as suspects in China or would be asked by the Chinese to do things detrimental to India's interests.

Civic Bodies To Provide School Buildings

Mysore, Feb. 18

Sri K. Puttaswamy, Minister for Municipal Administration stated here on Saturday that the Government was thinking of entrusting the task of finding buildings to house primary schools to municipalities in the State.

He was speaking at the citizens' meeting called by the Municipality to consider the question of suitable buildings for primary schools in the city.

The Minister expressed great concern over the fact that many primary schools in the city were housed in unhealthy structures. He asked the municipality to draw up a programme and push through the work expeditiously, with the help of the public without waiting for Government grant.

Sri K Siddiah, Municipal President gave an assurance that Rs. one lakh would be made available in the Municipal budget next year for school buildings.

Mysore city has 155 primary schools with a pupil population of 22,600 and new entrants number about 3,000 every year. The range of congestion is about 120 to 170 per room.

Is there a "clapping tax" in Chinese-occupied areas?

A minor Chinese dignitary who was visiting a Tibetan village was gratified to see villagers assembled to greet him clapping enthusiastically. He asked one of the villagers whether they were happy under the Chinese regime.

'Yes, quite happy', the Tibetan answered.

'That's excellent', the Chinese official answered.

The villager continued: 'But we do not like this new tax'.

'New tax', the puzzled official asked.

'Yes, the clapping tax. Every time a Chinese comes here, we all have to turn out and clap.'

No Ending Of Emergency

—NEHRU

Prime Minister Nehru yesterday ruled out the ending of the state of emergency at present and said any such step would create the most dangerous situation of our own volition.

He said: "The situation is not safe, anything may happen at any time though it may not be that actual fighting may take place on the borders".

Sri Nehru added that if the Government put an end to this state of emergency that would be an indication to all concerned in India and outside that we have become complacent and that there is no trouble to face."

BANK ADVANCES AGAINST GOLD

The Gold Board has decided that bank advances against non-ornament gold can continue only if a declaration is made, as required by the Gold Control Rules, irrespective of whether such gold is covered by the exemption limit of 50 grams per adult and 20 grams per minor.

Regarding existing advances against non ornament gold, it is pointed out that if the owner has not already declared such gold pledged with a bank, it should be declared by the bank itself.

Moreover, every bank should declare the total amount of non-ornament gold pledged with it and also give details of individual amounts pledged with it by particular parties.

NO MEDIATION BY RUSSIA

The Governments of India and China were quite efficient to find the best means for a peaceful settlement of their border dispute, stated the Soviet Envoy to India, Mr. Benedictov.

He said his country would not unnecessarily involve themselves in other people's affairs.

Asked if Russia would go to war to settle border disputes, the Envoy said: "We think there are no territorial dispute which could not be settled by peaceful means and negotiations. The cornerstone of our foreign policy is peaceful coexistence and solving of all problems by peaceful means and negotiations".

NEYVELI POWER PLANT

An agreement has been signed between India and the Soviet Union for the expansion of the thermal power station at Neyveli in Madras State.

The expansion is expected to cost Rs. 15 crores. The Soviet Union will supply 1,175 metric tons of steel for the scheme.

CHINA NOT ACCEPTED

Prime Minister Nehru stated yesterday that as far as he was aware, the Chinese did not appear likely to accept the Colombo conference proposals.

India had been informed by the Colombo conference representatives that China had not accepted the proposals in toto and that even though it had accepted them in principle, it had not done so in respect of certain important matters, he added.

He could not say what the Chinese or Colombo Powers would now do, but as far as India was concerned, she had nothing more to say on them.

JUST SHARE IN RIVER WATERS FOR MYSORE

-GOVERNOR'S PLEA

Bangalore, Feb. 19

Governor Sri Jayachamaraja Wadiyar yesterday hoped that the State would get its rightful share of Krishna and Godavari waters particularly because of low percentage of irrigated areas in the State.

Addressing the joint session of the Legislature, the Governor said that the State had planned to bring over one million acres under irrigation during the Third Plan to raise the percentage of irrigated area from 7 to 10 33 irrigation projects, major and medium, costing Rs. 219.68 crores, have been included in the Plan.

In his address, the Governor referred to "the unfortunate events in the borders", the state of emergency which had focussed the need for utmost priority to be given to farm production and power generation schemes and the measures taken by the Government to meet the needs of the emergency.

Referring to the war efforts, the Governor said he was happy that the people of Mysore had participated wholeheartedly in the country wide activities.

The Governor cautioned that any setback in implementation of the Third Plan might affect the economy of the country as the year 1963-64 happened to be "crucial year."

He hoped for the elimination of certain constitutional difficulties in bringing the Land Reforms Act into force and indicated fresh legislation to protect the rights of tenants would be introduced in the meantime.

Among other important schemes mentioned by the Governor was the request of the State Government to locate an oil refinery near Mangalore.

The Governor also referred to port development schemes like Karwar as an all-weather port and Mangalore as a major port.

He hoped that the Railway Board would appreciate the difficulties of Mysore ore exporters and take up conversion of the entire Hubli-Guntakal section into broad-guage.

The Governor made a special appeal to legislators "to sink any small differences in outlook and avoid controversies as far as possible," for it was of the outmost importance that the country should forge a special degree of unity at this juncture while facing the cricis on the borders.

CHINESE AGGRESSION WILL BE MET

NO DICTATION BY MILITARY FORCES

SAYS RADHAKRISHNAN

President Radhakrishnan declared yesterday that whatever might happen in regard to the Sino-Indian border dispute. "we cannot and will not submit to dictation backed by military forces."

Addressing a joint session of Parliament, Dr. Radhakrishnan said that Chinese aggression was the overriding issue before them and that everything else had to be considered in that context.

He said the Chinese Government had not so far accepted the Colombo proposals and "we cannot say at present what developments may take place in the future. Our country, committed as it is to peaceful methods, always endeavour to solve disputes peacefully, provided this is in consonance with our honour and freedom."

China, the President said, had betrayed India. "Inevitably the first duty of the nation in these circumstances is to meet this aggression effectively and to prepare the country to that end"

The Presideent listed improvement in the nation's health, intensive agricultural programmes, upward trend in industrial output and development of mineral and oil resources, among notable achievements.

Four members of the Socialist group walked out as the President began addressing the joint session in English They wanted the President to address them in Hindi.

Uplift Of Villages

GOVERNOR'S PLEA

Mysore, Feb 21

The Governor, Sri Jayachamaraja Wadiyar yesterday stated that the development of villages was the real foundation for the prosperity of the nation and called upon everyone to strive his best for the improvement of villages, which form 80 per cent in the country.

He was declaring open the new building of the Taluk Development Council in Periyapatna. He also inaugurated a Sishuvihar, constructed by Sri Kanthithammiah at a cost of Rs. 3,200.

Sri B. C. Channaraja Urs, Deputy Commissioner welcomed the gathering.

Sri R. V. Shivadevappa, President of the Taluk Board in an address urged for early construction of Harangi project in Coorg and other projects under the Cauvery. He said that since six years, the Block Development Centre had spent Rs. 11.50 lakhs on various development works.

Sri P.K. Virupakshappa, President of the Town Municipal Council also pleaded for Government's aid for the water supply, drainage and houses for municipal employees.

TRIPLE BENEFIT SCHEME

Bangalore, Feb 21

Education Minister Kanthi informed the Legislative Council that all preparations to implement the triple benefit scheme to teachers had been completed and it would come into operation at an early date.

He also announced that the total number of seats in the engineering colleges in the State were likely to be increased by 20 per cent.

The Minister said that the Government was preparing a new scheme for giving grants to student hostels and it would be implemented by the end of this month.

Your Discipline Is India's Strength

He also called upon the people to extend their united co-operation and support to the Government in facing the Chinese aggression.

Sharing Of Krishna, Cauvery Waters

FORMER MINISTER'S CRITICISM

Mysore, Feb. 21

Sri H.M Channabasappa, former Minister yesterday accused the State Government of not being firm in claiming its rightful share in the waters of theKrishna and the Cauvery.

Presiding over the opening function of the Development Council building at Periyapatna, Sri Channabasappa in an hour-long speech criticised the Government in the presence of the Governor himself.

He said there seems to be a 'conspiracy' to overlook Mysore's claims in inter-State waters.

The former Minister said that 13 out of 19 districts in the State were in drought condition as they were denied the waters of the Krishna.

He charged the State Government for not stopping the construction of Nagarjuna and Shrisailam projects, which would make a vast tract of Mysore State arid.

Sri Channabasappa expressed surprise and alarm at the statement of Chief Minister Nijalingappa regarding Mysore having no objection for Madras getting Krishna waters.

He appealed to the Governor to see that the State Government issued a White Paper on inter-State waters immediately.

T. Subramanya and Mali Mariyappa, former Ministers and Basavalingappa and Naganoor, former deputy Ministers were present.

Sino-Pak Pact

NO LEGAL BASIS, SAYS INDIA

India, the United States and Britain have conveyed their views to Pakistan about the latter's decision to sign a border agreement with Communist China in Peking next week.

India has made it clear to Pakistan that the proposed border accord would have no legal basis as the territory involved is in the Pakistan-held portion of Kashmir, sovereignity over which continues to rest with India. Neither was Peking entitled to negotiate about the territory.

America and Britain have expressed their concern over the timing of signing of the agreement when the Indo-Pakistan Ministerial talks on Kashmir was about to enter their fourth round in Calcutta on March 12.

'Nation In Arms' To Meet Border Peril

—NEHRU

Prime Minister Nehru declared yesterday that India had to become a nation in arms to meet the Chinese peril on our borders.

He told the Rajay Sabha that India had to rely on her own strength taking all help from friendly countries. It would be fundamentally wrong to enter military alliances or allow India's defence to be undertaken by any other country. That would mean "losing our own self respect. All the aircraft of the world does not take the place of a stout people determined to resist."

Defending the policy of non alignment, the Prime Minister said none of the countries aiding India wanted her to give up the policy nor did they want to take over our defence completely in their hands.

In domestic policy, Sri Nehru said, the country must aim at a socialistic structure to realise the strength of the entire nation for productive work.

In foreign policy, he said, "we wish to adhere to the policy of friendship with all countries without aligning to any military block. There was no question of the country being aligned or non-aligned so far as the conflict with China was concerned.

Govt. Colleges To Private Bodies

PROPOSAL BEFORE GOVERNMENT

Bangalore, Feb. 25

Education Minister Kanthi disclosed here on Saturday that the Government was thinking of handing over Government Colleges to private management.

He said there was a lot of wastage in the Education Department and that many posts were found to be unnecessary. In his view the Government should not run colleges but should concern itself with giving financial aid, supervising and guiding the institutions to promote efficiency.

Sri Kanthi admitted that standards were going down and some sort of restricting admissions to educational institutions was necessary.

SUBSIDIES TO CIVIC BODIES

Mysore, Feb 27

Sri K. Puttaswamy, Minister for Municipal Affairs pleaded for the revival of giving subsidies by the Government to local bodies for implementing civic improvement schemes.

He told the Hubli-Dharwar corporators that in the past the Government in Old Mysore sanctioned subsidies to municipalities in addition to loans for effecting civic improvements. This policy had enabled even small municipalities in Old Mysore to provide pure drinking water and underground drainage.

However, since 1952, even before the re-organisation of the States, the system of subsidy was discontinued with the result that civic work in the old Mysore area also had come to a stop.

OPERATION CROWBAR

The surgeons of the Rourkela general hospital successfully operated upon a youth whose chest was pierced through by a seven-foot-long crowbar, projecting three feet on either side.

He was working in a mine when the accident happened. The crowbar had entered the front right side of the chest and pierced through the back, severely lacerating the right lung and fracturing three ribs.

His recovery was described by doctors as miraculous.

TABLE PRICES FOR FARMERS

The Union Food Minister Patil stated yesterday that the price stabilisation of agricultural commodities, through proper marketing constituted the key-note of economic development of Asian countries.

He said that the maintenance of relative stability of farm prices would induce farmers to increase their efforts for larger outputs.

Sri Patil stated that the task of marketing was not to be left to the operation of private profit seeking. Regulation of marketing was all the more necessary in a welfare society like ours. If marketing prices was dominated by a chain of middlemen, if the farmers were subjected to malpractices, wealth redistribution that would result from such marketing process would not be fair and equitable.

BHUTTO'S DISCOVERY

Pakistan's Exteranal Affairs Minister, Z. A. Bhutto, has stated that the U. N. could not be called a "united organisation because of the absence of the Chinese People's Republic and her 650 million people".

Mysore Budget Tomorrow

Bangalore, Feb. 28

The Mysore Budget for 1963-64 will be presented in the State Legislature tomorrow at 4 p. m. by Finance Minister Jatti.

MARCH TO BORDER

A political decision had been taken that Indian troops could be sent anywhere in the border in terms of the Colombo proposals stated Prime Minister Nehru in the Lok Sabha.

From the practical point of view, however, it would be for the Defence authorities to decide when and where the troops could move up. It was not a question of advancing and raising a flag anywhere, but of advancing with strength. That, only the the army could decide, he added.

MORE EFFECTIVE INSTRUCTION IN HIGH SCHOOLS

Mysore Education Minister Kanthi stated at Mangalore that the number of students seeking admission to colleges was increasing "astronomically" but unfortunately the standard in the PUC was "pretty low". This, he said, was due to the sudden change-over from the regional medium to English in colleges.

The Government was considering a scheme to provide more effective instruction at the secondary stage itself particularly in science subject, so that students on entering colleges could fare better, he added.

Arbitration To Solve Sino-Indian Conflict

Prime Minister Nehru stated yesterday that India will not be averse to arbitration by some friendly countries in the Sino-Indian conflict.

For the first time, Sri Nehru referred to arbitration also as a means of resolving the border dispute, apart from a reference to the Hague Court which he has already suggested to Mr. Chou En-lai

SUGARCANE CULTIVATION

The Indian Institute of Sugarcane Research, Lucknow has evolved a technique of growing sugarcane crops out of seed material with fully formed shoots raised in transparent-polyethylene-covered nurseries.

Nurseries at the rate of one acre for 40 acres are set up with cane cuttings laid close together in a flat layer, covered with the transparent polyethylene film after sprinkling of water. Well grown shoots develop in about four weeks, and these are transplanted in the field. The technique has many advantages The crop can be extended into the colder months of the year. The germination increases from about 30 to 75 per cent.

If this technique is followed, satisfactory cane crops can be raised in north India after Gram, Wheat and other rabi cereals.

District School Board

The Government of Mysore is considering the question of constituting a District School Board.

Disclosing this Education Minister Kanthi said the Government intended to hand over all elementary schools to Taluk Boards, though the slender resources of some of the taluk bords came in the way of implementing this proposal.

He said the Government had under consideration several schemes for the improvement of schools and the lot to teachers and also help poor students.

The money needed for this purpose was proposed to be obtained by levying admission fees, tuition fees or betterment fees without violating the constitutional obligation of making available free and compulsory primary education.

POVERTY NOT CASTE FOR SCHOLARSHIPS

Poverty should get the first consideration and then merit in giving scholarships to students, stated Education Minister Kanthi at Mangalore.

He said that mere caste should not be the criterion for allotting scholarships.

ANNIVERSARY

Mysore, Feb 28

The anniversary of the Students' Association of Maharaja's Sanskrit College was celebrated yesterday under the presidentship of Sri B. Beerappa, Divisional Commissioner.

Sri B. Shivamurthy Sastry delivered the valedictory address.

Probe Into Ministers' Business Deal

Prime Minister Nehru has called for reports on the allegations made, that some Central Ministers and Chief Minister and the Deputy Chief Minister of a State were involved in operating the funds of a foreign agency handling exports.

Sri Dwivedi in a speech in the Lok Sabha during the motion of thanks to the President, had said that during a police raid on the premises of a business concern, some paper were recovered from account books which contained the names of some Central Ministers and the Chief and Deputy Chief Ministers of a State. The Ministers, he said, had been drawing "lakhs of rupees" from the concern which operated on behalf of a foreign agency.

CHIEF SECRETARY FOR GOA

Bangalore, Feb. 28

Sri P. J. Fernandez, IAS, Secretary to Public Works Department, has been appointed Chief Secretary, Goa Administration with immediate effect.

INDO-PAK TALKS TO CONTINUE

Prime Minister Nehru told the Lok Sabha yesterday that India had decided not to back out of the talks with Pakistan on Kashmir, although the Pakistan Foreign Minister Bhutto's visit to Peking to sign a border agreement would naturally affect the talks.

Sri Nehru said that the recent new development which had induced Pakistan Foreign Minister to go to Peking had come as a "shock not only because of the basic facts of the situation but the extraordinary timing of the events."

The timing could not be fortuitous or accidential but deliberate. It did not indicate any strong desire on the part of the Pakistan Government to arrive at any agreement with India, he added.

GOLD FOR INDUSTRIAL USE

The Gold Control Board has made provision for the issue of permits to eight categories of industrial users of gold, including the zari industry. Bonafide industrial users will be allowed to purchase gold for use during the next quarter up to half, subject to certain conditions.

IAS EXAMINATION

The scheme of holding a mitd IAS competitive examination will be discussed by Chief Secretaries of States at Delhi on Mar.5 and 6.

FILIPINO BAN ON INDIANS OFF

The Philippine Government has lifted its one year-old ban on the entry quota of Indian immigrants into that country with immediate effect.

There are about 1,500 Indian settlers in the Philippines which normally admits 50 Indians every year.

NO HINDI VARSITY FOR SOUTH

The proposal to set up a university in South India with Hindi as the medium of instruction had been dropped, stated Education Minister Shrimali in the Lok Sabha.

The Union Government has decided to declare the Dakshina Bharat Hindi Prachar Sabha, engaged in propagation of Hindi in South, as an institution of national importance.

RS. 275-CRORE TAXATION

DEFENCE EXPENDITURE GOES UP

The new levies announced by the Uniou Finance Minister, Sri Morarji Desai, yesterday, will hit all round-the poor man, his kerosene and washing soap, the middle class man, his tea, coffee, cigarettes and garments in art silk and wool, and the housewife, her household requisites and cosmetics.

He announced in the Lok Sabha the new taxation proposals which would yield an additional revenue of 275.5 crores-an all time record taxation.

Sri Desai estimated the revenue at the existing level of taxation in the next financial year to be Rs. 1,585.73 crores and expenditure at Rs. 1,852.40 crores, resulting in a deficit of Rs. 266.67 crores.

India is to spend about 47 per cent (Rs. 867 crores) of its total revenue on defence in 1963-64.

The revenue demands for army, navy and air force are Rs. 349.76 crores, Rs. 20.49 crores and Rs. 87.91 crores respectively. The additional amount for strengthening defence as emergency measures comes to Rs. 265.29 crores.

The plan outlay for next year would be Rs. 1,651 crores-Central Rs. 901 crores and the States Rs. 750 crores.

Out of the proposed new levies, Rs. 9.6 crores go to the States and the Centre will get 265.90 crores.

Foreign assistance next year is expected to be Rs. 462 crores and market borrowing Rs. 400 crores of which Rs. 100 crores will be the share of the States.

Sri Desai also announced a compulsory savings scheme for all classes of people which is expected to yield Rs. 70 crores, out of which Rs. 40 crores will go to the Centre and the balance to the States

With all the additional taxation proposed, there will still be a revenue deficit of Rs. 77 lakhs.

RETIREMENT AGE

Bangalore, March 1

Chief Minister Najalingappa told the State Assembly that the Government had not taken any decision in regard to raising the retirement age ofGovernment servants from 55 to 58.

He said that the Government had to examine the issue in relation to problems peculiar to the State.

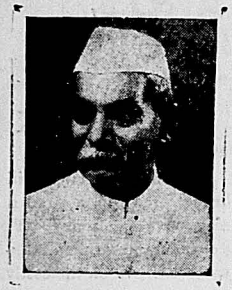
RAJENDRA PRASAD PASSES AWAY

Dr. Rajendra Prasad, the first President of India, passed away last night at the Sadaquat Ashram in Patna. He suddenly developed an acute attack of pleuro-pneumonia and the end came at 10-15 p. m.



Dr. Prasad was to have addressed the annual convocation of the Patna University in the evening but he could not go there due to his sudden indisposition. He took ill at 5 a. m. on Thursday.

He was 79 years old.

Dr. Prasad will be given a State funeral today.

Offices of the Central and the State Governments all over India were closed today. Flags on all Central and State Government buildings were flown half-mast.

The Union Government has declared one-week State mourning.

President Radhakrishnan paying homage said he was an outstanding patriot and a selfless worker in the cause of our freedom, and he was a great and good soul. His sacrificial services will always be remembered. His great example must guide us in the future.

Prime Minister Nehru was shocked to hear the passing away of Dr. Prasad. He said "I was looking forward to pay him a visit soon to pay my regards. May his soul rest in peace."

Sri Rajagopalachari said, "Along with the rest of the people of India I join in the universal grief over this event, which after Gandhiji's death, is the greatest misfortune that has befallen on us."

Chief Minister Nijalingappa said Dr. Prasad was as noble as he was wise. It is hard to find another like him. He was a man of rare virtues and most of us who knew him intimately will miss the genial personality and inspiring guidance.

Rajendra Prasad was a true disciple of Mahatma Gandhi and truth and non-violence remained the sheet-anchor of his life. He was a traditionalist with an open mind.

Youngest son of Munshi Mahadevo Sahay, Dr. Prasad was born at Ziradei in the Saran District of Bihar on Dec. 3, 1884, a year before the National Congress was formed.

RS. 40-LAKH DEFICIT MYSORE BUDGET

NO NEW TAXES PROPOSED

Bangalore, March 2

Finance Minister Jatti yesterday presented in the Assembly a tax-free Rs. 40-lakh defict budget.

He estimated the revenue and expentiture at Rs. 99.12 crores and Rs. 99.52 crores respectively.

Sri Jatti proposed to cover the deficit in the course of the year by increased receipts from the share of the Central taxes and adjustments in the rate of sales tax on certain items.

Sri Jatti said that rationalisation of water rate and betterment levy were engaging the attention of the Government.

He said that as a result of the overall increase in production in all the sectors, the income in those sectors had also been increasing. The per capita income in the State had shown perceptible increase in recent years-from Rs. 225.8 in 1950-51 to Rs. 290 in 1958-59 and Rs. 311 in 1960-61.

The Finance Minister said that under the State Plan, Rs. 18.76 crores will be spent on education; Rs. 6.87 crores on medical and health and Rs. 16.45 crores on irrigation.

A target to produce 10 lakh tons of additional foodgrains during the Third Plan period has been fixed. Several Grow More Food Schemes have been taken up. During the first year, 0.63lakh tons of additional foodgrains were produced and production was expected to increase by 1.40 lakh tons in 1962-63. The Government has, therefore, allotted Rs. 130 lakhs for research in seed distribution, Rs. 175 lakhs for improvement of irrigation wells. Rs. 230 lakhs for restoration of tanks; Rs. 90 lakhs for soil conservation; Rs.6.25 crores under major irrigation and Rs. 1 crore for construction of field canals.

THE LAST JOURNEY

The mortal remains of Dr. Rajendra Prasad, former President of India, were cremated yesterday with full State honours on the banks of the Ganga at Bas Ghat in Patna, before a gathering of about two lakhs.

MYSORE SHOULD GO TO COURT ON KRISHNA WATERS

Mysore, Mar. 4

If the Central Government did not intervene to stop the Andhra Pradesh Government from going ahead with the Nagarjunasagar and Srisailam projects, the Mysore Government should move the Supreme Court and obtain a stay order, stated Sri H.M. Channabasappa, former Minister, addressing a public meeting here yesterday.

He welcomed the statement of Chief Minister Nijalingappa that the State interest in the use of the Krishna river water would be safeguarded and hoped that the Government would act up to those assurances.

The Chairman of the Mysore Public Service Commission, Sri R Channigaramaiah has also been appointed Chairman of the State Advisory Committee for Mysore.

HEADSTRONG CHINESE

Prime Minister Nehru stated yesterday that pride had turned the head of the Chinese rulers and they were behaving in a most incivil manner. The Chinese notes to India were full of "incivil" language. Their pride had reached a point where they had started quarrelling even with their closest ally, the Soviet Union. The invasion of India had done more harm to China than to India.

Sri Nehru said that if China did not accept the Colombo proposals, the question arose what would they (the Chinese do? If at all anything was to happen, it might happen before the monsoon. Because while operations were possible in Ladakh even during the monsoon, action would be difficult in NEFA during rains because of the climate and the nature of the terrain. Anyway, it was anybody's guess. 'So far as India is concerned, we will not take any step which we are not in a position to back up.'

Indo-Pak Border Pact

Under an agreement signed on Saturday at Peking, Pakistan has surrendered to China 2050 square miles of territory in occupied Kashmir. Pakistan is stated to get in return about 1350 square miles.

Diplomats in U. S. expect a definite cooling off in the relations between the U. S. and Pakistan over this agreement, which had been entered into in spite of the Americans advice that it would prejudice the prospects for success of the Indo-Pakistan talks on Kashmir.

The Government of India has protested to China against signing this pact. A protest had already been made to Pakistan.

MYSORE TO GO AHEAD WITH ITS PROJECTS

IF ANDHRA DOES NOT STOP WORKS ON KRISHNA

Bangalore, Mar. 4

Chief Minister Nijalingappa told the Assembly that the State Government had informed the Centre that if the Andhra Pradesh proceeded with the Nagarjunasagar and Srisailam projects to utilise the Krishna waters, Mysore too will proceed with its projects in the upper reaches.

Referring to the fear that interests of Mysore State might go by default, the Chief Minister said the issue of securing the rightful share of Krishna waters for Mysore was one of "life and death" on which the State Government would make no compromise.

He explained Mysore's stand on safeguarding the interests of people in arid regions of Krishna basin in the State and said the State Government would take up the issue before a tribunal for a decision, if no satisfactory decision was arrived at soon.

He hoped that the Andhra Pradesh would also see reason and not proceed with its plans as contemplated now.

Sri Nijalingappa said that the State Government had finalished the Malaprabha project. But the technical clearance had not yet been secured and they had told the Centre that it was unreasonable towards Mysore.

NO SURRENDER OF PRINCIPLES

Prime Minister Nehru declared yesterday that India would make every effort to solve her differences with Pakistan but while doing so she would not surrender her principles.

He told a public meeting at Amritsar that "We are keen on a settlement with Pakistan. But settlement does not mean we accept whatever they say-right or wrong. We cannot give up the principles we have always valued".

"It pains me to see our differences with Pakistan persisting. We are so close to each other culturally and geographically that we are like members of the same family", he added.

Retention Of English

Prime Minister Nehru has addressed the State Chief Ministers stressing the need to continue English as an associate language of the Indian Union for an indefinite period.

Giving an assurance on this score, the Prime Minister has argued that English as an international language should be retained to comprehend and assimilate the progress the world was making in the fields of technology and science.

He has expressed that Hindi fanaticism would cut off the country from the main currents of thought and also tell upon her internal unity.

ARMS AID TO BE FAST: NEHRU

Prime Minister Nehru is stated to have indicated impatience at the time-consuming surveys for decision on the large-scale military aid by the United States to India.

He has told the 'Washington Post" that any major Chinese attack would have to be met immediately and the only way to "do that is to create an Indian Air Force able to do the job."

He said: 'to depend on outside help, i.e., from the U.S. and Britain, would require granting them bases in India and it is also psychologically bad for our people to think in this way, to get the impression that others are going to protect us and that we do not have to build up our strength."

Pak Gives Away 13000 Sq. Miles To China

Prime Minister Nehru told the Lok Sabha that going by Survey of Pakistan maps, Pakistan had surrendered over 13,000 sq. miles of territory to China.

The Pakistan maps showed 11,000 sq. miles of Sinkiang territory as part of Kashmir.

Sri Nehru pointed out that the agreement claimed to be provisional and yet so much haste had been shown in concluding it. He said the it was significant that the agreement was not subject to ratification. Thus the National Assembly, the Press and the public of Pakistan would be given no opportunity to examine the terms of the agreement.

He said that by signing this agreement, China was seeking to exploit the differences between India and Pakistan on the Kashmir question to further its own expansionist policy, although it had professed that it had never involved itself in the Kashmir dispute.

No Talks Under Duress

INDIA TELLS CHINA

India has made it clear to China that there could be no talks under threats, duress or imposition.

This was India's reply to the latest Chinese note on the Colombo proposals.

Acceptance of the Chinese interpretation of the Colombo proposals means that the status quo would not be restored inasmuch as India would not be permitted or be free to occupy the area the control of which had been altered by the Chinese armed action.

Any talk under these conditions would mean talks under duress, not consistent with the dignity and honour of India.

CAUVERY BOARD OPPOSED

The Government of Madras was not in favour of a river board for the Cauvery, as the waters of the river had already been utilised to the maximum extent possible.

The use of the Cauvery by both Madras and Mysore was governed by an agreement. If there were points to be settled regarding the very little water left unutilised, this could be done by negotiations between the two States.

Madras, however, was interested in the formation of a river board for Krishna-Godavari, as in the event of Madras's request for Krishna waters for Madras city materialising, the State might be called upon to share the cost of bringing waters of the Krishna to Madras.

INDIA'S SECURITY VITAL

The U S. President-Kennedy has underlined the United States concern for the security of India and said that he saw little prospects of reduction of U.S. military and economic commitments in South-East Asia.

He said reduction or withdrawal of aid to South Vietnam, Cambodia or Thailand would mean turning over the areas to Communists which would endanger the security of India and the Middle East and ultimately the U.S.

NO YIELDING ON RIVER SHARE

Bangalore, Mar. 7

Chief Minister Nijalingappa reiterated in the Legislative Assembly that Mysore needed 1,200 t.m.c.ft. of water from the Krishna for its projects and that if the minimum of even 1,050 t.m.c.ft. was not allowed, the Government would not hesitate to take steps to safeguard the rights of the State.

He said that they had made it clear to the Centre that if Andhra Pradesh was allowed to go ahead with its projets, they (Mysore) should also be allowed to proceed with their projects.

GOVT. LANDS FOR LANDLESS

The Government proposed to settle 75,000 landless families on 6,31,500 acres of Goverenment waste land, stated Minister Ram Subhag Singh in the Rajya Sabha,

LAND ASSESSMENT

The Government of Mysore is taking steps to assess the exact area fit for agriculture and afforestation schemes in the State.

As a preliminary measure to bring more land under agriculture without affecting the minimum percentage of forest land, the Government has instructed officials in every taluk to tour the areas and determine the land fit for the scheme. They have been given three months to send reports.

Fall In Paddy Price

Bangalore, Mar. 8

Revenue Minister Krishnappa informed the Assembly that the prices of paddy had gone down by about 15 per cent compared to last year's price level.

He said it was intended to build a stock of about 5 lakh pallas of paddy and a sum of Rs. 2 crores had been earmarked for the purpose.

The Government, he said, had decided to give loans to well managed co-operative societies for the purchase of paddy.

Already 75 societies had entered into market and purchased about 50,000 pallas of paddy. As the Centre-fixed rate of Rs 21 per palla was deemed to be low, the societies had been asked to purchase paddy at the regulated market rates which were at present round about Rs 22 to 23 per palla.

CURB ON KEROSENE USE

MORARJI JUSTIFIES HIS TAX PROPOSALS

Finance Minister Morarji Desai yesterday justified his Budget proposals and called upon the people in every walk of life to contribute their share in the gigantic efforts at defence and development.

Replying to the debate on the Budget in the Rajya Sabha, Sri Desai admitted that the levy on kerosene would be hard on the poor and that the compulsory savings scheme would meet with many difficulties. But he strongly defended these as well as his other tax proposals and said everybody should be prepared to suffer in his income to some extent in the task of defending the country.

The Finance Minister said that the foreign exchange difficulties left him no alternative but to curb the use of kerosene. "We cannot import fuel in this country with foreign exchange and we have to use whatever fuel is available in the country".

He turned down the plea for nationalisation of banks as alternate forms of raising resources. If banks were nationalised, where-from would money be found to pay compensation, he asked.

Dealing with the criticisms about lack of economy in civil expenditure, Sri Desai said that as a result of various measures taken by postponing or dropping less essential activities, a reduction of about Rs 35 to Rs. 40 crores had been effected in the Budget estimates for 1963 64.

The poor people, Sri Desai said, were very much prepared to contribute. "Why should we debar them from doing it or discourage them. I do not say it is not hard but it is the hard way alone which is beneficial to everybody and not the soft way".

ANDHRA STAND REGRETTED

Bangalore, Mar. 9

The Executive Committee of the Mysore Pradesh Congress Committee yesterday regretted the attitude of the Andhra Government on the river waters issue.

The resolution stated that while supporting the stand taken by the Mysore Government on the vital question of distribution of the waters of the Krishna, in which the very growth and development of the people of the State inhabiting the Krishna valley was at stake, it was regretted that the AndhraGovernment should persist in its plans to go ahead with the Srisailam and Nagarjunasagar projects in spite of repeated representations made by Mysore to stay execution of the projects, which were bound to affect greatly the just and equitable rights of the chronically scarcity areas of the Krishna basin,

BLOODLESS ARMY COUP IN SYRIA

A pro-UAR Syrian army junta seized power in a lightning action, exactly one month after the neighbouring Iraq went into Nasser camp.

The Army units swung into action at early dawn yesterday and the Damascus Radio announced that the Syrian Council for National Revolution had disposed Premier Khaled Azam Government.

As the Army revolutionaries imposed a state of emergency and curfew, Iraq troops were moved towards open frontier in their support but the Syrians sent a message saying all was under control and no further steps were needed.

The borders were sealed, ports and air fields closed, transfer of funds abroad banned and security forces on leave ordered to report immediately.

So far there was no news of what had happened to President Nazeem Kudsi and his Government.

The Revolutionary Command stated that the Syrian people had suffered because of secession from the United Arab Republic 18 months ago and the present revolt achieved success from the first hours.

The bloodless coup has won the blessings of the UAR, Iraq and Yemen.

U.S. Military Aid To India

U.S. Secretary of State Dean Rusk announced yesterday that the United States would immediately help India to repel in case of fresh Chinese attack.

Speaking at a Press conference at Washington, Mr. Rusk said that negotiations for long-term military assistance to India would not be allowed to come in way of such assistance.

The Secretary of State made it clear that a Kashmir settlement was no prior condition for giving aid to India but an agreement between India and Pakistan was an essential condition for both of them to meet any threat to the sub-continent.

Healthy, Strong Scientific Community

CSIR CHIEF'S PLEA

Mysore, Mar. 11

Dr. Husain Zaheer, Director-General of the CSIR yesterday pleaded for the creation of a strong and healthy scientific community in India.

Presiding over the annual celebrations of the Central Food Research Institute Gymkhana, he said that there was a despair among the scientists in the country that they were not receiving due recognition for their intellectual ability and contributions made to overall industrial development of the country. He said he was not happy over this state of affairs.

He wondered why they were not allowed to be on the top in India though it was not his intention that scientists should "grab power". He felt the foremost cause was the lack of scientific behaviour and morality among them. He wanted that these two should permeate not only in the work at laboratories but also in the everyday life of the scientists.

Dr. Zaheer said scientists in India suffered from dichotomy and if this was removed, they would get their recognition.

He distributed the prizes and also released "Frig Bubbles", a humourous publication of the Gymkhana.

Dr. V. Subrahmanyan, Director and President of the Gymkhana welcomed the gathering and handed over Rs. 1,000 to the National Defence Fund.

Sri Rangiah Naidu, Secretary read a report.

Sri V. Balu, Vice-President proposed a vote of thanks.

Pak. Wants Entire Kashmir

The fourth round of Indo-Pakistan ministerial talks on Kashmir and other related issues will begin at Calcutta tomorrow. The Indian delegation led by Railway Minister Swaran Singh has already gone to Calcutta. The talks will begin against the background of the recently concluded Sino-Pakistan border agreement under which Pakistan has given away to China 2500 square miles of Kashmir.

Pakistan, it is stated, has proposed that it should have the whole of Jammu and Kashmir State expect for one or two districts. But India has made it clear that any proposals limiting India's sovereignty over the valley would not be acceptable. The talks in Calcutta is expected to enter a crucial stage.

Pakistan signing the border agreement with China and her unreasonable proposals are interpreted by observers at Delhi as clear indication of her lack of interest in a peaceful and negotiated settlement of the Indo-Pakistan issues.

NO MORE NATIONAL LABORATORIES SAYS KABIR

Mysore, Mar. 11

Prof. Humayun Kabir, Union Minister for Scientific Research and Cultural Affairs, declared today that no more national laboratories would be started in the country in present situation and as such greater pressure should be putforth on the existing ones.

The Minister was laying the foundation-stone for meat and fish technology and infestation control and pesticides divisions at the Central Food Technological Research Institute premises.

It was a paradox in India, Prof. Kabir said, that although 70 per cent of our people were engaged in agriculture they had to import food from outside. There was a shortage of 5 to 10 per cent of food and there was nearly 30 per cent of wastage due to pests and insects. If only this wastage was cut down even by 50 per cent then the food problem in India would be solved. The proper utilisation of food was one of the pressing problems of the world in the context of the population. The enormous growth of population was the most dangerous revolution of the 20th century and it could be said that this was more dangerous than hydrogen or atom bomb. Unless there was control of the growth of population there would be a cataclysm in the world.

The control of pests and proper storage would go a long way in solving the food problem. The Minister also stressed the importance of research in fish and meat and said 90 per cent of the people in our country were compulsorily vegetarians as meat and fish were not within their reach.

Prof. Kabir said that in his opinion they had too many national laboratories and there was duplication of work. This question was engaging the attention of his Ministry.

Dr. V. Subrahmanyan, Director, welcomed the gathering.

Dr. Srinivasan, Deputy Director, proposed a vote of thanks.

No Chances With China Herefter

NEHRU WARNS

Prime Minister Nehru stated yesterday that the future of the whole of Asia and its progress were linked up with the Sino-Indian conflict, and the outcome of this conflict would shape the history of Asia.

In dealing with China, therefore, India had a special responsibility, not only to herself but to other Asian countries also, he added.

Addressing a public meeting at Rohtak, Sri Nehru said that China had thrown all standards of international behaviour to winds and was trying to establish the cult of brute force. "Should be to submit to this display of might by China, we will go down and the world will have scant respect for us."

He said that the "haughty" attitude which China had adopted towards other nations including the Soviet Union showed the way their mind was working. They had started abusing even Russia, their greatest ally. India should not take any chances with China hereafter, he added.

PEOPLE TO BE ALERT

The Union Home Minister Shastri asked the people yesterday to be alert as the general situation in regard to the Sino-Indian border "is not very bright".

He said "China has given us a rude shock. I do not know whether she will not give another shock. We should, therefore, be on the alert and work hard to improve the Government machinery."

Nehru Told Of Mysore Claims

Chief Minister Nijalingappa yesterday met Prime Minister Nehru and the Irrigation Minister Hafiz Mohamed and reiterated Mysore's case in regard to the sharing of the waters of the Krishna and the Godavari.

Mysore, he said, had taken up five major irrigation projects for the utilisation of the Krishna waters for the parennial famine areas in the State. He said if the Srisailam and the second stage of the Nagarjunasagar projects in Andhra Pradesh were taken up, Mysore would be hard hit.

COMPULSORY SAVINGS SCHEME

Union Finance Minister Morarji Desai has assured that the deductions for compulsory savings from agriculturists would be made on the basis of the land revenue paid by them in 1959–60 and not on the rates enhanced subsequently. No deductions towards the scheme would be made from those whose land revenue was a rupee or less.

With regard to grievances of the people in the lower income group of less than Rs. 5,000, Sri Desai is understood to have said that he was considering all these matters.

He told the Parliamentary Congress Party Standing Coommittee that while he was prepared to have the grievances of the corporate sector against the super profits examined, he saw no reason why companies making enormous profits should grudge paying more to the State in times of emergency.

QUARTERS FOR EVERY POLICEMAN

Bangalore, Mar. 13

Home Minister Patil told the Assembly that the Government intended to provide residential quarters for every policeman in the State.

He said that 47 per cent of the police force had already been provided with houses and a sum of Rs. 2.50 crores had been earmarked for building houses for the rest of the staff.

The Minister said that a separate law cell in the IGP's office had been created to enlighten the officials on the legal implications in police cases.

The Government was considering the question of establishing a scientific forensic laboratory at Bangalore.

SEARCH FOR MORE GOLD IN KGF

The Lok Sabha was informed by Deputy Minister Bhagat that the Government was trying to find out if more gold could be mined in KGF to maintain the present level of employment If that was not possible. the Government was keen on starting some industries to provide employment to the local talent.

Finance Minister Morarji Desai stated that the KGF undertaking was now going into the question of high cost of production in consulation with engineers.

Meat And Fish Industry

Mysore, Mar. 13

The annual production of meat in India is estimated to be 0.46 million tons and represents only 12.4 per cent of the total live stock population.

Dr. N. L. Lahiry, Assistant Director of the Division of Meat and Fish Technology of CFTRI stated on Monday that meat, poultry and fishing industry in the country contribute annually over Rs. 1,300 million.

He said the total production target of fish in India for the Third Plan is 1.8 million tons, besides marine fish being 1.2 million tons.

At the end of the Second Plan 33,300 tons of fish products valued at Rs. 63 3 millions were exported.

Dr. Lahiry said that assistance from the United Nations Special Fund for a project for expansion of research in meat and fish at CFTRI was forthcoming.

The U. S. Government had provided Rs. 250,000 for the investigation on the edible quality and nutritive value of fish flour.

Research work on the production of peptones from fish flesh had been successfully carried out thus obviating the need for importing peptones.

A simple and cheap process to obtain a uniform and satisfactory grade of sardine oil for industrial purposes had been evolved.

Mangalore Port

Union Communications Minister Jagjivan Ram stated yesterday that the work on the development of Mangalore and Tuticorn into major ports will begin about the middle of 1963–64.

He said the project reports had now been received. Chief Engineers and administrators for the two projects would be appointed shortly.

The Minister said that during the next financial year these two ports would each be permitted to incur an expenditure upto Rs. 50 lakhs.

NO DIRECT TALKS: ACCEPT COLOMBO PROPOSALS

NEHRU TELLS CHINA

Prime Minister Nehru has turned down Mr. Chou En-lai's suggestion that direct talks between the two countries can start straightaway without bothering about the acceptance of the Colombo proposals in toto.

The Chinese Premier in his letter dated March 3, had urged that Peking, on its own, had created "all the necessary conditions" for direct talks.

Sri Nehru's reply of March 5 was that, if the Chinese were sincere in their professions regarding a peaceful settlement, they should accept the Colombo proposals without reservations, just as India had done.

The Chinese Premier had said the Chinese frontier guards had withdrawn far behind their positions as of Sept. 8, 1962 and further decided to refrain from establishing civilian check-posts in the four areas, where there was a dispute about the cease-fire arrangements. All these actions, Mr. Chou claimed, had been taken by China to create the necessary conditions in conformity with the dignity and self-respect of both sides and first of all with that of the Indian side.

Sri Nehru has said he could not understand Mr. Chou's claim that the Chinese had done all that was possible for them to do to promote direct talks. The obvious thing, if the Chinese were sincere in their professions regarding a peaceful settlement, was for them to accept the Colombo proposals without reservation just as the Government of India had done.

Sri Nehru has once again referred to his suggestion for reference of even the basic dispute to the International Court of Justice at the Hague and said: "There could be no fairer and more reasonable approach than this proposal for peaceful resolving of our differences once the proper climate is created."

Dealing with the four areas, where the Chinese Premier had said there was a dispute, Sri Nehru says: "There is no dispute so far as the Government of India is concerned, with the Colombo conference proposals in respect of these four areas. The dispute, if any, is the one raised by the Government of China with the Colombo conference countries by their reservations on the Colombo proposals".

"Once these reservations are dropped, the Government of India and China can undertake direct talks and discussions to settle the cease-fire arrangements", he added.

Misuse Of NDF Money

CITY FATHERS' COMPLAINT

Mysore, Mar. 14

Sri L. Chikkarangappa suggested in the Municipal Council on Tuesday for starting a training school for printing techonology or a branch in one of the existing technical schools in the city to meet the shortage of trained hands.

Messrs. Sinkanta Sharma and T. R. Subba Rao alleged misuse of funds collected for the National Defence Fund by organisations. They said that some institutions including a football club had collected money and had deducted their expenses from it, which was against the rules.

Sri Sharma complained that no action had been taken about the nuisance of lepers, whose number was increasing daily.

Sri M K. Lingiah alleged that milk powder donated by the U.S. was being sold in the black-market instead of distributing free to the poor and the children.

He said that footpaths in Sayyajirao road and in other places was in a very bad condition and they needed immediate attention.

Messrs. Anantharamiah and H. Kempe Gowda complained about the unhealthy conditions of the public urinals and latrines in the city.

Sri Chikkarangappa said that the traffic police in Sayyajirao road should properly guide the pedestrians and not abuse and harass them.

Messrs. Doddathammiah, Jogi Siddiah, Muddiah and Smt. Soundaramma said that there were many irregularities in the issue of licenses.

TRIPLE BENEFITS TO TEACHERS

Bangalore, Mar. 14

The triple benefit scheme for aided school teachers in the State will come into force from April this year.

The scheme will be applicable to non-teaching staff in aided schools also.

It will cost Rs. 5 lakhs in the first year and Rs. 50 lakhs at the end of ten years to implement the scheme.

NEHRU FEARS FRESH CHINA'S ATTACK

Prime Minister Nehru stated yesterday that China might begin fresh attack at any time and called upon the people to face squarely "the great challenge" posed by the Chinese aggressive designs on the frontiers.

It was the hour of trial for the entire country-every man and woman had to counter these challenges-poverty and China by diligence and intelligence, he added.

Gold Reserve

The present attitude of the people had encouraged smuggling of gold to the tune of Rs. 40 to Rs. 50 crores a year and wrong investment which was ruining the country, stated Finance Minister Morarji Desai in the Rajya Sabha.

The country could not afford to lose that much of money every year which could be profitably diverted to industrial and agricultural purposes.

The Finance Minister said that he would gradually tighten the Gold Control Order, the object of which was to build up ultimately a gold reserve for the country.

SUGAR PRICE

The retail price of sugar at present was Rs. 1.10 nP. per kilo, stated Deputy Food Minister Thomas in the Rajya Sabha.

He said the Government sought to maintain the price of sugar "at a reasonable level by judicious releases of the commodity for sale".

Food Minister Patil told the Lok Sabha that the Government was considering a scheme to provide incentives to sugar manufacturers next year.

HAIR IN VACCINE

Over 100 vials of a particular batch of small-pox vaccine have been frozen as a precautionary measure following a detection by a Bombay doctor of a hair in one of the vials of the batch on Saturday.

NO PROBE INTO POLICE ADMN.

Union Home Minister Shastri rejected yesterday in the Lok Sabha a suggestion for the setting up of a police commission at the Central level to enquire into the police administration in the country.

He said that "we can consider it after emergency was over."

Asked whether a code of conduct had been formulated for the police particularly in handling crowds, which might not be non-violent, the Home Minister said that the Centre had sent general suggestions to the State Governments as to when fire-arms should be used and what preventive action could be taken other than firing. The code of conduct was perfect, but the point was how far it was actually put in practice.

Common PUC Syllabus

Bangalore, Mar. 15

The Senate of the Mysore University was told by Vice-Chancellor Rahmathulla here yesterday that steps were being taken to introduce a common syllabus for the pre-university course in both Mysore and Karnatak universities from the next academic year.

He said that all possible measures were being taken to tone up the administration of the university and improve academic standards.

The Senate adopted the annual report for 1961-62.

The report, inter alia, stated that there were 2,278 teachers working in the colleges. The total number of students was 36,003, including 6,965 women students.

Nearly 9,630 students were awarded either full or half fee concessions, 2,000 Government of India scholarships and 3,544 State Government scholarships.

37 colleges provided hostel facilities of which nine were for girls. Besides the university had maintained two hostels for the depressed class students.

Steps had been taken for gradual introduction of Kannada as medium of instruction. About 900 students had voluntarily taken Kannada as their medium at PUC level and about 103 degree students had opted for Kannada as their medium.

RE-ORGANISATION OF CTOs

Bangalore, Mar. 15

Finance Minister Jatti assured in the Assembly that the Government would consider area-wise re-organisation of the Commercial Tax Offices so as to alleviate the difficulties faced by the merchants in the tax assessment work.

Replying to the debate, Prof. Narasimiah said that it was not possible to keep the teacher student ratio on account of the rush for admission and paucity of accommodation.

The huge percentage of failures in the B.A. and B.Sc. was mostly due to the cream of the PUC-pass d students joining the professional colleges.

Tax On Speeches

Sri H. V. Kamath, PSP leader suggested in the Lok Sabha the imposition of an "unorthodox" tax on ministerial speeches outside the legislature.

He said such a tax would bring relief to the people and also yield revenue to the exchequer.

There were more than 300 Ministers in the country and the tax, if imposed, would result in a large amount of revenue, he added.

INDUSTRIAL ESTATES

Bangalore, Mar. 15

The Government would give financial assistance to Taluk Boards willing to establish industrial estates, stated Industries Minister Mallappa in the Assembly.

He said long-term loans to the tune of about 75 per cent would be given to taluk boards.

HOUSES FOR HARIJANS

Mysore, Mar. 15

The Municipal Council yesterday rejected the resolution of Sri Vedantha Hemmige for payment of health allowance to all municipal staff on the lines of the Government servants.

Sri H. Kempe Gowda said that the Government was proposed to bring in a Bill for providing free medical aid to all Municipal employees in the State and as such there was no necessity for them to adopt such a measure separately.

The Government letter that the proposal for the enlargement of the Council's section be put off to economise the expenditure on establishment came up for recording, the Opposition members wanted that the Council's previous decision should be reiterated. They said it was not the enlargement of the section but only conversion of the clerk into a secretary. However the Council recorded the Government order, opposition voting against.

The Council recorded the Government order sanctioning the estimate of Rs. 1.35 lakhs for formation of lay-outs between Jalapuri and Labour Block in N.R. Mohalla to provide sites to the Harijans undertaken by the Trust Board.

CHINA ACCUSES INDIA

Repayment Of Loans

CIVIC BODIES WARNED

Bangalore, Mar. 16

Sri K. Puttaswamy, Minister for Municipal Administration warned yesterday that the Government would take drastic steps against municipalities which failed to provide civic amenities in spite of taking loans from the Government.

He told the Assembly that the enthusiasm with which the municipalitias opained loans from the Government waned when the time for repayment came. After getting the loan, a number of municipalities failed to provide civic amenities for which the loans were taken.

Of over 100 municipalities which had obtained loans from the Government, only one had repaid the amount in full. A sum of Rs. 682 lakhs was due from the municipalities.

"Double Game" By Six Powers

CHINESE ALLEGATION

Chinese Foreign Minister Chen Yi has said that a great discrepancy exists in the clarifications of the Colombo Conference proposals on the Sino-Indian border dispute as given in Peking and New Delhi. Obviously, neither of them can be considered an inseparable part of the Colombo proposals.

The Colombo Conference nations, he said, did not agree with the Indian view that China has to accept their proposals in toto, before negotiations can begin.

Explaining why China felt unable to accept the proposals without reservation, Marshal Chen said that "they contain contradictions and fallacies in logic. Moreover, they are ambiguous on some matters of detail".

China has accepted the proposals in principle as a basis for talks but maintains two vital points of the interpretation can be discussed during the talks.

This was the first time that China has charged the Colombo Powers with playing a "double game".

STEEL PLANT IN MADRAS

The Union Government has appointed a firm of consulting engineers to prepare a detailed project report for the Neyveli-Salem iron and steel project.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace, Road, Mysore.

HEAVY LOSS TO GOVERNMENT

The Public Accounts Committee of the Lok Sabha has criticised the "highly irregular way" in which the Bharat Krishak Samaj, a private body, was given Government land for holding the World Agricultural Fair in Delhi, without a written agreement, which had resulted in a non-payment of about Rs. 30 lakhs by way of license fee.

It has also objected for giving of a room free of rent to the Samaj in a Government building where the Ministry of Agriculture was located.

The report stated that "Noenquiry appears to have been made about the credentials of the Samaj." Although the fair made a huge profit, the Government gave a grant of Rs. 2 lakhs at the instance of the Minister of Agriculture, Punjabrao Deshmukh who himself took up a note to the Minister of Revenue and Civil Expenditure.

Only One Set Of Clarifications —SAYS INDIA

The Government of India was aware of only one set of clarifications to the Colombo proposals on the Sino-Indian border conflict, accordiug to a spokesman of the External Affairs Ministry.

He said these clarifications were personally explained by the Ceylon Prime Minister during her visit to China and India. "We have no information of any other clarifications at all".

It is recalled that Dr. Subandrio, Indonesian Foreign Minister who had accompanied Ceylon C M. had categorically stated that both India and China would have to accept the proposals in toto before they could meet at official or any other level. Further he had said that the "clarifications cannot be separate from the Colombo proposals. We have given the Chinese the same clarifications as given to India but they have their own interpretations".

Role Of Multi-Purpose Schools

Mysore, Mar. 18

Dr. Shrimali, Union Education Minister stated here on Saturday that it was the intention of the Central Government to provide all facilities for technical education including crafts in the multi-purpose high schools in the country.

He was laying the foundation-stone for the RegionalCollege of Education on a 100-acre plot near Manasagangotri.

The Minister said that one of the primary functions of education was to provide opportunities for all youngsters to foster their talents in all fields. There was a time when it was thought that manual work did not need any intelligence. But the situation had changed today. The Five-Year Plans had shifted the emphasis to the teaching of science and technology and the country needed a lot of engineers and technicians, not only at the university stage but also earlier.

But there was a serious problem to reckon with. Few students coming out of the high schools really got an opportunity to give proper expression to their talents and aspirations.

He said the multi-purpose schools had a great role to play in bringing different abilities of the students together and evolving measures to foster them properly. But one serious problem was the paucity of properly trained teachers It was to meet this problem the Centre was starting regional training colleges.

The Governor, Sri Jayachamaraja Wadiyar, who presided said that the system of secondary education in our country had been a great matter of concern to our educationists

The impact of secondary education could be felt when it was realised that it came to a person in the formative stages of life, sandwiched between primary and university education.

It was necessary, he said, the aims of secondary education should be clearly defined before a sound system of teaching could be evolved. Education had lost its purpose and meaning in the high schools, thanks to the rigmarole of worn-out curricula and examinations.

Sri S.R. Kanthi, Education Minister, welcomed the gathering.

Smt. Grace Tucker Deputy Education Minister, proposed a vote of thanks.

Mysore Most Progressive State

SHRIMALI'S TRIBUTE

Mysore, Mar. 18

Union Education Minister Shrimali paid tributes to the Mysore State as one of the most progressive States in the Indian Union.

Speaking at a party given in his honour by the City Municipal Council, Dr. Shrimali said the State was well known for its natural beauty and lovely cities. He stressed the need for mobilising the human resources to fully tap the natural resources of Mysore State for further development. The cultural atmosphere in Mysore city influenced the Centre to start the regional college of education here.

Sri K. Siddiah, Civic Chief, welcoming urged the Union Education Ministry to assist them in starting a college of music and dance, construction of a studium and an open air theatre.

Mathematics Base of Science

Mysore, Mar. 18

The Mathematics block of the Mysore University in its new campus at Manasagangotri was declared open by Union Education Minister Shrimali here on Saturday.

Sri Rahamathulla, Vice-Chancellor welcoming said that the mathematics block had been constructed at a cost of Rs. 1.67 lakhs through the generous assistance of theUGC. TheVice-Chancellor pleaded some sort of incentive to attract students to fundamental sciences as the number of students taking such courses was fast dwindling.

Dr. Shrimali said it was a happy augury that the mathematics block should be the first to be opened in the campus, as mathematics was the base over which the whole structure of physical and chemical sciences were built.

He hoped that "students from all parts of the country will come to Manasagangotri as pilgrims to dive deep into the waters and widen the horizon of learning so that such mental development may greatly help the society".

Education Minister Kanthi presided. Sri Siddalingiah, Registrar, proposed a vote of thanks.

OFFICIAL

Mysore, Mar. 18

Sri R. Srinivasan took charge as the Divisional Commissioner, here on Saturday.

MORE SCOPE FOR PRIVATE SECTOR

The Federation of Indian Chambers of Commerce and Industry has stressed a re-thinking of the Government's economic policy for providing fuller opportunities for the private sector to engage itself in as many industrial activities as possible.

It has demanded that the country's planning and technique should be altered, and "the preoccupation with taxation as the key to development must give place to a purposive programme of financial and fiscal encouragement to private industry". There should also be consistent efforts to attract foreign capital for the country's development, it added.

FARM OUTPUT

Three high-powered Central teams will begin a tour of State capitals and selected districts and blocks from April 15, to secure efficient implementation of agricultural production plans.

The team will ensure that all essential technical and administrative measures needed to step up agricultural production were adequately provided for in the current year's State Plans and that these were fully and effectively implemented.

EACH ONE TEACH ONE

SHRIMALI'S SLOGAN TO THE COUNTRY

Bangalore, Mar. 18

The percentage of illiterates has been on the increase in spite of the Government's efforts to push through compulsory education, stated Union Education Minister Shrimali here yesterday.

Addressing a meeting of legislators and educationists, Dr. Shrimali said that the main reason was the steady increase in population and without the voluntary efforts of the rich, the Government could not make much headway. He said that depending on the Government financial resources to wipe out illiteracy would mean the problem could never be solved.

Dr. Shrimali stressing the vital role of the teachers in educating the people, said that the teachers should work harder than they were doing hitherto. They should remove those factors which led to tremendous wastage in our schools and at the same time try to remove illiteracy in the country.

A 28-per cent literacy in the country, as at present, would be a great danger to democracy itself and the "monster" of illiteracy could be got rid of not through governmental grants, which did not even touch the fringe of the problem, but by voluntary efforts.

The Minister said that both the Centre and States had not any more funds. So our teachers and students should volunteer and go out during the summer vacation to teach ignorant villagers. It was an obligation cast on the students, because the tax-payers have paid quite a lot to run the educational institutions, he added.

Dr. Shrimali said that if we were really wedded to democracy, we must create a climate of education in the country and declared the call should be "Each One Teach One".

3 KILLED IN POLICE FIRING

Three persons were killed and nine others including a woman, were injured when police opened fire on a crowd armed with sickles and sticks, at a village near Madurai, yesterday.

Lathi-charge had earlier failed to disperse the crowd after it had resorted to throwing stones at a police party, posted on the banks of an irrigation tank in the village following claims over giving signals for fishing.

Paddy Grading

Mysore, March 19

The grading of paddy, first of its kind in the country, was started in the Regulated Market, here yesterday.

Inaugurating, Sri R. Bharaniah, Registrar of Co-Operative Societies said that the process of grading agricultural produce would benefit the growers to get a fair price for his produce and also quality goods to the consumers.

He said that during the Third Plan, 30 stations covering a variety of commodities would be set up in the State and 12 important regulated markets had already been selected for grading of cotton and groudnuts. He said that grading of ghee, edible-oil and honey had already been started.

Sri B.T. Peethambara Rao, Joint Registrar welcoming the gathering said grading of rice would be shortly taken up so that consumers might get quality rice.

Sr. B.C. Channaraj Urs, Deputy Commissiner, presiding, stressed the importance of quality-control and explained how our goods, which were popular abroad, had lost their markets for want of business honesty.

Harijan Agrl. Colonies Under Co-op. Farming

Mysore, Mar. 20

All agricultural colonies (about 112) started in the State under the Harijan Welfare Scheme would be gradually brought under co-operative farming societies, stated Sri Peethambara Rao, Joint Registrar of Co-operative Societies.

He said already the agricultural colony at Siddiahanapura in Chamarajanagar taluk had been brought under co-operative sector.

This measure would give co-ordinated and direct help to the colonists.

Sri Rao said that with a view to increasing food production, through co-operative farming, the Government had sanctioned 11 pilot projects. In Mysore district, Chamarajanagar and Heggadadevanakote taluks had been chosen.

He said the State Government had ordered that all departments should extend facilities under priority to co-operative farming societies. These societies would be linked with industries also, with the result agro-industries would assume importance in co-operative farming societies in future.

PRIVATE BUS FARES TO GO UP

Mysore, Mar 20

The Mysore District Automobile Association, meeting here on Sunday, decided to enhanae the passenger fares in respect of busses in the non-monopolised routes to the maximum extent to "save themselves from severe losses."

The Association has pointed out that this action has to be taken with extreme reluctance as the travelling public will have to bear the additional burden.

The meeting expressed grave concern over the attitude of the Government towards the problems of the members of the Association and opined that the Government had been ignoring all efforts of the Association to seek remedies in the conduct of their business.

It requested the Government not to issue temporary permits to the State Road Transport Corporation for more than a week in any non-monopolised routes as it would seriously affect the private operators

The Association urged the removal of the dual checking of vehicles by the police and the RTO as it had resulted in needless harassment. Only police officers should be empowered to check the vehicles.

It also requested the Government to permit increase in the capacity of standing passengers.

FOLLY TO GIVE UP NON-ALIGNMENT

Prime Minister Nehru declared in the LokSabha that India's policy of non-alignment and her inherent strength were the best ways of meeting the Chinese menace.

He said: "When we happen to be on friendly relations with countries which are members of two blocks of nations, apart from China, it would be folly in the extreme to give up this friendship in the hope of getting some more help or protection from one party. That would be practically, apart from any theory, a folly".

Sri Nehru said that while the Government's foreign policy had been appreciated by people in countries belonging to either block, it was only in India that some prople were doubting it. "The doubt is raised because of their timidity and their lack of faith." He declared that he would prefer "to have the morale and spirit and unity of the country to all the arms and aircrafts that others might give".

CHINA MASSES ARMY ACROSS BORDER

ANOTHER ATTACK IMMINENT

There is heavy concentration of Chinese forces along the Sino-Indian border, since the Chinese withdrawal from Indian territory. There has been fresh injection of troops in Tibet.

Whether this concentration of Chinese forces presages for a fresh attack on India is anybody's guess. But Delhi is alert and is making all possible efforts to meet any crisis.

The Chinese have developed road communications to enable the deployment of troops in any sector along the 2,500-mile border within a matter of houres.

Peking's tone has also become more aggressive and violent since the signing of the agreement with Pakistan

GRANTS TO BOGUS MAHILA SAMAJAS

Bangalore, Mar. 21

Industries Minister Mallappa assured in the Assembly that an enquiry would be instituted in to allegations that payment of grants to non-existent bogus mahila samajas in Gowribidanur Taluk had been made.

CHOLERA-INFECTED AREA

Mysore, Mar. 21

As there is likelihood of Cholera spreading at Ugadi Jathra at Mahadeswara Hills, the District Magistrate has declared the whole of Kollegal taluk as cholera-infected-area from Mar. 22 to 27.

NO TAKING CHANCES WITH CHINA

Prime Minister Nehru declared yesterday that after the past betrayals and falsehoods of China, India could never be expected to sit round conference table with that country without first establishing certain basic principles for negotiations.

Addressing a public meeting at Bombay, Sri Nehru said that China had rejected India's offer of arbitration on the Sino-Indian border question as well as the other to refer it to the International Court. It had also refused to accept the Colombo proposals toto.

All these, he said, proved that China had "something in mind" which it wanted to force down on India's throat. "That can never happen".

Rs. 12 LAKH DEFALCATIONS IN P & T.

The loss of public money as a result of defalcation in the Posts and Telegraph Department was Rs. 12 11 lakhs, the highest so far recorded.

The audit report says that as in the past, the employees of the department were responsible for the bulk of these losses (59 per cent).

EDUCATION CESS

Six States—Mysore, Kerala, Punjab, West Bengal Rajasthan and Madhya Pradesh—are examining the Centre's suggestion to levy education cess, stated Deputy Minister Soundaram Ramachandran in the Lok Sabha.

50 Million Kids In Schools

Over 50 million children between the ages of 6 and 14 were in schools, according to the Union Education Ministry's report for 1962-63.

Roughly, 49 million children are in the primary classes.

The increase in enrolement in the first two years of the current Plan over the targets has been more than what the financial allocation actually made could sustain. The shortage of teachers in the primary stage alone is estimated at 80,000.

The Ministry has decided to strengthen multi-purpose schools and meet 50 per cent of the additional expenditure.

In higher education, the University Grants Commission had approved during the year grants amounting to Rs. 20 crores to 32 universities for development programmes during the current plan period.

CENTRAL GRANTS TO STATES

The Public Accounts Committee has asked the Union Government to devise measures by which it could be ensured that the amounts of grants-in-aid sanctioned to States were actually spent for the purpose for which they were given and that they were usefully and economically spent.

Prohibition Target Unlikely

The target of having Prohibition in almost all States by the end of the Third Plan is not likely to materialise.

Home Minister Shastri told the Lok Sabha that "I am doubtful if the target would be reached now".

He said that the Government had prepared a phased programme and the matter was being considered in the Planning Commission who also consulted the Home Ministry.

MORE SUGAR OUTPUT

The Union Ministry of Food and Agriculture is formulating a new policy aimed at providing incentives to cane cultivators as well as mills to increase sugar production to about 33 lakh tons in 1963–64 to meet increasing domestic consumption, enable larger exports and ensure adequate carry-over stocks.

SERVICE CO-OPS.

There has been a marked increase in the formation of service co-operatives in the country. The total number of service co-operatives now is 101,747 as compared to 78 004 last year.

During the current year, over thirty five thousand newly organised service co-operatives started functioning in the country.

Edited, Printed and Published by G.L Swamy at Samachar Press, J.M. Palace, Road, Mysore.

RULERS' CONTRIBUTION

In response to the Home Ministry's appeal eight rulers have surrendered 30,000 Pounds in exchange of their value in rupees.

190 rulers have agreed to give a portion of their privy purse every year to the National Defence Fund. The total comes to Rs. 36 lakhs per year.

15 rulers have bought National Defence Bonds and defence certificates worth Rs. 24 lakhs and the purchase of gold bonds made by seven rulers comes Rs. 2.75 lakhs.

GANJA RACKET

Some big people of the State were involved in ganja smuggling, stated Chief Minister Pandit Binodanand Jha in the Bihar Assembly.

NO GIVING UP NON-ALIGNMENT

Prime Minister Nehru stated yesterday that "If India gives up non-alignment policy, it will amount to a victory for China".

Speaking at Bombay, Sri Nehru said that India must continue to adhere to her policy of non-alignment even in the new conditions created by the Chinese attack on her territory. The Chinese attack on India was a challenge to India's non-alignment policy and the Chinese were determined not to allow India to stick to that policy.

MASTER PLANS FOR KRISHNA, GODAVARI BASINS

The Government of India has decided to take immediate steps to prepare comprehensive MasterPlans for the entire Krishna-Godavari basins. For this they have accepted the Gulhati Commission's recomendation for the setting up of a Central authority like a river board.

The Government has stated that the Ministry of Law had expressed the view that 1951 agreement on the Krishna-Godavari waters was "legally wholly ineffective and unforcible". The Government has suggested that a comprehensive river flow data should be collected over a number of years and analysed continuously. It has also suggested investigations to prepare a project report on the supplies that could be diverted from the Godavari into the Krishna basin.

The Centre has given the green signal for the execution of the Malaprabha and the Upper Krishna stage I projects for Mysore.

As regards Andhra, the Shrisailam project has been given clearance on a modified basis. Nagarjuna Sagar stage II could be cleared only after investigations on the diversion of the Godavari supplies are over.

Mysore has been allotted 600 TMC ft. water although it had demanded 1,200 TMC ft. Andhra gets 800 TMC feet.

STAY ORDER ON FOOTBALL TOURNEY

Mysore, Mar. 25

Sri Siddappa, First Munsiff, Mysore, on Friday, issued an interim stay order prohibiting Sri B. Srinivasaiyengar, Secretary Mysore District Committee of the State Football Association from conducting or continuing the Achutha Rao Cup League Tournament A Division, pending disposal of the suit filed by Sri L. Chikkarangappa, Secretary of the Mohan Bhagans Football Club, Mysore.

The petitioner had stated that his football club was not included in the said tournament which commenced here on Mar. 17, which was against the rules and conventions

A Farmers' Paradise

The Krishna-Godavari basins extend over an area larger than France. With about 221,000 square miles, they constitute more than one-sixth of the entire area of India.

According to the Gulhati Commission, the total population of the two basins is about 60 million, 80 per cent being in rural areas.

The vastly-spread river basins comprise 72 per cent the area of Maharashtra, 60 per cent of Mysore, 43 per cent of Andhra, 15 per cent of Madhya Pradesh and 11 per cent of Orissa.

The major crops grown in the two basins, in desending order of the acreage covered, area: jowar (23 million), paddy (9 million), cotton) (7 million), groundnut (6 million), bajra (5 million), wheat (3 million) and sugarcane and perennials (1 million).

Under irrigated conditions, paddy is the principal crop (6 million acres). The total installed capacity of hydro-electric generating plants in the two basins, is 500 m w. and that of thermal 100,000 k w.

Ending Lure For Gold

Union Finance Minister Morarji Desai has expressed his determination to pursue his gold policy to logical conclusions even if it meant ruination of his political carrer.

He declared that the action now taken was not the final one but would be supported by further actions to bring sanity in the economic field and shatter the symbol of social distinction.

Sri Desai said that the introduction of 14-carat gold ornaments was just "like breaking the fall" and "I would like to see that people do not go in for gold ornaments at all".

PERSONNEL FOR DEFENCE SERVICE

The forthcoming by-elections, the problem of finding adequate technical personnel for defence jobs and the progress of civil defence schemes were among the subjects discussed at an informal conference between Chief Ministers and the Union Home Minister, Mr. Lal Bahadur Shastri, yesterday at Delhi.

The Home Minister told the Chief Ministers that the defence needs in engineers, doctors, nurses and motor drivers still remained unfulfilled.

The response from the people had not been very encouraging and every effort should be made to find necessary personnel to meet defence requirement.

It was suggested that States might provide some incentives to their employees to opt for defence service. Some States had offered to give additional seniority to those who joined the army and this could be followed by other States.

RS. 118-LAKH CIVIC BUDGET

ENHANCEMENT OF TAXES PROPOSED

TO MEET ENORMOUS EXPENDITURE

Mysore, Mar. 27

Sri T. J. Ramakrishna, Municipal Commissioner in presenting the budget estimates for 1963-64 to the Municipal Council on Monday, stated that the expenditure had been growing abnormally year after year without a corresponding increase in the receipts.

He said that against a normal income of Rs. 46 lakhs, the expenditure was expected to be Rs. 56 lakhs.

The Commissioner said that the Council had several major schemes from loans like underground drainage (Rs. 6.07 lakhs), out fall works (Rs 3 lakhs), slum clearance (Rs. 1 68 lakhs) and in addition outstanding loans to be repaid. It involved a sum of Rs. 7,59,180 per annum and the arrears of water supply maintenance charges amount to Rs. 16 lakhs, which had to be paid in annual instalments of Rs. 4 lakhs.

The only way left to secure funds to meet the enormous expenditure was by tapping new sources of income.

ENHANCEMENT OF TAXES

He suggested enhancement of taxes for nine itemes which would bring an additional income of Rs. 9,21,650.

They are: Building tax from 5 to 6 p.c and annual letting to be calculated for 12 instead of 10 months; water tax from 3 to 8 per cent; lighting tax from 1½ to 2 per cent; reducing free allowance of water supply from 4000 to 3000 gallons; special sanitary cess from 2 to 3 per cent and general sanitary cess from ½ to 1½ per cent.

With regard to water supply, the Commissioner said that the Government of India had sanctioned Rs. 30 lakhs for putting up floculators and filter beds at K.R. Sagar for supply of complete fitler water to the city and the work would be started during the year.

BUDGET ESTIMATES

The receipts is estimated to be Rs. 1,13,69,197 including an opening balance of Rs. 4,98,807.

The expenditure will be Rs. 1,18,25,560.

Among the receipts are: municipal rates and taxes Rs 31,36,490; Special Acts 5,65,643; Municipal properties and powers 8,00,800; grants and contributions 6,70,880, miscellanoous 41,380 and public debt 56,55,200.

Following are the items proposed under expenditure:

General administration Rs. 5,19,590; public safety 1,52,250; public works 71,05,380; public instruction 18,000; grants-in-aid 5,000; miscellaneous 2,86,540 and public debt 13,65,750.

Additional receipts expected are: octroi Rs. 80,000; enhancement under Mohtarfa tax 2,54,950; octroi storage fees 29,000; special sanitary cess 25,000; water supply 42,000; general 30,000 and markets 50,000.

SOCIAL EDUCATION

Mysore, Mar. 27

The Standing Committee on Social Education of the Central Advisory Board of Education which held its third meeting here on Monday considered the question of vesting the responsibility for social education on any one department of the Government. The Committee felt that it should be left to the Education Ministry both at the Centre and the States. The Committee also discussed whether research should become an important part of the social education programme. It examined the problems to be taken up for research and suggested a number of subjects including the study of further educational needs of the various sections of the people, the different methods for promoting social education for vocational and occupational groups and use and training of school teachers for social education.

The Committee discussed the role of voluntary agencies in social education and felt that wherever suitable organisations existed they should be encouraged to develop independently and also to take up research projects.

Govt. Grant For Improvement Works

Mysore, Mar. 29

A special meeting of the City MunicipalCouncil was held here this morning, Sri B.G. Das, Vice-President, in the chair.

The Council considered the Government order sanctioning a grant of Rs. 48,000 for improvement works like formation of roads, construction of drains and providing modern sanitary conveniences, subject to the condition that the Municipality should agree to contribute an equal amount.

The meeting unanimously agreed to contribute its share

Earlier, Sri Kutinho suggested that a survey should be conducted regarding the placing of dustbins at places where there was no public objection. He also wanted that modern type of urinals should be constructed with proper supervision instead of the present old types.

Sri Srikanta Sharma pleaded for a Master Plan so that they might get such grants from the State and the Centre.

The Vice-President said that such a Master Plan was under preparation.

KEEPING WAGE-PRICE RATIO

NANDA'S PROMISE

Sri Nanda, Union Minister for Labour told the Lok Sabha that the real earnings of workers had improved in the last five or six years though the cost of living too had gone up.

The level of wages had risen especially in industries where rates had been lagging behind and said that there was still room for improvement

Sri Nanda said that wage costs were still not a burdensome element in the cost structures of industry. There had been a consistent decline in the ratio of wages and salaries to the total cost of production.

He said that in dealing with the question of wages one had to see how far the increase would go in raising the purchasing capacity.

In this connection, he said the Labour Ministry had made a beginning with a scheme of starting co-operative stores in establishments having 300 or more workers.

Sri Nanda said the Government had decided on moving towards abolition of contract labour sysetm.

WAGE BOARDS

Union Labour Minister Nanda stated in the Lok Sabha yesterday that Government had found that wage boards were a very good device for settling disputes compared to results obtained through other methods like tribunals and adjudication, which led to discontent on either side and made the process of implementation difficult.

He said the working journalists would soon have a second wage board.

MOSQUITO NUISANCE IN CITY

CITY FATHERS' COMPLAINT

Mysore, April 1

The failure to check the abnormal mosquito menace in the city was voiced by City Fathers at the monthly meeting of the Municipal Council on Saturday.

Sri Vedantha Hemmige asked what had happened to the promise made to prepare a plan to wage war against the mosquitoes. He said the menace was so great that many residents were spending sleepless nights.

Sri H. Kempe Gowda urged the Health Department to mobilise all the municipal gangmen numbering about 600 to launch systematically the "kill the mosquito" campaign.

Sri K. Anantha Ramiah pleaded for making available the ointment that used to be supplied to armymen during World War II to drive away mosquitoes.

Many members complained that the street lights in many localities were very dim and many lights were missing.

OPEN MANHOLES

Messrs. M.N. Thimmiah, Srikanta Sharma, Vedantha Hemmige and others complained about the open manholes in the city and said that many animals had lost their lives in the open death pits. They said that in darkness it was a sure death even to pedestrians.

The Health Officer informed the Council that he had been in correspondence with the Madras Corporation, about the special designs of manhole lids which did not induce the unscrpous to carry them away.

More Rail Lines For Mysore

C M.'s PLEA

Bangalore, April 1

Chief Minister Nijalingappa yesterday declared open the Rs 49-lakh marshal yard at Bayyappanahalli.

Union Deputy Railway Minister Ramaswamy who presided said that a Rs. 117-lakh programme of expanding the yard facilities and providing a new loco-shed at Yeshwantapur and transhipment shed at Bayyappanahalli had been included in the work programme for 1963-64.

Sri Nijalingappa strongly voiced the grievance of the people and the Government that the State had been completely neglected for the past 15 years in railway development. He urged that ores mined in the State should be exported through the ports on the West Coast in the State and new railway lines laid.

HOLIDAY

Samachar Office will remain closed tomorrow on account of Sri Ramanavami. Hence there will be no paper dated 2-4-63.

Mangalore-Hassan Railway

WORK STARTS IN JUNE

Union Deputy Railway Minister Ramaswamy stated at Bangalore that the work on Hassan-Mangalore railway line would start immediately after June, when the final location survey was completed.

He said that the cost of the line, which was estimated at Rs. 10.6 crores, would now shoot up to Rs. 18.31 crores because the cost of materials had gone up.

The Deputy Minister disclosed that the substructure of the line would be in broad guage. But he appealed to the people to realise the practical difficulties in converting the entire line into broad guage. The entire system served by the line would be in meter-guage and if this line alone was laid in broad guage, it would create a serious bottleneck.

Sri Ramaswamy said it would not be possible for converting the Bangalore-Guntakal line into broad guage now. However, he held out the assurance that diesel locos would be introduced on this line to handle the increasing traffic.

Raise Octroi Ceiling

CIVIC BODY'S PLEA TO GOVT.

Mysore, April 1

The City Municipal Council on Saturday requested the State Government to provide for raising the existing ceiling limits of octroi taxation in Mysore Municipal Bill coming before the Legislature in the first week of this month.

Sri T. J. Ramakrishna, Municipal Commissioner said that the Municipality was levying on almost all the 60 octroiable goods the maximum provided in the Act. But an enhancement in the levy had become imperative to meet the growing civic demands.

Messrs. Srikanta Sharma, Vedantha Hemmige and B.A. Belliappa opposed the move.

TRACKING DOWN UNDECLARED GOLD

Sri G. B. Kotak, Chairman of the Gold Control Board stated at Madras that the Government was taking all measures to track down undeclared gold that had gone underground.

He said approximately 28,000 kilograms of gold worth Rs. 14 crores at the international price had been declared by dealers so far.

Sri Kotak stated that about five lakhs goldsmiths were affected by the order and every State was taking steps to rehabilitate the jobless.

He said that "there is no restriction on making minor repairs to existing ornaments of 22-carat purity, but there is objection to remaking of ornaments of 22-carat purity even from existing ornaments".

The Gold Control Board Chief had discussions with Mysore Chief Minister Nijalingappa yesterday.

STRENGTHEN THE ARMY

NATION IN DANGER

WARNS PRESIDENT

President Radhakrishnan has called for a determined effort to over come the "crisis of complacency" in the face of mounting danger on the north border where a vile and vicious enemy was poised for fresh attack.

Speaking at Madras, the President said it was the need of the hour now to build up our armed might. "For a country of our size and population, the forces we have, connot be counted as adequate".

The President said the border war was not our making Even now India was ready and willing to resolve the differences in a peaceful way, including resort to World Court arbitration.

Dr. Radhakrishnan said: "It does not matter to which party we belong to which political denominations we put on ourselves. Democracy means not that the individual exists for the State but that the State exists for the individual. Necessary provisions will have to be made by the State to enable the indivisual rise to his fullest stature.

"Democratic freedom, industrial growth, equitable distribution of wealth, and the building of our armed strength--these are issues on which there cannot be any differences of opinion".

SSLC Exam. Cancelled

FRESH ONE IN A MONTH

Bangalore, April 3

The Government of Mysore has cancelled the SSLC examinations under the new scheme including those held so far, following the leakage of question papers. Fresh examinations will be held in a month's time.

Announcing this decision in the Assembly, Chief Minister Nijalingappa said that the Government was in touch with the Mysore and Karnatak Universities to put off the date of admissions.

He regretted the inconveniences caused to the students but could not be helped. The Chief Minister said that the Government was holding an enquiry into the leakage of question papers and those responsible would be severely dealt with. He held out an assurance that every step would be taken to safeguard the sanctity of examinations in future.

Over 55,000 students from all over theState have been affected by the cancellation of the examination.

The police have detained a person for interrogation in connection with the leakage of question papers.

Killer Shoots Couple&Himself

30–year–old Puthukaran, hailing from Kerala shot dead a recently married couple in the latter's home in the Bombay suburb of Vile Parle on Monday and then killed himself with the same revolver.

The couple were K.A. Abraham and his wife Achamma.

The alleged infatuation for Achamma is believed to have been the cause of the triple tragedy.

It is stated that Puthakaran had made an earlier unsuccesful attempt to kill the woman, on the eve of her marriage in Bombay.

It is further learnt that the families of Achamma and Puthakaran were no strangers to each other in their home-town, Ernakulam. He apparently hoped that some day he would be joined with her in wedlock. Later, when Achamma's marriage with Abrham was settled, he had been terribly disappointed and started thinking of "dyiog with her".

The marriage took place in last June and the couple were inErnakulam recently and returned to Bombay only last week.

It is stated that the accused was madly in love with Achamma. But the love remained unreciprocated.

INDIA COULD MEET CHINA MENACE

Mr. Walter Rostow, Chairman of the United States Department Policy Planning Council, during his four-day stay in Delhi had talks with Prime Minister Nehru and other Ministers on Sino–Indian conflict, Indo-Pakistan relations and American economic and military assistance to India.

Before leaving for Karachi yesterday, Mr. Rostow stated that India, with her friends, would be able to deal with the menace of Communist Chinese hostility against democratic India which threatened to weaken the whole sub-continent.

He said: "We talked about all the three great fronts on which Indian energy is engaged, like struggle against poverty, struggle against threat of Communist China and the suruggle to overcome difficulties in the relations with Pakistan where all of us would like to see tension lessen and converted into assets for the whole subcontinent".

Rural Works Projects

FOR USING IDLE MANPOWER

The Planning Commission has drawn up a programme of 450 projects to husband idle manpower for development in the countryside.

The programme for 1963-64, to be implemented by States, would provide employment for 2.5 million people in rural areas by the end of the Third Plan period.

Sri Shriman Narayan, member of the Planning Commission said that the States had been asked to promote labour co-operatives and eliminate contractors.

He said that the Government had recognised that these projects should be of a productive nature leading to the creation of community assets.

Sri Narayan said that to enable the States to select more blocks for the rural works projects during the remaining three years of the Third Plan, the Commission had asked them to go ahead with the necessary surveys of underdeveloped areas and prepare new projects for the coming year. A NPC special officer was visiting States to give necessary assistance.

CONDUCT CODE FOR MINISTERS

The Congress Working Committee yesterday considered the question of prescribing a code for Ministers collecting funds and decided to take it up at its next meeting as the question required a serious consideration.

PROHIBITORY ORDER: RED LEADER'S CRITICISM

Mysore, April 6

Sri A. K. Gopalan, Communist MP who was here on Wednesday referring to the prohibitory order stated that "it is a well planned programme arranged by the police with the blessings of the Government to prevent agitation for the release of Communist detenues as well as the agitation for withdrawal of heavy taxation. This shows how week Sri Nijalingappa's Government is and how strongly they are isolated from the people".

In a statement issued, he said: "This is the way in which democracy is functioning in some parts of the State. This is no credit to the ruling party as well as the other opposition parties who day in day out proclaim from house tops that they are defenders of democracy and they want to preserve and strengthen it and that the Communists are against it I leave it to the public to decide and judge this issue".

ARMS AID TO INDIA

Mr. Robert McNamara, U.S. Defence Secretary will discuss military aid to India during his visit next week to London and Paris with the Governments of U.K. and France.

Congress Calls For National Alertness

The Congress Working Committee yesterday asked the Nation to be prepared "to make all sacrifices and to face all difficulties in meeting the situation" created by the Chinese aggression.

In a resolution it declared that "the struggle will have to continue, however long and hard it might be".

It said: "While continuing to declare their peaceful professions to settle the border disputes amicably, the Chinese Government have not only virtually rejected the reasonable proposals unanimously put forward by the Colombo Conference, but they have also started massing troops on the entire border. It is clear that they do not desire a peaceful and reasonable settlement of the dispute but want to dictate their own terms".

Politics Impeding Plan

SAYS NANDA

Union Planning Minister Nanda told the All-India Congress Committee yesterday that the present division among Congressmen, even at the ministerial level, had subordinated administration to politics and urged the necessity of unity among Congressmen to implement planned targets.

The AICC had a free and frank discussion on measures to increase agricultural and industrial production in the country.

Prime Minister Nehru said a comparative study of food production in various States should be made to find out the reasons for the shortfall in some States.

A conflicting approach was evident in the speeches of Food Minister Patil and Planning Minister Nanda.

Sri Patil said planning should be farmer-oriented instead of consumer-oriented while Deputy Food Minister Singh thought failure in agriculture was the failure of the planning.

Sri Nanda said he did not want to contradict many things his colleague had said, but it was obvious from his speech that "everybody else is responsible for agriculture except the agriculture Minister."

INDIA'S MASSIVE DEFENCE PLAN

FIVE MOUNTAIN DIVISIONS: ARMY TO BE DOUBLED

Defence Minister Chavan announced in the Lok Sabha about the Government's decision to double the strength of the Indian Army and to expand and modernise the air force in the coming few years.

He said the short-term objectives of defence planning, also aimed at strengthening the base of defence production, for which new six ordnance factories were being set up, and the expansion of ancillary facilities like communications and transport.

The House voted the defence budget totalling Rs. 826 54 crores.

Sri Chavan also informed that by the end of this year, five mountain divisions would have been raised.

He said that the forthcoming visit of Minister Krishnamachari to the United States was connected with the modernisation and expansion of Air Force and procurement of equipment for the new ordnance factories. A chain of airfields was also being constructed in various places.

To the plea from members for fuller information on defence matters, Sri Chavan promised to be "as open-minded as possible".

He said the new experience of the armed forces in the NEFA campaign "has something to teach us" and efforts were being made to effect improvements.

Expressing his faith in the ability of the country to overcome difficulties and to preserve its independence, the Defence Minister said if the present efforts to build up defence were continued, "the time will come when any potential aggressor will think not once but twice, ten times before having aggressive intentions a g a i n s t India".

Guilty Will Be Punished

PROBE INTO SHARAVATHY PROJET: C.M.

Bangalore, April 12

Chief Minister Nijalingappa yesterday turned down in the Assembly any judicial enquiry but assured that he would examine the working of the Rs. 80-crore Sharavathi Project and punish the guilty persons.

He said that guilty persons, whoever they were, should be punished and that innocent ones should be exonerated from baseless allegations.

Sri Mukkannappa wanted an impartial enquiry as people felt some Ministers and influential persons were involved in the allegations concerning the working of the project.

GOLD SMUGGLING

TWO JAILED FOR ONE YEAR

IN STATE HOME FOR WOMEN MURDER CASE

Mysore, April 12

Sri S. A. Peeran, District and Sessions Judge, Mysore, yesterday sentenced Yesodhamma, Assistant Matron of the local State Home for Women and S. Siddiah, cycle orderly, to one year's rigorous imprisonment each on a charge of causing the death of Malini, an inmate of the home by gaging her mouth, by rash and neligent act.

The Judge dropped the proceedings against Smt. Kaveri, former Superintendent of the Home, holding that the trial was vitiated in view of the non-obtainment of sanction of the Government to prosecute her.

The two other accused, A. J. Begum, cook and Sannappa, peon, employees of the home were acquitted.

The prosecution alleged that the behaviour of the deceased was intolerable given to abusing and quarrelling with other inmates of the home. When the Superintendent tried to advise her, the deceased spat and kicked her and continued to shout. The Superintendent was alleged to have advised Yesbodamma and Siddiah to gag her which resulted in her death of November 1, 1962.

The Judge, in the course of his judgment held that he was satisfied that this gaging had brought the death but Public Prosecutor rightly contended that this act even though does not amount to an offence under Section 302 (murder) would amount to a rash and negligent act. "I have come to the conclusion that gaging does not usully bring about death, but if the act is a rash and negligent one as sought to be made by the Public Prosecutor, it is likely to bring about death. The direction of the Superintendent, even if it had been carried out in a liberal manner, could not have browght about the death, had A-2 and A-3 exercised due care".

Holding that the trial of the former Superintendent was vitiated, the Judge said that the acts were while acting or purporting to act in discharge of her official duties and as such sanction under Section 197 Cr. P.C. was mandatory and hence she was discharged.

Sri Lakshme Gowda, Public Prosecutor conducted the prosecution while Sri T. Thimme Gowda appeared for A-1 to A-3, Sri A.S. Srikantiah for A-4 and Sri M.B. Viswanath for A-5.

Imbibe Rama's Life

C M. TELLS YOUTHS

Mysore, April 12

Hanuman and Sugriva, the great epic figures, were Kannadigas and they helped Sri Ramachandra in establishing Dharma, stated Chief Minister Nijalingappa here on Tuesday.

Speaking at a function at Sri Rama Mandira in Srirampet, the Chief Minister asked the youths to imbibe the same sense of dedication and sincerity as Lord Ramachandra in destroying evil and establishment of the rule of Dharma.

Just as Rama went out with the powerful bow in his hand to fight the aggressive Ravana, the youths should take guns in hand to save the freedom of the country from the Chinese aggression.

His Holiness the Swamiji of Kudli Mutt unveiled the portrait of the Governor, Sri Jayachamaraja Wadiyar.

NO STRINGS FOR US AID

The United States Envoy, Prof. Galbraith stated yesterday that the policy of his Government in helping India on her present conflict with China was based only on one fact-to help a close friend who was facing danger.

Asked whether India-Pakistan relations would have any impact on American aid to India, the Envoy said that it was the established policy of his country not to impose any condition for aid to India, be it economic or military. "As such the solution of the Indo-Pakistani problem could never be imposed as a pre-condition to help a friendly country", he added.

GOLD ORDER CHALLENGED

The Bombay High Court has admitted a writ petition filed by two jewellers challenging the validity of the Gold Control Rules.

The rules, the petitioners conceded, put severe restrictions on the purchase, sale, use, and possession of gold and business in gold.

KEROSENE TO COST LESS

SMALL EARNERS EXEMPT FROM DEPOSIT SCHEME

Rs. 16-CRORE TAX RELIEF

Union Finance Minister Morarji Desai yesterday announced in the Lok Sabha tax concessions amounting to Rs. 16 crores.

He reduced the duty both on inferior and superior kerosene, the concessions amounting to Rs. 11 crores.

As a result of the reduction in the excise duty on kerosene, a bottle of inferior kerosene will cost 4 nP less from today and a bottle of superior kerosene 2 nP less.

He also indicated concessions on super-profits tax, amounting to Rs. 5 crores.

The Finance Minister also announced some small concessions in regard to compulsory deposit scheme.

While he declined to make any changes in the deposit scheme insofar as it related to people who are subject to income tax, he exempted all those whose land revenue liability was less than Rs. 5 per annum from the scheme.

The persons liable to taxes on professions would be totally exemped from the scheme.

In the case of salaried classes, where the income was Rs. 1,500 or more, but below the income tax level, no person would be covered by the compulsory deposit scheme, if he is already saving 11 per cent or more of his income, by way of contributions to the provident fund, life insurance and other schemes.

In regard to super tax, Sri Desai said that he proposed to allow as a deduction from profits chargeable to super profits tax a sum equal to 10 p.c. of the total income before payment of any tax.

This was to ensure that the corporate sector was not deprieved of resources necessary for new development as well as for meeting committed obligations, such as debt repayments.

BHUTTO'S WARNING TO WEST

Pakistan's Foreign Minister Bhutto yesterday told the West that further arms assistance to India should be conditional, on a settlement of the Kashmir dispute.

Otherwise, he warned them, that Pakistan would be driven to a point of taking a crucial decision with far-reaching consequences to the West's network of regional military alliances.

RECOVERY OF REVENUE ARREARS

Bangalore, April 17

The Government of Mysore proposed to adopt stricter measures to recover arrears of revenue and expedite the work in connection with survey and resettlement of land revenue, in its bid to find money to finance the big irrigation projects like Upper Krishna and Malaprabha.

Other measures contemplated by the Government to agument the resources include asking for advance contributions from beneficiries of irrigation projects and the levy of water rates.

B'lore Express Mishap

ACTION AGAINST STAFF

Union Deputy Railway Minister Ramaswamy told the Lok Sabha yesterday that disciplinary action against the staff held responsible for the accident to the Bangalore–Madras express that occurred on April 3, had been initiated.

49 persons were injured when the engine of the Express bumped into the train while being coupled at the Bangalore City Railway Station.

HIMALAYAN HERBS

The Lok Sabha was told by Minister Ram Subhag Singh that some herbs in the Himalayan regins had nutritive value and even had potential value as non-cereal food.

The Forest Research Institute had carried out investigations on a laboratory scale. But no attempt had been made to popularise these species as food or fodder.

NEW-LOOK COACHES

The Lok Sabha was told by Deputy Railway Minister Ramaswamy that some improvements were proposed to be tried in a few new corridor-type first class coaches, as an experiment.

Among them were provision of bathrooms separate from lavatories, a separate luggage booth in the coach and increased luggage space in the compartment.

9 LAKH TON RICE

Union Deputy Food Minister Thomas informed the Lok Sabha that 9,30,000 tons of rice were expected to be procured during the current year.

TOP HEAVY ADMN. PREFERRED

Union Minister Krishnamachari stated in the Lok Sabha that he was for top heavy administration at the Centre.

He said: "The Centre must have officers who will be able to take decisions and not function through clerks, assistants and Under–Secretaries. Not much work can be done by the Government functioning as a small tehsil office. It should function in a way in which each person will take responsibility and decisions. I would prefer to be top heavy to having middle-spread".

MODERN LANGUAGE IN HINDI STATES

In Hindi-speaking States, the three-languages formula should be so implemented that teaching of one of the modern Indian languages becomes compulsory in the school curricula. This is the recommendation made by the Committee of five State Education Ministers meeting yesterday at Delhi.

NO FORCING OF HINDI

Prime Minister Nehru stated yesterday that while every encouragement had to be given to Hindi to become the official language of the Union, it should not be done at the cost of national unity which was more vital.

He strongly defended the Bill now before Parliament for continuing English for official use beyond 1965 and said the Government was committed to this and was bound to honour it.

Emphasising the importance of unity over language, Sri Nehru called upon his partymen to keep this aspect in view while considering the Bill.

SUGAR CONTROL ORDER

EX-FACTORY PRICE FIXED

The Central Government yesterday promulgated the Sugar Control Order to prescribe sugar quotas for the States and to secure that the quotas were released by the factories at factory prices.

The State Governments have been empowered to prescribe the margins of wholesale trade and arrange for equitable distribution at reasonable prices.

Under the order, no producer shall sell sugar without the permission of the Central Government or the Chief Director appointed for this purpose. They have also been empowered to allot quotas and regulate movement.

This order has been issued under Defence of India Rules and comes into effect atonce all over the country.

The ex-factory prices fixed varies from State to State from Rs. 108.50 to Rs. 113.85 per quintal. The price fixed for Mysore State is Rs. 111.20 per quintal.

Prasad Ashes Immersed In Cauvery

Mysore, April 18

The ashes of the former President, Dr. Rajendra Prasad were received at a solemn ceremony at the City Railway Station last night by Sri Srinivasan, Divisional Commissioner, for immersion in the Cauvery.

The ashes were brought by an Under-Secretary of the Bihar Government, Sri S.C. Chowdhary.

Immediately after the urn containing ashes was brought out from the compartment of the Chamundi Express, flowers were offered by the Divisional Commissioner, Municipal President Siddiah, Deputy Commissioner Channaraj Urs, City Congress Committee and the representative from Sri Parakalaswami Mutt.

The urn was then carried in an open jeep to the Government House.

This morning at 8, it was taken out in a procession with full military honours through some important roads to Paschimavahini.

At 10-15 a.m. ashes were immersed in the holy Cauvery by Sri Channaraj Urs, Deputy Commissioner, preceded with usual religious ceremony.

A large number of persons including Sri S. Channiah, MLC, Civic Chief Siddiah, Mandya Deputy Commissioner Lakshmana Rao, and DIG Quadir Ali were present.

ECONOMIC BASIS FOR BACKWARDNESS

Mysore, Maharashtra and Gujarat States have agreed to apply economic criteria rather than caste distinctions for determining backwardness.

This was disclosed by Union Deputy Home Minister Smt. Chandrasekhran in Lok Sabha.

Home Minister Lal Bahadur Shastri said that the economic criteria alone applied for determining scholarships, which the Government wanted to keep above caste distinction.

FARM SERVICE CADRE

Planning Commission's member Sriman Narayan has suggested the institution of an all–India agriculture service.

INDIAN ARMED FORCES NEGLECTED

India's armed forces "have been neglected for years. It is going to take considerable time and money if they are really going to modernise the forces they have", stated Gen. Maxwell Taylor, Chairman of the United States Joint Chiefs of Staff before the U.S. House of Representatives Appropriations Sub-Committee.

NATIONAL LABORATORIES

Prime Minister Nehru, who is also the President of the Council of Scientific and Industrial Research has appointed a reviewing committee to appraise the research work conducted in the national laboratories and suggest lines for future development.

The committee will be headed by Dr. A Ramaswamy Mudaliar, a member of the Governing Body of the CSIR. Four distinguished scientists in the USSR, the USA and the UK have been approached to become members of the committee.

SUGAR THROUGH CARD SYSTEM

STATES TO FIX PRICE OF SUGAR

Under the Sugar Control Order, the State Governments are authorised to regulate the retail trade. They can introduce licensing for the retail trade or sell sugar at fair price shops, if necessary by introducing a card system to the consumers

The Government of India has allowed discretion to the State Governments to fix the wholesale and retail prices of sugar, subject to the stipulation that the margin of the wholesaler shall not exceed Rs. 2.68 per quintal or Rs. one a maund. The wholesalers will be required to sell sugar to the retailers at a price made up of the ex-factory price fixed by the Centre, plus transport cost, plus the margin of profit.

The overall sugar position in the country is satisfactory, in spite of some shortfall in this year's production. It is felt that with the carry-over of 10 lakh tons from last year, it will be possible to meet domestic consumption and also provide for an export of about five lakh tons.

SURCHARGE ON INCOME-TAX JUSTIFIED

Union Finance Minister Morarji Desai yesterday justified the additional surcharge on income-tax for the purpose of the Union on personal incomes levied in his Budget.

Moving the Finance Bill in the Lok Sabha, he referred to the criticism that the additional surcharge placed a heavy burden on the lower income groups and said that the levy had to be considered in the context of the stupendous effort which the country had been called to make at this juncture for strengthening its defence. The additional financial resources needed for this task were of such magnitude that th y could not be raised from a few sections of the people and the burden of sacrifice had to be spread equitably on all sections of the people.

New Planet Found

Dr. Peter Vande Kamp, American astronomy professor has reported the discovery of a planet orbiting Barnard's Star, second nearest to that earth.

He said that the new planet was cold and lifeless and weighed one and a half times as much as the Jupiter. It was 36 million miles from earth and had a surface temperature more than 300 degrees below zero.

LINK NCC WITH MILITARY TRAINING

Bangalore, April 20

Chief Minister Nijalingappa suggested here yesterday that the NCC programme should become an integral part of the expansion of military training.

Inaugurating NCC Unit Commanders' conference, he said the patriotic fervour among the students should be channalised through the NCC.

He said there was need to make the NCC scheme more effective since the country had accepted introduction of compulsory military training in colleges.

The conference discussed the requirements of the expansion programme which envisages raising the strength of the senior division from 35,000 to 50,000 and junior division from 6,000 to 15,000 in the State during 1963-64. The extra cost of raising new units is estimated at Rs. 11 Lakhs and Rs. 8 lakhs respectively.

MAJOR IRRIGATION PROJECTS

Bangalore, April 20

Chief Minister Nijalingappa stated yesterday that the State Government would approach the Centre for financial assistance for the four major irrigation projects of Upper Krishna Malaprabha, Harangi and Hemavathi in order to increase the food production.

He said the percentage of acreage under irrigation in Mysore was very low compared to her neighbouring States. The new projects were to serve the chronic drought-affected areas. "We want to press the Government of India about the urgency of taking up these projects and completing them".

The major irrigation projects control board which met under the chairmanship of the Chief Minister decided to take the preliminary work such as construction of roads and buildings.

RESTRAINT ORDER STAYED

Bangalore, April 20

Purchase Price For Rice-Wheat

Planning Commission's member Sriman Narayan said at Hyderabad yesterday that the Union Government would revise the minimum purchase prices of rice and wheat upward and an announcement would be made shortly.

The Planning Commission has also recommended that these minimum prices for major cereal crops should be maintained at that level during the remaining three years of the Third Plan instead of announcing them every year.

He said the State Governments would set up a special agricultural production committee at the Cabinet level presided over by the Chief Minister.

He also disclosed that a central crop insurance legislation for the main agricultural crops on an all-India basis was under consideration.

CO-EDUCATION

The Hansa Mehta Committee appointed by the National Council for Women's Education has suggested co-education at all stages of education, which, in its view, was the best way of ensuring equality of opportunity for girls.

HINDI BY CONSENT ONLY

NEHRU ALLAYS SOUTH's FEARS

Prime Minister Nehru declared yesterday that Hindi was the only language that could take the place of English, but the change-over could take place only by consent and not by compulsion.

He told the Congress Parliamentary Party that the Government was committed to the continuance of English for official purposes beyond 1965 and any Government worth its name will have to honour its commitments.

Sri Nehru said there was no question of majority or minority in the matter. Hindi could be brought in only through the willing consent and willing acceptance of the people. He felt that Hindi was progressing in the South. The moment any compulsion was brought in, it would not only reverse this progress but lead to conflicts.

The Prime Minister pleaded for greater tolerance among various linguistic groups and said it was not a question of Hindi versus non-Hindi. Instrusion of one language into another only led to suppression of the other, leading to the danger of a stilted language developing.

English was necessary as it gave 'modernity' to the Indian languages and helped them absorb new ideas through their association with it. For the good of Hindi and for the good of other languages, connections with a foreign language should continue so that both could grow with vigour. Growth of languages was possible only through natural processes and not through legislation, Sri Nehru added.

PROTEST AGAINST TAX POLICY

The All-India Trade Union Congress has asked the working people to carry on a sustained protest campaign against the Government's unjust tax policy and compel it to withdraw the compulsory savings scheme and adopt radical, democratic measures for defence and development.

It also called upon its units to observe May 27 as "All-India Day for nationalisation and against tax burden on the poor".

Mysore, April 22

Two labourers, Sukanna (42) and Ramanna (35) were buried alive and four others injured when there was a land-slide at the dam site of Kabini Project at Beechanahalli in H.D. Kote taluk on Thursday.

It is stated that when labourers were engaged in earth excavation work, there was a sudden land-slide with the result workers were pinned down. When the rescue party cleared the debris, they found two dead bodies.

The injured were removed to H.D. Kote hospital for treatment.

INDO-PAK TALKS ON KASHMIR

The fifth round of Indo Pakistan talks on Kashmir and other related matters opened today at Karachi.

Sardar Swaran Singh, leader of Indian delegation stated yesterday at Karachi that there was no question of India offering any "fresh proposals" for a solution of the Kashmir dispute.

POST OFFICE SIGN BOARDS

The Government of India has decided that sign boards and notice boards at post offices, telegraph offices etc, should be in the regional language along with Hindi and English.

US LOANS FOR DIESEL LOCO PLANT

The United States Envoy, Prof. Gzlbraith yesterday announced two American loans, totalling Rs. 16.6 crores, to help finance the construction of the diesel locomotive factory at Manduadh, near Varanasi and for the immediate purchase of 54 locomotives from the United States.

U. S. AID NOT TIED WITH KASHMIR ISSUE

The U. S. Ambassador, Prof. Galbraith stated yesterday that American aid to India was not dependent on a Kashmir settlement. "However, we are naturally very anxious to get all of these problems settled as soon as possible", he added.

CO-OP. FARMING

The conference of all-India State level officers in-charge of co-operative farming has stressed the need to achieve the target of 1,000 co-operative farming societies by the end of the current financial year and 2,000 by the end of the next year.

Stressing the need for accelerating the training programme of farmers, the conference suggested that a large number of camps be held in the pilot and non-pilot areas.

Mysore, April 22

The SSLC examinations will be held from May 6 to 17.

The examinations were cancelled due to the leakage of question papers.

RAILWAYMEN's CONFERENCE

Mysore, April. 22

Sri P.S. Subramanyan, Joint General Secretary of the Dakshin Railway Employees Union, yesterday told pressmen that the first conference of the Union will be held in Mysore on May 12 and 13.

He said that the conference was meeting at a crucial hour during the national emergency and as such assumed historial importance since it had to grapple with the problems of efficient railmen's support.

The Union Secretary said that the conference would also discuss the breach of the Tripartite conference which had agreed for certain conduct to be adopted during the emergency by the Government, labour and management.

The proposed amendment of the Clause 311 of the Constitution taking away the right of enquiry before reversion or removal of the employee was a severe onslaught on working conditions of employees and as such the conference had to oppose this move, he added.

RAILWAYMEN's CONFERENCE

Mysore, April. 22

Sri P.S. Subramanyan, Joint General Secretary of the Dakshin Railway Employees Union, yesterday told pressmen that the first conference of the Union will be held in Mysore on May 12 and 13.

He said that the conference was meeting at a crucial hour during the national emergency and as such assumed historial importance since it had to grapple with the problems of efficient railmen's support.

The Union Secretary said that the conference would also discuss the breach of the Tripartite conference which had agreed for certain conduct to be adopted during the emergency by the Government, labour and management.

The proposed amendment of the Clause 311 of the Constitution taking away the right of enquiry before reversion or removal of the employee was a severe onslaught on working conditions of employees and as such the conference had to oppose this move, he added.

NO CARD SYSTEM FOR SUGAR

ENOUGH SUGAR STOCK SAYS KRISHNAPPA

Mysore, April 23

Revenue Minister Krishnappa yesterday allayed all apprehensions of a possible introduction of the card system to sugar consumers in the State.

He told newsmen at Srirangapatna that there was no need to introduce rationing as there was no scarcity of sugar in the State. The Centre had increased the quota for State from 84,000 bags to 90,000 bags.

8 sugar factories in the State were producing 1 25 lakh tons of sugar against an estimated consumption of one lakh ton in the State.

He said that within a day or two, sugar would be flooded in all the places.

Merchants and co-operative societies would be allotted sugar for selling it to retailers, the Minister added.

Sri Lakshman Rao, Deputy Commissioner, Mandya stated that 22 lorry-load of sugar had been despatched to Bangalore on Monday.

English Official Language

PERSONAL OPINION, SAYS NEHRU

Prime Minister Nehru is reported to have stated that his repeated assurance that English would continue as the official language as long as the non-Hindi speaking people wanted it, was only his personal opinion.

This has dismayed the entire non-Hindi groups in the Parliament.

The leaders of the non-Hindi groups both within and outside the Congress, sullen over the "great betrayal", are now considering drastic steps-move amendments to the Bill and if that failed, organise agitation.

FREE NATIONALISED TEXT-BOOKS

Bangalore, Mar. 23

IMPORT POLICY LIBERALISED

The import policy for the current year 1963-64, announced yesterday by the Government of India, was slightly more liberal than that for the last six months. Established importers, who were allowed to import only 91 items in the last six months, would now be allowed to import 170 items.

The 25 per cent cut on import of books has now been removed.

Import of wines, beer and whisky, which were totally banned in the last half-year, were to be allowed.

Under the new policy, maintenance imports like those of raw materials and components, and items with special importance to the country or with an export promotion angle like tanning material and cinematograph films (exposed) had been liberalised.

ENGLISH WILL STAY

NEHRU'S ASSURANCE IN LOK SABHA

Prime Minister Nehru yesterday declared in the Lok Sabha that "we stand completely by the assurance I gave that no major change would be made in regard to the use of English without the approval of the non-Hindi-speaking people"

He said that the Official Languages Bill was a continuation of what had happened in the past and was intended to remove a constitutional restriction on the use of English after 1965.

Sri Nehru denied that he had succumbed to any pressure and said:" the assurance I gave represented not only my view point but also that of the Government".

He wondered how it could say anything about consulting non-Hindi people. Such a thing would be absurd and unconstitutional.

Sri Nehru said it was for the Government to see that the assurances were not violated. He could understand suggestions for consulting the States, etc., when the time came. But it was unconstitutional to seek assurances with regard to future legislation.

He added: "When the assurance was given, it was made with the large approval of this House. We stand by it completely. There is not an iota of difference in what we have said then. Apart, from what I have said or not said, there are circumstances in the country, which inevitably point to that direction".

He said the Bill's object was to remove a restriction placed by the Constitution on the use of English after 1965. "We are not considering a contest between English and Hindi. It will be wrong to look at it that way. The Bill is also to carry an assurance given to the House.

PAK WANTS ENTIRE KASHMIR

DEADLOCK IN KARACHI TALKS

The Indo-Pakistan talks at Karachi were reported to be facing a "tough deadlock" owing to Pakistani claim to almost the entire Kashmir State.

At yesterday's talks, Pakistan was understood to have continued to press her claims to the whole of the Kashmir valley and the Chenab waters basin embracing most of the Jammu Province.

Pakistan wanted the whole of the valley on the plea that it was a Muslim majority area and it tallied with her principle namely "the composition of population embodied in the Delhi working paper contained an agreed approach to a solution".

India dismissed both the claims as utterly untenable.

She was believed to have pointed out that any territorial adjustment on religious consideration was ruled out in terms of the same working paper.

Similarly Pakistan's claim to the Chenab waters basin was thrown down by India on the ground that the interests of Pakistan in the Chenab waters had already been protected under the Indus Waters Treaty and no territorial claim on that basis could be advanced.

MYSORE WELCOMES

Mysore has joined hands with Maharashtra in urging the Centre to revise its interim award on allocation of the Krishna and the Godavari waters and settle the issue of fair allocation once for all on acceptable principle.

There is considerable relief in the State at the reported statement of the Union Irrigation Minister to have a second look at the decision.

Brain-Wash Of POWs

Communist China has been making use of Indian prisoners for propaganda purposes to project the idea that while Peking is friendly towards India, the Government of India is unreasonable in not entering into direct talks with her.

Batches of prisoners have been taken on a tour of China to be paraded as "brothers".

ANTI-HINDI DEMONSTRATION

111 volunteers of the Tamil National Party were arrested yesterday at Madras while picketing the Hindi teaching centre of the Union Home Ministry.

Thousands of people had joined the demonstrations in raising anti-Hindi slogans.

The Tamil National Party had sponsored one-day demonstration in protest against the Official Languaages Bill.

RETIREMENT AGE

Union Home Minister Shastri told the Lok Sabha that the Centre did not want to issue any directive to State Governments to raise the age of retirement to 58. It was up to them to take any action they liked.

He said that orders to amend the All-India Service Rules for raising the retirement age would be issued in ten days.

CHOU's NO FOR COLOMBO PROPOSALS

The talks between the UAR Premier Alv Sabri and the Chinese Premier Chou has failed and not brought the Sino-Indian dispute any nearer to a solution.

This was evident when the Chinese Premier Chou stated that his Government could not accept the view that the Colombo conference proposals were a "verdict" and the six Afro-Asian nations which formulated them were "arbiters".

He said that "it is obvious that insistence on placing the Colombo conference nations in the position of turning the Colombo proposals into a verdict instead of paving way for Sino-Indian negotiations, will set up obstacles in the way of such negotiations. This is something to which the Chinese Government cannot agree".

Modified Languages Bill

Union Home Minister Shastri yesterday in the Lok Sabha announced the Government's decision to propose some official amendments to the official Languages Bill.

The amendments provide that the reviewing committee would be appointed 12 years after 1965 and will be constituted by a resolution of Parliament instead of by the President. The committee will consist of 30 members from the two Houses and its report will be sent to the States to elicit their views.

The Home Minister, however, did not concede the demand that the word "shall" should be used instead of "may" in respect of continuing the use of English along with Hindi after 1965.

Sri Shastri reaffirmed that the three assurances given by the Prime Minister--for the continuance of English, fixing no time-limit for such continuance and consulting non-Hindi-speaking States before the final change-over--had all been incorporated in the Bill.

Referring to the fears expressed by members from the South on imposition of Hindi, he declared that no democratic Government worth its name could dare go against the general wishes of the people in so far as language was concerned.

NO DIVERSION OF FUNDS

Bangalore, April. 26

The allegation made in Lok Sabha that Mysore Government had been diverting funds allotted to minor irrigation for the construction of a zoo was described as 'baseless and not true' by an official spokesman here yesterday.

He said that the construction of a new zoo or improving the existing one at Mysore city was a State subject and that there was a budget allocation for the purpose.

720 DETENUS

The Rajya Sabha was told by Home Minister Shastri that 720 persons were at present in detention in different States under the Defence of India Rules.

He said that 1,051 persons were detained and the number of persons released up to April 15 was 331.

INDO-PAK TALKS ON KASHMIR

The fifth round of talks between India and Pakistan on Kashmir concluded yesterday at Karachi.

The sixth round of the Indo-Pakistan talks will open in Delhi on May 15 and it will be the last of series.

Mr. Bhutto, leader of the Pakistani delegation denied the reports of an ultimatum having been given by Pakistan to India to settle the Kashmir dispute by May 31. He said "although the differences are wide and they still remain wide, there is no question of Pakistan giving an ultimatum".

Asked about the prospects of an early Nehru-Ayub summit meeting to discuss Kashmir, Mr. Bhutto said the differences were still wide.
